Open Access for Research and Education
Organised by
Department of Library
Guru Nanak College
(Autonomous)
(Re-accredited by NAAC at "A" Grade)
In association with
Society for the Advancement of Library and Information Science (SALIS)
&Society for Open Access Promotion (SOAP)

Date: 24th March, 2016 (Thursday)
Time: 9.30 a.m. to 5.00 p.m.
Venue: Guru Ramdas A/c Seminar Hall,
Guru Nanak College, Chennai
Guru Nanak College was established in the year 1971 as a Unit of Guru Nanak Educational Society to mark the 500th birthday of Great Shri Guru Nanak Dev Ji, founder of the Sikh Religion. The objective of the college is to spread the ideals of universal brotherhood, oneness of God, communal harmony and welfare to all communities. The college provides a quiet and ideal setting amidst natural surroundings. It is located at Velachery within a verdant 25 acre campus gifted by the Government of Tamil Nadu for the development of an Arts & Science College.

In 2013 the college was re-accredited at “A” Grade by NAAC and UGC conferred “Autonomous” status in the year 2015. College offers 20 Under Graduate, 7 Post Graduate, M.Phil., 9 Ph.D programmes and 3 add-on courses.

The institution admits students as per government norms. 30% of the total strength in each course is reserved for women students. Admission is open to trans-genders also. On an average more than 20 students secure University Ranks every year. The College is now ranked among the top ten colleges in Chennai.

All library functions are computerized with barcode technology. Library facilitates the users with open access to its collections. Web enabled library catalogue and user friendly environment. The average number of users utilizing the library per day is 450 and number of transactions per day is 350. Best library users are honored by giving away prizes and certificates every month. Library conducts book exhibitions, seminars and workshops. Library has also institutional membership with other reputed Libraries.

India is a home to many OA journals that charge no author-side fees. The reputed educational and research institutions like CSIR, IISc and popular institutes like Indian Academy of Sciences and Indian National Science Academy etc are actively involved in promotion of Open Access. The Knowledge Commission of India also strongly advocates for Open Access. But, still we need policy at national level to implement Open Access across the country effectively.

About the OACI 2016

(Open Access Campaign in India)

The OACI 2016 is the Second National Level Seminar of Society for Open Access Promotion. The objective of this programme is to provide a platform to the academics and researchers to share their ideas and views on Open Access. The Programme will be focusing on the listed key areas:

- Scope of Open Access
- Think, Choose & Publish aspects
- Peer Reviewed Open Access Journals
- Metrics analysis(Impact Factor, H-Index, G-Index etc)
- Citation Databases

About Open Access

Open Access (OA) means unrestricted online access to peer-reviewed scholarly research. Open Access is primarily intended for scholarly journal articles, but is also provided for a growing number of theses, book chapters, and scholarly monographs.

OA is gathering momentum around the globe. There are more than 10,000 peer-reviewed OA journals and over 1000 interoperable OA repositories are available in the web for use. The developing countries, where financial resources available for research are limited, the OA is a blessing. The governments need to formulate guidelines to insist the research of public funded to be made available in Open Access.
