Ethics

Message from General Secretary & Correspondent

Dear Student,

Congratulations on your admission as a student of to continue your academic career through the portals of Guru Nanak College.

You are about to begin one of the most exciting stages in your life and every faculty member is committed to making it an enriching experience for you.

Guru Nanak College, with its depth of culture, tradition and its commitment to value based quality education ensures that at the end of your period of study with us you are well prepared for your chosen career.

Our vision is to create a vibrant academic atmosphere with a robust curriculum which focuses on teaching, learning, research and outreach programs and to provide comprehensive education to gain competence and commitment to face challenges catering to the ever-changing global needs.

The Management of the College believes in providing world class infrastructure and good learning environment. All this is in place. We also believe in overall development of the students and hence we have the best sports facilities too. Besides an excellent Cricket ground, playgrounds are available for all other sports too. This year, on the occasion of the Golden Jubilee of the College we are dedicating the Guru Nanak Sports Academy, which will have a Rifle shooting range and Squash Courts and courts for other major indoor games too for the benefit of the students.

You are about to begin one of the most important phases in your life. You may have heard that Guru Nanak College is a special place, and I am sure you will realize it truly is so!

Wishing you all the very best for a great academic journey at GNC

Manjit Singh Nayar

General Secretary & Correspondent

Message from Principal

Dear Student of Guru Nanak College,

Hearty Welcome and best wishes for choosing Guru Nanak College (Autonomous) to pursue your Academic career. It is an institution named after a great saint of modern times, Shri Guru Nanak Devji.

The Guru Nanak College has stepped into the Golden Jubilee with a sense of achievement and also a commitment to escalate the service to the student community with renewed vigor and dedication. Armed with a band of highly qualified and dynamic teaching and non-teaching staff, guided by an encouraging Management we are poised to scale greater heights. We have, 28 UG, 9 PG and 10 Ph.D. programmes, 27 skill/value added certificate courses, catering to a stunning strength of 6823 students on campus across two shifts. A few more courses which are in great demand and are industry-oriented certificate courses, are in the pipeline for the ensuing academic year. The College is Autonomous and hence the academic flexibility has been fully utilized to ensure excellent course content, embracing value education, inter-disciplinary electives, using the tools of experiential learning, blended learning and mentoring. The Placement Cell has a good record of imparting pre-placement training and providing placement opportunities across sectors. The present outgoing batch has witnessed more than 600 placements through campus recruitment in the academic year 2020-21, and much more off-campus. A big number of the outgoing graduates come back for post-graduate studies as well. The top companies where the students have been placed include Infosys, Wipro, TCS, HCL, EY, Byjus, Accenture, ICICI, Kotak, Spi global, Deloitte, Kaar and so on. The extension activities offered to the students are varied and contribute to their overall development.

On the lush green 25 acres of campus, we provide State-of-the-art facilities to all the scholars thereby creating an International Standard of Learner-friendly and Teacher-friendly environment, to create Industry-ready graduates, chiseled with values, ethics, soft skills, communication skills, interpersonal skills, life and managerial skills, computing skills and job skills.

I wish to place on record as per the Education World Survey of 2021 the College is presently ranked 35th at the National level, 15th in the State and among Top 10 colleges in Chennai.

It is well-connected by roads and rail routes, avenues for part-time job and has the serenity required for pursuing all-round education. The college provides a springboard for the students to catapult into the society with confidence and knowledge to become great citizens of our Motherland India.

Best wishes

Dr. M.G. Ragunathan
Principal

- Affiliated to the University of Madras

Highlights of the New Courses Introduced in 2021-22

B.Sc. Data Analytics

Course Duration: 3 Years

WHY SHOULD THE STUDENTS SELECT THE DATA ANALYTICS COURSE?

In the digital age huge volumes of data is generated by the point-of-sale devices, Internet of things devices, mobile terminals, social media platforms such as Facebook, Twitter, Ecommerce web sites such as Amazon, eBay. The challenges are about collecting the correct data and find the insight of the data. In the business environment any dynamic organization in healthcare, logistics, retail, banking, and financial services needs to extract the data and find the meaning full information from it to gain competitive advantage.

The course is designed for the young students who have passed out from schools to acquire the basics skills and knowledge for success in the data analytics industry. This rigorous program will enable the graduates to gain the strong foundation in the areas of Data Analytics, Machine Learning and Artificial Intelligence. This course will enrich one's knowledge of how to apply statistical analysis techniques to solve real world business problems. Also, to understand the techniques of Machine Learning that is gaining the importance in the application towards various Analytics in the business environment. The overall objective is to equip the students with state of art technique so that they become experts in the field of data analytics.

Stream: Shift II (Self-financing)

Timings: 8.30 am to 1.30 pm

B.Sc. Data Analytics

ADVANTAGES OF DOING THE DATA ANALYTICS

COURSE AT GURU NANAK COLLEGE

- Memorandum of Agreement (MOU) signed with Statistical Analysis System (SAS) and Europe India Foundation of Excellence (EIFE).
- SAS Integrated curriculum with Hands on Training in SAS Environment.
- Experienced Faculties from corporates.
- High demand for analytics professionals
- Academia and Corporate skill gap will be bridged.
- High Salaries for the Analytic professionals.
- Data Analytics is a top priority in lot of organizations.
- Flexibility of working in any sector.
- Structured learning approach
- Industry-recognized credentials (International certifications in Data Analytics)
- A blended approach using SAS and open-source technologies.
- Around-the-clock access to SAS software and course materials during the program
- SAS consults and updates the syllabus for the college by giving latest industry trends, thus improving the quality of placements both in India and abroad.
- SAS Institute will mentor students to complete global certification program.

Hands on Training will be provided by SAS in the areas such as Programming for Analytics, Big Data Management, Applied Statistics and Time Series Modelling, Applied Data Mining and Machine Learning, Optimization and Text Analytics.

HIGHLIGHTS OF THE PROGRAMME

- The Professional Accounting programme is designed for budding graduates to become real time professionals such as CAs, CMAs, CS, CPAs, CIMAs, etc. and for those seeking an exciting and meaningful business career.
- The programme is career oriented with a focus on professional self – employment.
- The curriculum is framed in such a way to facilitate the students to acquire the skills and to reach their dreams of becoming finance professionals.
- B.Com (PA) has 29 core papers with total of 170 credits.
- In order to pave way for industry-integrated learning, Internship is made mandatory for 14 weeks
- Teaching in B. Com PA will be in the ratio of 80:20 i.e., 80% In-house faculty members and 20% Industrial experts / Professionals coordinated by the teachers.
- On-the job training – Modular mode is compulsory wherein the training is provided by the trainers from Corporate/ industry at the campus.
- The programme provides necessary training to make the students fit for the current corporate need.

Objectives

- Socially responsible citizens
- Globally competent
- Gain real time experience in all time learning
- Handhold students to become Professionals on pursuing their UG degree

HIGHLIGHTS OF THE PROGRAMME

- The relevance of computers in business is mounting each and every day. B.Com. with Computer Applications introduced this year at GNC is an appropriate blend of commerce and computer applications. .
- It helps students to acquire knowledge in the field of Computer Applications in business besides in-depth knowledge of the vast Commerce domain.
- The curriculum has been designed to incorporate the ever-changing demands of information technology along with modern day demands from the Industry.
- This course will transfer knowledge to students about all the technicalities involved with respect to the computer applications and how to use them in business after graduation. Thus making them job-ready and also self-employed professionals.
- After the completion of the course, one can join any of the following programmes namely: MBA, MCA, M. Com, M. Com, (CA), ACS, CA, MIB, MSW.

Objectives

- To provide basic understanding about Commerce and Computer Applications.
- The specialization subjects are Accounting, Banking, Insurance, Computer Language, Software and Software application in Commerce.
- To provide a sound intellectual base from which an advanced career in Computer Application can be achieved
- To make the student familiar with the mechanism of conducting business dealings through electronic media.

HIGHLIGHTS OF THE PROGRAMME

- The course of B. A. Sociology being offered at Guru Nanak College is made with the aim of providing the students with a comprehensive understanding of the discipline of Sociology.
- The course becomes more across-the-board regarding the socio-political application of Sociological understanding.
- The course will be a suitable foundation for students who want to prepare for various competitive examinations conducted by the Union Public Service Commission (UPSC) and State Services like the Tamil Nadu Public Services Commission (TNPSC) Exam. The students can further pursue Masters in the subject (M. A. Sociology) which in turn can be extended into the field of academic research (Ph. D).
- The syllabus for the course and the papers taught under it have been structured with this specific purpose in mind. Some of the papers being offered under B. A. Sociology in Guru Nanak College are – Sociological Theory, Indian Sociology, Sociology of Family & Gender, Social Disorganization & Emerging Problems, Sociology of Development, Sociology of Law, Political Sociology of Peasantry, Sociology of Marginalized Communities etc.
- It trains students to grasp social structures, understand social processes, map the dynamics of social change, decipher social interactions, and make sense of individual and collective experiences in their social, economic, historical, and cultural context
