- **Single evaluation system** is followed for both UG and PG. The evaluators are selected based on their experience, expertise and their willingness to do the evaluation. They are called on rotation for the central evaluation camp held at the OCOE. The data base maintained is dynamic by including new examiner's profile every semester through direct application and referrals.

- Soon after evaluation the marks are entered in the computer in the presence of the examiner. This ensures the data entry quality, which is authorized by the signature of the examiner in the printed mark entry sheet (Foil Sheet). This helps in reducing errors and strengthening the process of mark entry.

- System of second mark entry is there to find out any discrepancy

- **Result Passing Board** - The marks entered are tabulated department wise and an analysis report is generated for result passing board.

  o The result passing board consists of the head of the department as chairperson and an external member from the crew who evaluated the answer scripts. Sometimes an internal member is also called for the result passing board meeting.

  o Once the meeting is convened the members of the board analyze and pass on their consensus of any moderation recommended to the deputed member of the OCOE. A passing board report is generated with the details of benefit and signed by all the members. A moderation of 5 marks is accepted for all the programs.

o   As per the process, the result passing board was conducted on 9th & 10th January (2 days) all the programs in the odd semester and between 22nd May to 24th May 2017 (3 days) for the even semester examination.

- **Publication of Results** - The results are published through college website. Announcement about the result publication is also done through the electronic notice board for the information of the students. The results for the odd semester was published on 19th January 2017 within 18 days after the last date of the ESE. The result for the even semester was declared within 21 days on 26th May 2017. - A major initiative of the COE office in this academic year is the setting of Question Papers. The College adopted an online mode for Question paper setting. It is completely paperless and done in cloud. A unique login id and password is given to the examiners. After the subject allocation to the examiners, a mail will be sent across to them. The examiners will be able to view the syllabus, QP template and upload their questions in the template. The answer key is also uploaded upon request by the COE office in the stipulated time frame. The examiners will not be able to upload after the time limit.

- Online payment to examiners came into place. This enhancement not only brought in transparency but also precision to the process. The entire claim calculation was brought into the software which reduced the man hours
