---------------	-------------------------------

is approved.

- The detailed contents of all the **Part I** and **Part IV** papers being offered were scrutinized and approved by the committee.
- Details of papers requiring modification: - if any

The Committee suggested some changes in the syllabus so that the contemporary trends in Tamil shall be given more focus. The changes suggested were resolved and accepted.

The committee suggested few changes in the unit wise mark allotment in the Blue Print so that the mark allotment for each unit shall be in proportion with the quantity of the Syllabus in each Unit. The Changes were resolved and accepted .

The Committee appreciated and commended that the syllabus has covered all the fields of Tamil Literature from the Classical era to Modern. The two thousand years of Tamil literature from Contemporary times to the sangam age has been fairly distributed among the syllabus for Four semesters. The Syllabus has been prepared in such a way to suit the ability of students who after going through all the four semesters learn , explore and appreciate the Length and breadth of Tamil Literature.

Minutes of the meeting

- The board of studies meeting commenced at sharp 11.00am at the Board Room.
- The chairman formally introduced the Subject experts. All the subject experts unanimously expressed their pleasure over coming here on invitation. They all appreciated the ambience and hospitality extended.
- The rules and regulations for autonomy framed under the Choice Based Credit System with grading pattern are approved for uniform implementation throughout the college.
- Resolved that the first batch of students (2015-18) admitted under the autonomous regulation of the Guru Nanak College, adopt the syllabus framed and approved by the University of Madras for all the six semesters.
- Students admitted from the Academic year 2016-17 onwards shall follow the approved autonomous syllabus.
- The course structure consisting of Part I and II foundation courses, Part III core, Allied and Elective papers, Part IV Non-major Elective/Basic Tamil/Advanced Tamil, skill based elective, Environmental Studies, Value education and Part V extension service with a total of 140 credits is approved.
- The detailed contents of all the UG Physics papers being offered were scrutinized and approved by the committee.
- Mr. R. Chandrakumar the corporate representative explained the need for learning micro controllers using nice presentation
- Each paper was discussed in detail and finally arrived at the following conclusions.
 1. Suggestions were given to include many latest books, journals and websites as reference material.
 2. It was suggested to include "Introduction of micro controller - 8051 "(pin configuration and salient features)
 3. It was decided to delete "Orthogonality properties of Legendre, Hermite and Bessel functions" from unit I of Mathematical Methods in Physics
 4. Apart from additions and deletions, they unanimously advised to have four papers in the final semester for better pass percentage. To ensure four papers in the final semester, two papers namely Solid State Physics and Basic Electronics were merged into a single paper and to be named as "Solid State Physics and Electronics".

Since the unit III "Chemical Bonds and Crystallography" was touched upon in Allied chemistry and the unit V "Magnetic Properties" covered in Electricity and Magnetism were deleted from Solid State Physics paper.

Similarly the II, III and IV unit of Basic electronics were deleted.

5. It was also decided to rearrange the papers for continuity.
 - a) Decided to have Electricity and Magnetism in the IV semester
 - b) Decided to have Electromagnetism and Atomic Physics during the V semester.
 6. The committee members strongly felt that the proposed 50/50 (for internal /external) mark system may not be a healthy practice especially for arts and science colleges. However the passing minimum in internals seems to be a solution for quality.
 7. Members insisted to conduct internship programmes for the pre-final year students during their vacation which could develop their employability skill.
 8. Corrections carried out
 - a) All the reference books suggested were included
 - b) In Elective Paper 3 Microprocessor Fundamentals Unit V was upgraded with "Introduction of micro controller - 8051 (pin configuration and salient features)"
 - c) In Paper 10 Mathematical Methods in Physics the topics "Orthogonality properties of Legendre, Hermite and Bessel functions" were deleted.
- The above changes were carried out in the syllabus and approved by the members of Board of studies.

- Details of papers requiring modification are mentioned below:

Resolved to include / delete/ modify the content of the syllabus as follows:

1. The students should be given the choice of choosing the elective subject in V and VI semester from the list of offered electives.
 - a. Nano chemistry and Technology
 - b. Industrial Chemistry
 - c. Pharmaceutical chemistry

- d. Applied Electrochemistry
 - e. Leather Chemistry
 - f. Polymer Chemistry.
2. Industrial / Research centres visit should be made compulsory.
 3. Core Theory paper – IX – Special topic in chemistry is shifted from VI semester to V semester as Core Theory paper – VII.
 4. Core Theory paper – VII – Thermodynamics and solution is shifted from V semester to VI semester as Core Theory paper- IX.
 5. The Unit I (Stereochemistry I), Unit II (Stereochemistry II) in Core Theory paper- I – Basic chemistry I is shifted to Special topics in chemistry in V semester.
 6. The Unit I (Nuclear chemistry), Unit II (Solid state chemistry) in Core Theory paper IX- Special topics in chemistry is shifted to II semester.
 7. In Elective paper, Pharmaceutical Chemistry, a new topic “Pharma Industries: Functioning and Documentations” is incorporated.

- The Syllabus offered by the University of Madras under Part I for Language Telugu papers I to IV has been adopted without modification to be offered under autonomy.

- The detailed contents of all the UG zoology papers being offered were scrutinized and approved by the committee. The following resolutions were passed:
 1. Resolved that in Paper II (**Diversity and Functional Anatomy of Chordates**) Palate in birds in unit IV and Types of fins in unit V be included.
 2. Resolved that in Paper V (**Genetics and Evolution**)- Adaptive radiation in mammals be included in Unit –IV. Different types of sex mechanism, fossils and fossilization; Evolution of horse be deleted from Unit V.
 3. Resolved that in Paper VI (**Practical II Cell Biology and Genetics**) Meiosis in Grasshopper testis squash be made as demonstration.
 4. Resolved that in Paper IX (**Animal Physiology, Biochemistry and Immunology**) Gluconeogenesis be included in Unit III.
 5. Resolved that in Paper X (**Biostatistics and Computer Application in Life Sciences**) Simple correlation, ROM, RAM; Networking of Computers be included in Unit II, IV and V respectively.
 6. Resolved that in Paper X (**Biostatistics and Computer Application in Life Sciences**) Regression Analysis, Markov Models, Cluster Analysis, Nearest Neighbour search – Search using Stem numbers – Search using text signature from Unit – II and Secondary storage devices – magnetic tape and R/W, Magnetic disks, Fixed and Removable, Data Representation and R/W, Floppy and hard disks, Optical Disks, CD-ROM, Mass storage devices from Unit IV be deleted.
 7. Resolved that in Paper XI (**Taxonomy, Ecology and Paleontology**) Nitrogenous and Phosphorous Cycle be included instead of Gaseous and sedimentary types of Biogeochemical cycles in Unit III.
 8. Resolved that in Paper XI (**Taxonomy, Ecology and Paleontology**) Freshwater habitat – lentic and lotic; Marine habitat – Zonation; National and International Environmental Organization, Red Data Book, Wildlife management, in Unit IV and Fossilization in Unit V be included.
 9. Resolved that in Paper XIII (**Microbiology and Industrial Biotechnology**) Monoauxic, Diauxic and Synchronous growth; Pasteurization process, Physical and chemical agents to kill microbes; Production of Vaccines, Production of Monoclonal antibodies from Unit III and V be deleted.
 10. Resolved that in Paper XIV (**Practical III Animal Physiology, Biochemistry, Developmental Biology and Immunology**) ABO, Rh typing be included under Immunology.
 11. Resolved that in Paper I (**Allied Zoology**) *Entamoeba histolytica*, *Paramecium* and *Fasciola hepatica* be deleted from Unit I.
 12. Resolved that in **Allied Zoology Practical**, *Entamoeba*, *Paramecium*, *Paramecium* – conjugation, *Fasciola hepatica* (Entire and Transverse section) be deleted under spotters.
