Report Description

The Department of MBA organized a Webinar on the topic 'Basics of Cryptocurrency' on 30th June 2021. 224 students and faculty members of Guru Nanak College and other colleges participated in the programme.

Report

The resource person was Mr.Pareen Lathia, Assistant Vice President, Marketing, WazirX. He explained the basic concept of Cryptocurrency, its growth and various forms of cryptocurrency. He described the value and usage of the digital currency in various countries. Mr. Pareen also adviced the listeners to learn the concept completely before investing in cryptocurrencies and to invest in small amounts as the security in such investments though are legal but are highly risky and not regulated in India. It was a highly interactive session where the resource person answered series of questions of the audience patiently.

Event Title	HOW TO DO A GOOD DISSERTATION?	
Category	Research Workshop	
Date	From: 31.07.2021	To: 31.07.2021
No. of Resource Person	1	
No. of Participants	62	

REPORT DESCRIPTION:

The PG department of Social work conducted a webinar on "How to do a Good Dissertation?" There were many participants registered for the webinar from Guru Nanak College and also from various Colleges.

REPORT:

The webinar was started at 11.00 a.m. Dr.K.Shanthi, Assistant Professor and The Head of PG Department of Social Work, Guru Nanak College gave the inaugural address. P. Saranya II M.S.W trainee, gave the welcome address. Followed by the welcome address, P.Subhiksha II M.S.W trainee introduced the speaker Dr. A. Arul Paul to the participants. Dr. A.Arul Paul, Social Welfare Officer, Dr.M.G.R Medical University. He pursued his degree in Loyola College. He also his MBA (HRM) in Pondicherry Loyola twinning (Central University). He did his Ph.D on people living with HIV / AIDS. He also published 12 papers on various journals and books.

SESSION:

Dr. A.Arul Paul gave a warm welcome to all the participants. The speaker presented about the most important topic on "How to do a Good Dissertation?" on research process.

The speaker stressed important points like;

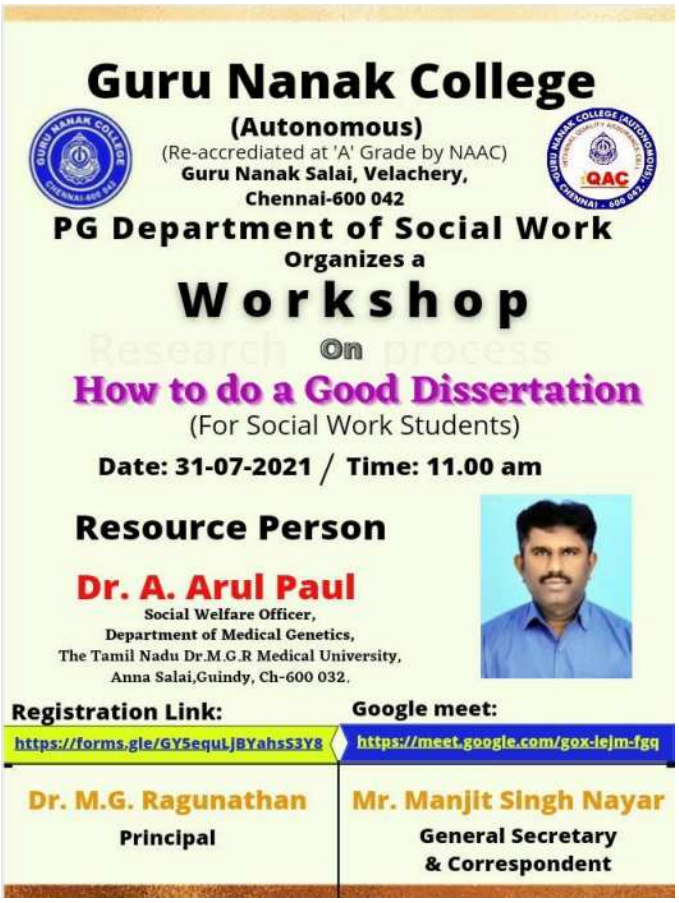

- Research and its features.
- Types of Research.
- Uses of Research.
- Process of Social Work Research
- Intervention Programme.

The speaker put forward a questions to the participants. The speaker also mentioned all about the survey process and its types.

The speaker concluded the speech by the topic of participatory and evaluation research. The resource person also gave the participants an activity based on the research that will help them to learn and understand the concept in a better way.

The webinar has been ended with a vote of thanks by P. Subhiksha, II M.S.W trainee, PG Department of Social Work at 01.30 PM.

Date	From: 01-09-2021	To: 03-09-2021
No. of Resource Person	6	
No. of Participants	71	

REPORT:

The PG department of Social work conducted a three days Online training programme on "Disaster Psyco-Social Care" from 01-09-2021 to 03-09-2021. There were participants registered from Department of Social Work, Guru Nanak College, The Speakers:

- Mr. Arun Verma, Young Professional NIDM
- Shri Vikram Gurjar , Dy . Commdt . NDRF
- Shri Ashish Panda, Dy.Sec. level Officer, Gol
- Dr. Sushma Guleria , Asst. Prof. NIDM
- Mr. Shekher Chaturvedi, Asst. Prof., NIDM
- Dr. N. Malathi, Dean, Guru Nanak college

INAUGURATION

The session has been started at 2.00 PM and the introduction was given by Mrs. Jasmine Bernard, Assistant professor, Department of Social Work, Guru Nanak College. Mr. Arun Verma, Young professional from National Institute of Disaster Management (NIDM) has given a warm welcome to everyone. Mr. Shekher Chaturvedi, Asst. prof., NIDM has explained about the agenda of the program. The felicitation address was given by Dr. N.C. Rajashree, Vice Principal shift II, GNC. The keynote address was by Maj. Gen. Manoj Kumar Bindal, Executive Director, NIDM.

DAY I

Shri Arun Verma has shared about the Do's and Don'ts during the period of COVID 19. He clearly mentioned the Pandemic stats according to our government. As India is a country that is densely populated, he emphasized that it is very important to enhance immunity to overcome this pandemic.

He explained the basic safety measures that has to be followed during the pandemic situation and how to distress oneself from this situation. He insisted the self-care guidelines that has been formed by our Ministry of AYUSH. He also added about how the level of pollution had decreased due to the lockdown.

Shri Shekher Chaturvedi has shared a clear description on Disaster Psycho-social Care in India. As per the stats, the Psycho social care is very LOW in India as compared to other countries. In India, there are lack of awareness and infrastructure support for basic Psycho-social Care.

He gave an example of floods in Chennai that also accompanied with a sudden downpour made people to seek psycho- social care.

He mentioned that current pandemic is a perfect example for how the psycho - social care issues arise in India. He has spoken briefly about the Post Disaster Psycho-Social Care that has been included in the National Health Policy. National Disaster Management Authority (NDMA) has issued Psycho-social support and Mental Health Services (PSSMHS) on December 2009.

He finally mentioned the most important thing that has to be followed in Psycho-social care is To ADAPT and To ADOPT.

Mr. Shekher Chaturvedi has dealt with the topic on Understanding Disaster Psycho-social Needs of survivors. He started the session with an example of a woman who lost her whole family on Chennai Tsunami on December, 2004. He explained when do needs arise and why is the need arises? He also focused on who needs Psycho-social care and what are all the needs for them to overcome the psychological problems they gone through the disaster. He taught the whole topic in few simple questions and answers.

Resource Person Shri Arun Verma deliver his speech about the Do's and Don'ts during the period of COVID 19

DAY 2

Shri.Vikram Gurjar has shared about the Psycho-Social Care Issues and Challenges. He also said how it helps to reduce the level of stress. He shared how people gets into depression due to disasters and also shared how people gets affected by it by just looking at those events in the television or the print media. He stressed that everyone needs support. He showed the intervention pyramid for mental health and psychosocial support in emergencies.

He explained that the disaster results in two types Individual and collective trauma. He said that the mental health and psychological interventions should be based on demography, Ethnic, culture and language. He explained about disadvantaged groups, documentation and shared about the ethics and confidentiality for the psychosocial care givers.

He added that support systems are very crucial for the sake of recovery. Interventions should be preferred in special cases rather than any pre-designed intervention. He mentioned that many elders are often neglected and their psychological needs are overlooked in a disaster. He ended the session with a saying – Plan now, work together, Be ready!!!

Resource Person Shri.Vikram Gurjar deliver his speech about Psycho-Social Care Issues and Challenges

DAY 3

Dr. Sushma Guleria has talked about the cross-cutting concerns from a disaster management perspective. She began the session by saying that the people who became the victims of any disaster will be affected in many ways. It includes the most vulnerable groups includes but not limited to women, children, old - aged, differently - abled, etc. Then she explained the topic - Is Sucide preventable? She added that development of symptoms related to Post Traumatic Stress Disorder (PTSD) have higher chances to bring up the sucidal behavior.

She shared the cross-population study according to India. She mentioned the early and later effects of disaster in children and adolescents in three stages. She also specified some of the symptoms of Post-Traumatic Stress Disaster that includes nightmares, insomnia, memory loss, etc. She briefly talked about the well-being and health dimensions and also added about how one can identify stress on oneself and others. She discussed the basic techniques of providing the Psycho Social care.

Shri. Shekher Chaturvedi, the session was under the topic "Disaster Psycho-social care: Ethics and Essentials". He shared the General Principles of psychologists, Ethics and also spoke about resolving the Ethical issues and its essentials. He shared few key questions which the counsellors can ask to the survivors for their interaction.

He also added few key questions that counsellors ask the survivors their interaction. Some of the questions are; Are there people in your village/community who have not returned to their pre - disaster status? Are there people who are going to doctors very frequently with one or other complaint? Are there people who are demanding more and more relief material or compensation beyond what is normal? Are there people who are not utilizing relief, reconstruction support and rejecting the volunteers or the organization?

Shri. Shekher Chaturvedi, the session was under the topic "Role of youth in addressing psycho-social issues in pandemic''. He spoke about the need of involvement of youth in Disaster management and also spoke about the role of youth in care giving during Covid times.

He added that cooperation and coordination can be easily bought by the youth. Youth are the ones who have bundle of new ideas within them and it increase their awareness and general attitude for the help. The tech knowledge can also be utilized from the youth. He also mentioned the role of youth in several aspects in our society.

VALEDICTORY FUNCTION

The valedictory function has been started with the valedictory address by Dr. Malathi N, Dean, School of Humanities. She addressed everyone in a wonderful manner. Then the report of the session has been given by Prof. E. Horst Kharis, GNC, Chennai. He gave a detailed report of all the session for the three days.

Dr. K Shanthi, Head, Dept. of Social Work has thanked all the organizers, panel members, student organizers and all the participants for their support and active participation. The event receives excellent feedback from the participants as it imparts a lot of knowledge on the participants.

Profile of the Speaker

Speaker-1

Mr. ARUN VERMA
Young Professional at National Institute of Disaster Management
National Institute of Disaster Management
University of Delhi, New Delhi
Delhi, India

Mr. Arun Verma completed his Masters in Disaster Management, University of Delhi with a specialisation in Disaster Management and Geography. He is Young Professional at National Institute of Disaster Management, University of Delhi, New Delhi.

Speaker-2

Shri Vikram Gurjar
Dy. Commandant NDRF.

Shri Vikram Gurjar, Deputy commandant, Border Security Force (BSF) presently on deputation with National Disaster Response Force(NDRF). He organised Training programmes, training workshops, and training of trainers for officials at the national, state and district levels to prepare them to tackle natural disasters. He also contributed towards Research: Issues, concerns and lacunae in management of disasters, Lessons learnt from past disasters and best practices in Disaster Management. He is also experienced in Documentation: Disaster events, Impact of disasters, Situational analysis of relief and response measures, creation of database through primary surveys and secondary sources, preparation of brochures, pamphlets, posters, films etc.

Speaker-3

Shri Ashish Panda, Dy.Sec. level Officer, Government of India.

Shri Ashish Panda is qualified with B.Sc., MA(Hindi), Diploma in English, MBA (Disaster Management). He is an Under Secretary to the Government of India, National Medical Commission, Delhi. He was a Consultant and Faculty Member at National Institute of Disaster Management, Ministry of Home Affairs, New Delhi between September 2019 - July 2021.

Speaker-4

Dr. Sushma Guleria , Asst. Prof. NIDM

A Ph.D in Disaster Management and B.Ed, she has been associated with this institute since 2006. Earlier, she worked on World Bank project on School Environmental Education in India with the Ministry of Environment and forests, Government of India. She is also the recipient of the World Bank's Young Researcher's Grant Award for Disaster Risk Reduction for the year 2005-06. Currently looks after the Centre for Climate Resilience and Environment and Centre for Water and Land DRR.

Speaker-5

Mr. Shekher Chaturvedi, Asst. Prof., NIDM

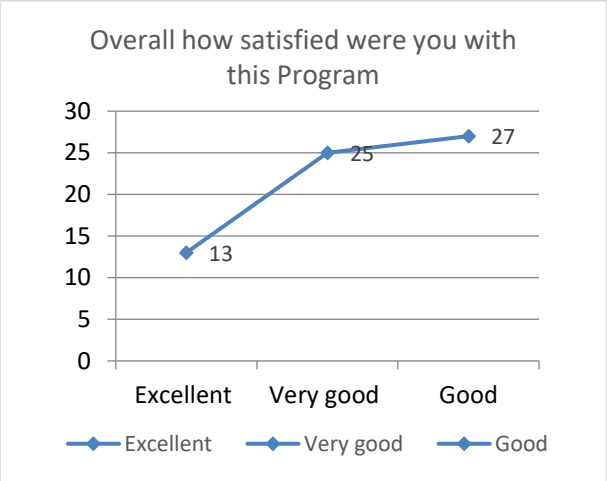

A post graduate with diploma in Computer Applications, he has been associated with this Institute for more than 20 years. His major areas of intervention are Disaster Management Plans, Community Based Disaster Preparedness, Incident Response System (Basic & Intermediate) and Accident Related Disasters, particularly Railway Accidents.

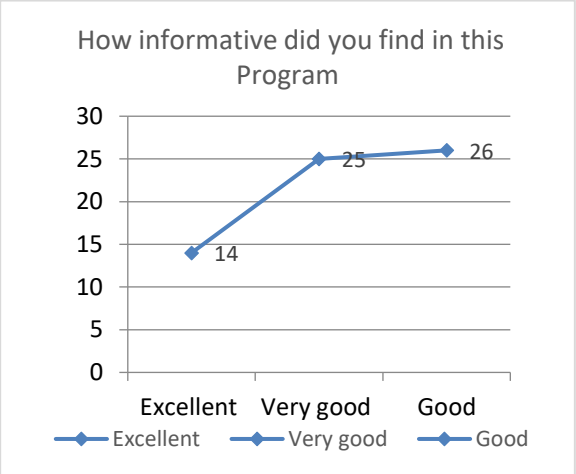

Speaker-6

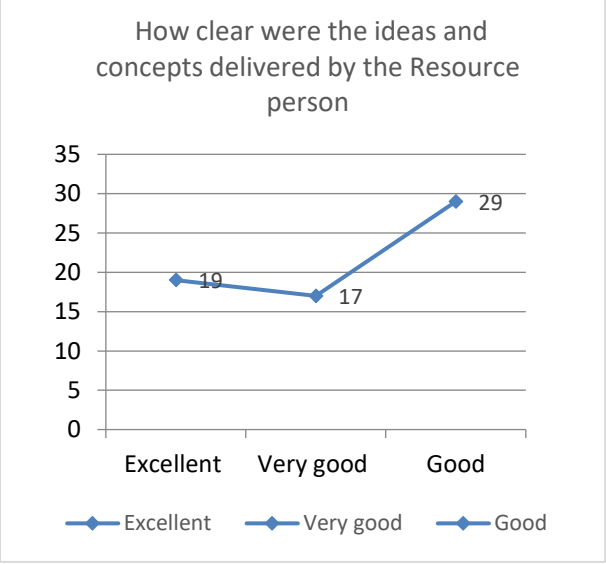

Dr. N. Malathi, Dean, Guru Nanak college, Chennai.

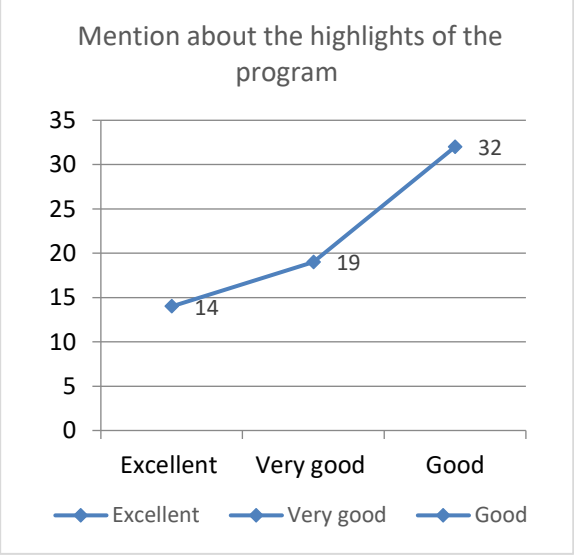

Dr. Malathi N. Dean School of Humanities Guru Nanak College (Autonomous), Guru Nanak Salai, Velachery. She is having 11 years of Academic experience. Her specialization is Macro Economics.

Event Title	NATIONAL WEBINAR ON "FUTURE ROLE OF RE-CIRCULATORY AQUACULTURE SYSTEM IN THE DEVELOPMENT OF INDIAN BLUE ECONOMY"	
Category	UG/PG Students, School Students, Research Scholars Faculty, Academicians and Industrialists	
Date	From :08.07.2021	To :08.07.2021
No. of Resource Person	1	
No. of Participants	250	

REPORT DESCRIPTION

The PG & Research Department of Advanced Zoology and Biotechnology of Guru Nanak College (Autonomous), Guru Nanak Salai, Velachery, Chennai – 42, organized a one- day National Webinar on "Future Role of Recirculatory Aquaculture System in the Development of Indian Blue Economy" on 08.07.2021.

REPORT

Dr. J. Sivakumar and Dr. S. Venu, Assistant Professors, PG & Research Department of Advanced Zoology and Biotechnology organized a National Webinar on "Future Role of Recirculatory Aquaculture System in the Development of Indian Blue Economy" on 08.07.2021 at 03.00 pm through YouTube. Dr. J. Jayanthi, Associate Professor & Head, PG & Research Department of Advanced Zoology and Biotechnology, was the convener of this one-day National Webinar. **Dr. PARAMVEER SINGH**, CEO and Managing Director, Aquanet Biosciences Pvt Ltd, Aquaculture Consultant, Sandhu Aquaculture Consultancy Services, Mohali, Punjab was the Resource Person. Dr M.G. Ragunathan, Principal delivered the welcome address followed by the introduction of Chief Guest by Dr. S.Venu. Around 250 participants across the country participated in the webinar.

WHAT IS RAS?

Recirculation Aquaculture System (RAS) is essentially a technology for farming fish or other aquatic organisms by reusing the water in the production. The technology is based on the use of mechanical and biological filters, and the method can in principles be used for any species grown in aquaculture such as Fish, Shrimps, and Prawns. Recirculation can be carried out at different intensities depending on how much water is recirculated or re-used. Seen from an environmental point of view, the limited amount of water used in recirculation is of course beneficial as water has become a limited resource in many regions. Controlling parameters such as water temperature, oxygen levels, or daylight for that matter, give stable and optimal conditions for the fish & Shrimp, which again gives less stress and better growth.

WHY WATER NEED TO BE RECIRCULATED?

The limited use of water makes it much easier and cheaper to remove the nutrients excreted from the fish as the volume of discharged water is much lower than that discharged from a traditional fish farm. Recirculation aquaculture can therefore be considered a most environmentally friendly way of producing fish at a commercially viable level.

USEFUL SPECIES OF FISH FOR RAS:

Currently RAS is used by Magur (catfish), Striped Bass, Tilapia, Carps, Channel Catfish, Rainbow Trout, Prawn, Vietnam Koi, Blue Crabs, Oysters, Muscles and aquatic organisms are being reared.

BASIC COMPONENTS OF RAS SYSTEM:

The basic RAS consists of mechanical filtration, biological treatment and aeration/ stripping. Further installations, such as oxygen enrichment or UV disinfection, can be added depending on the requirements.

FUNCTIONS OF DRUM FILTER:

Water to be filtered enters the drum. The water is filtered through the drum's filter elements. The difference in water level inside/outside the drum is the driving force for the filtration. Solids are trapped on the filter elements and lifted to the backwash area by the rotation of the drum. Water from rinse nozzles is sprayed from the outside of the filter elements. The rejected organic material is washed out of the filter elements into the sludge tray. The sludge flows together with water by gravity out of the filter escaping the fish farm for external wastewater treatment.

RAS FARMING STATUS IN HARYANA:

Fish culture in Haryana is little difficult due to non-availability of fishermen community and mostly vegetarian population. Inspite of that Haryana ranks 1st in the country in Inland Fish Productivity per hac/year, yet data is to be revised which is 7200 kg/hac/year and would be raised to 10000kg/hac/year by the end of 2017-18.

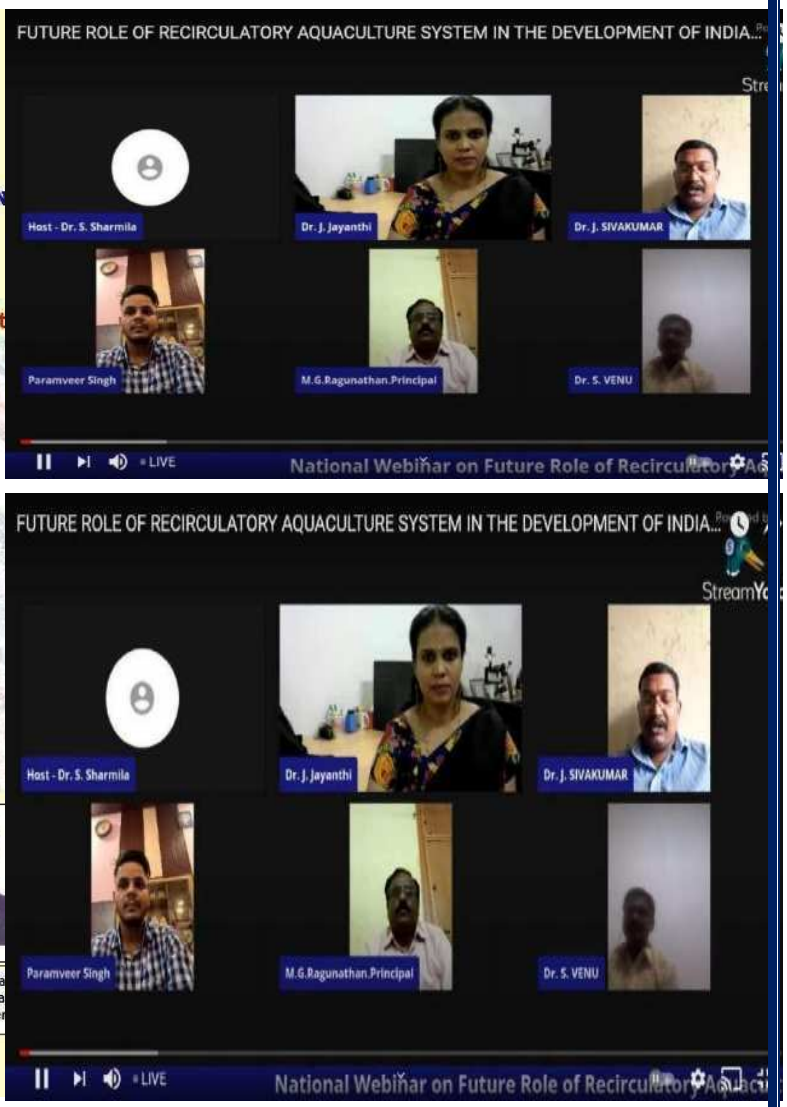

Besides this, it is proposed to stock 1643.30 lakh Fish Fingerling to produce 228000 tonne fish during the year 2019-20 by covering 21000-hectare water area.

Department will establish 16 Units of Recirculatory Aquaculture System (RAS) in Haryana with a cost of 50 Lakh each and Department will provide 50% subsidy on each unit. It will produce 40-ton fish per acre. It will increase fish production and fish productivity in the State and it will double the income of the Fish Farmers (http://harfish.gov.in).

This informative session was ended by vote of thanks by Dr. J.Sivakumar, Assistant Professor, Department of advanced Zoology and Biotechnology.

Event Title	ORIENTATION PROGRAMME ABOUT ONLINE INTERNSHIPS & MOOCS FOR SECOND YEAR STUDENTS	
Category	Student	
Date	From: 21.05.2021	To: 21.05.2021
No. of Resource Person	1	
No. of Participants	100	

REPORT

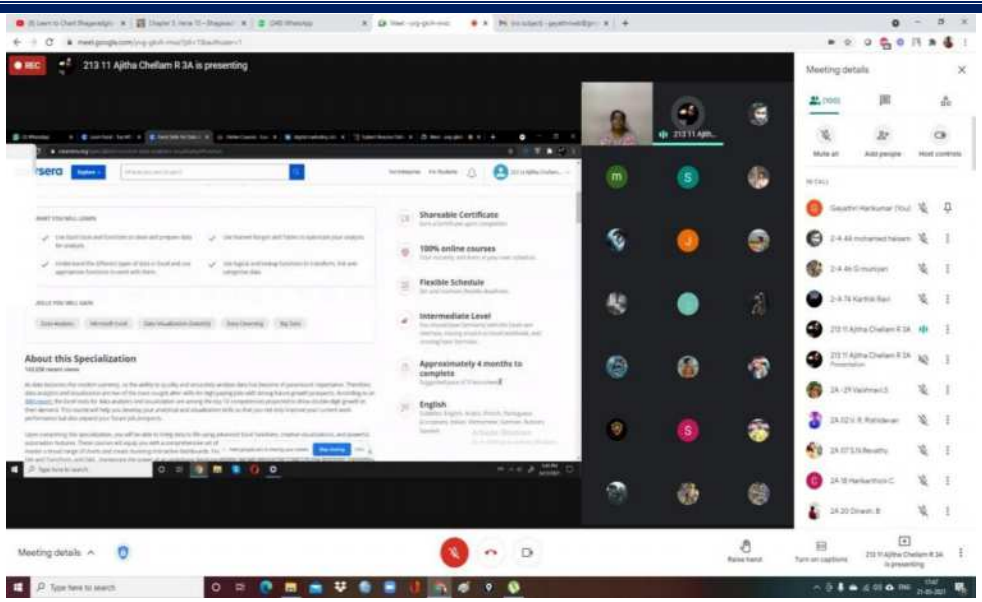

Department of Commerce (Accounting &Finance) organized an online Orientation Program on **21st May 2021**.Time: **5:30 p.m**. **to 6:30 p.m.**

Google Meeting Link: https://meet.google.com/yvg-gkvh-mwz

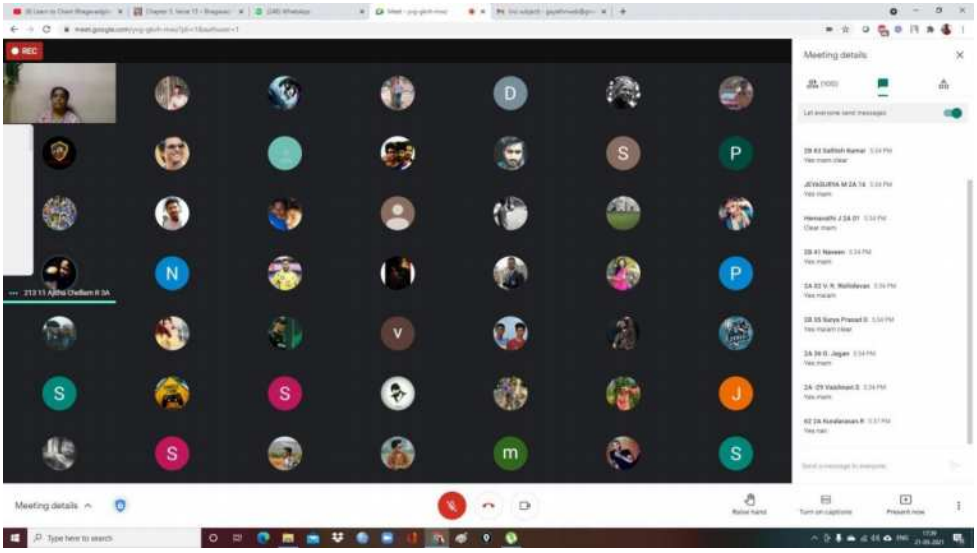

A session was conducted by the DEPARTMENT OF COMMERCE (ACCOUNTING & FINANCE) for the Second students regarding "Online Internships and Online courses". Dr. Gayathri Harikumar addressed the students and informed that the students had to compulsorily take up online internships for a minimum of 2-week period as a part of their curriculum and earn 2 credits. MOOCs was an alternative option and a 4-week programme offered by NPTEL / SWAYAM / COURSERA / EDX were to be taken up to earn the additional 2 credits. During pandemic situation, students were supposed to gain practical knowledge and utilize their time efficiently by completing one of the two programmes before the end of July 2021.

Final year student Ms. Ajitha shared her knowledge to the juniors regarding online internships and online courses available in various websites during the course of her presentation.

Overall 100 people - 97 students and 3 faculty members joined the online session.

Dr.Gayathri Harikumar addresses the students about Online Courses and Internships through Online

Final Year student Ms.Ajitha shared her thoughts about Internships through Online.

Guest Profile

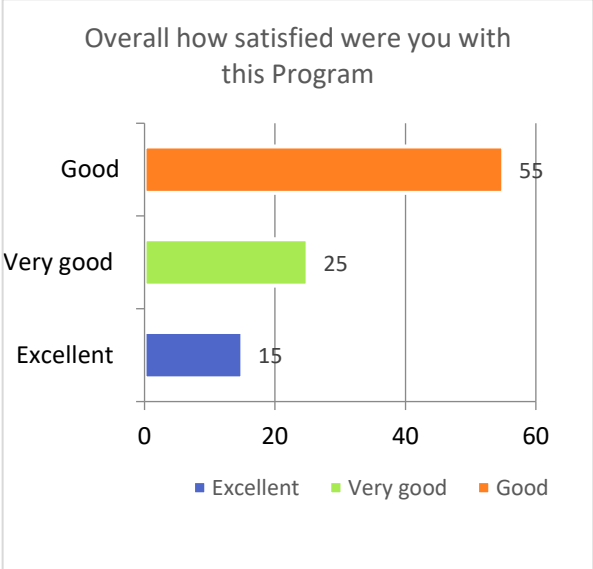

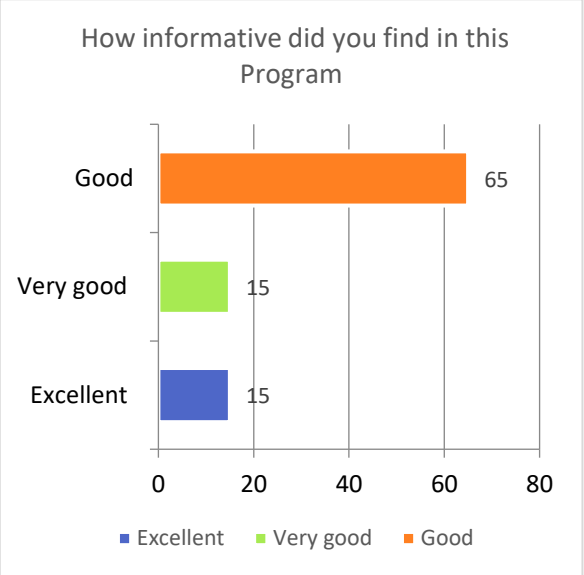

Dr.Gayathri Harikumar,
Associate Professor at Guru Nanak College, Chennai.

She is heading the department of Commerce (Accounting & Finance) of Guru Nanak College (Autonomous), Chennai. She is an expert teacher in Accounting, Finance, HRM and Taxation and having 13 years of total teaching experience.

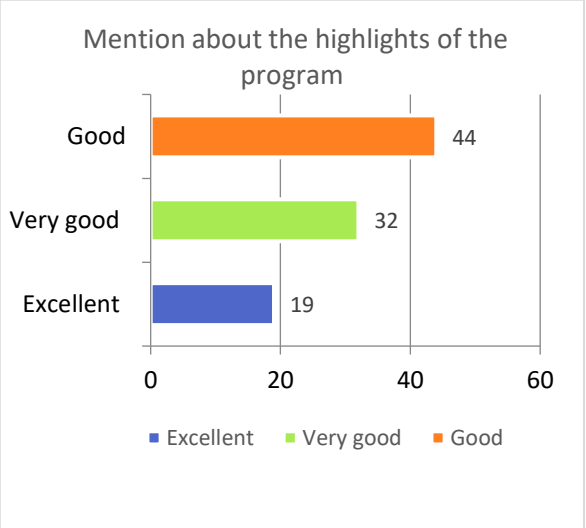

She is also member of ICMA, India. She has chaired various programmes including Seminars, Conference and Workshops. She has presented papers in the various National and International Journals. She also published research papers in UGC care listed Journals.

Event Title	NATIONAL WEBINAR SESSION ON "SAVING ENVIRONMENT IN DAILY LIFE"	
Category	Students and Faculty	
Date	From: 05.06.2021	To: 05.06.2021
No. of Resource Persons	2	
No. of Participants	365	

REPORT:

HIGHLIGHTS OF THE WEBINAR:

The invited speakers were Mr.Srinivasan and Mr.Ravi Valluri, who were the managing partners of Trusted SCM-Consulting services and Power solutions.

The session was inducted with the college prayer by Ms.Vinothini of Third year. The welcome address was given by the College Principal, Dr.M.G.Ragunathan. The Theme of the webinar was presented by Asst .Professor Mrs.S.Amudhalakshmi of the Department. The Resource persons were introduced by the Head of the Department, Dr.Gayathri Harikumar to the online audience. The session was taken up by the guest speakers of the day, Mr.Srinivasan and Mr.Ravi Valluri after the guest introduction. An explanatory PowerPoint presentation was given with practical examples.

It gave clear and easy understandable tips on ways for the protection of the environment. The presentation focused on ecological restoration, bio-diversity and environmental sustainability.

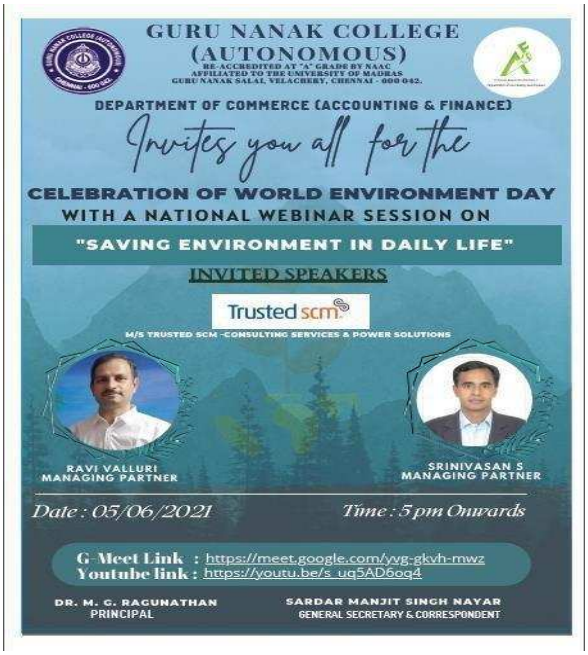

Mr. Srinivasan illustrated few points on how to follow healthy practices to maintain our environment on a day to day basis. Mr. Ravi Valluri motivated the students to take up gardening as a hobby. He presented a 14 Point Pledge to conserve the environment and insisted that we should adhere to follow at least three activities to contribute our part as socially responsible citizens.

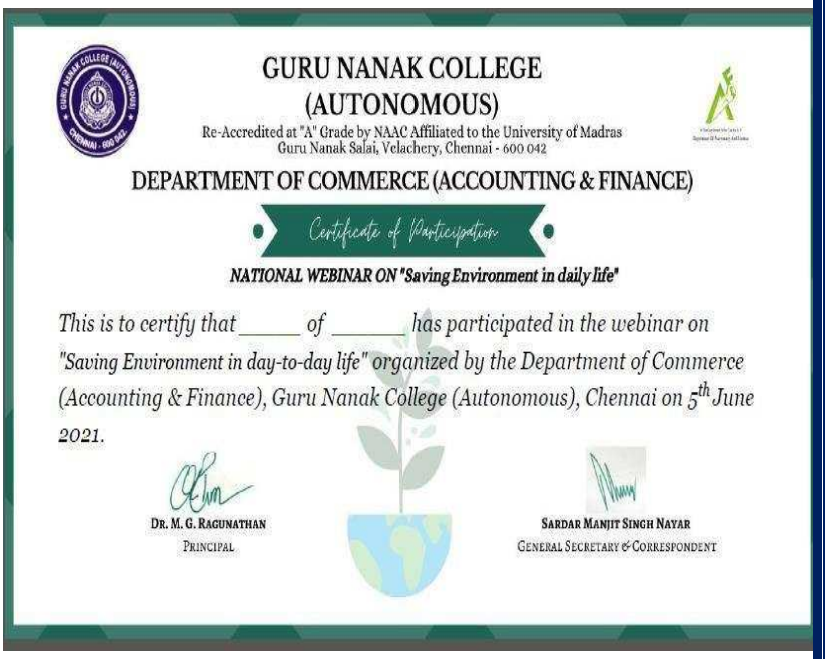

Students thanked the speakers for sharing practically followable steps on environmental protection and enrichment. The students expressed their commitment to save the environment.

Around 365 participants were there in total, where in 90 participants joined in the G- Meet session and 275 participants joined in the YouTube live streaming session.

Ms. Riya Patro, first year student of the Department proposed the vote of thanks. She thanked the guest speakers and all other members who had contributed to the successful conduct of the webinar. Ms.Poojaa of second year anchored the entire program and thanked the audience.

The session ended with the National Anthem.

Profile of the Speakers

Speaker-1

Mr.Srinivasan

Srinivasan qualified with MS in Quality Management, MBA in Retail & Supply Chain Management, PG Diploma in Operations Research & Materials Management Professional experience: Over 25 years of rich experience in various aspects of Supply Chain Management, in leading organizations such as Wipro Technologies, Bharti Airtel & Idea Cellular.

Speaker-2

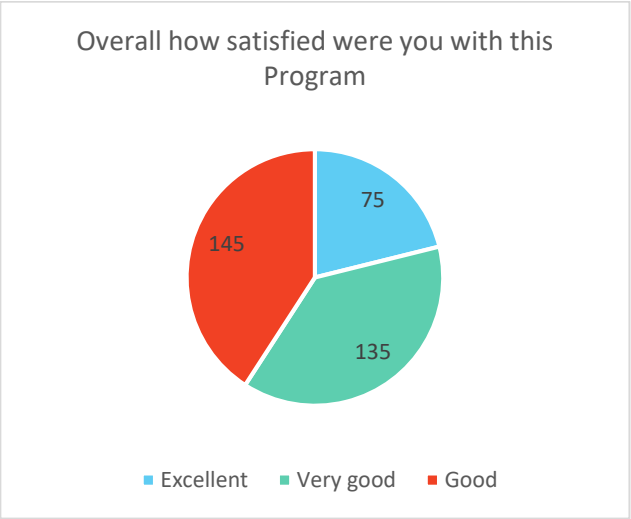

Mr.Ravi Valluri

Qualifications: Electronics Engineer, MBA in Technology Management, PG Diploma in Environment and Sustainable Development

- Professional Experience: Over 25 years of rich experience in various aspects of Supply Chain Management, in leading organizations such as HCL, Alcatel-Lucent & Idea Cellular
- Since the last two years they have been running a consultancy firm, M/s Trusted SCM Solutions, providing knowledge services namely business consultancy, competency development and sustainability initiatives to organisations and institutions Contributions to Sustainable development During their careers both have worked and contributed to their respective organisations in terms of sustainable practices and environment friendly initiatives like - using renewable energy sources like Solar power and Wind power - replacing virgin paper with recycled paper for company collaterals, thus saving a large number of trees - making warehouses eco-friendly - Tree plantation programmes
- As part of consultancy they have studied and provided recommendations to factories on - water conservation like rainwater harvesting, water treatment and reducing wastage - replacing firewood with alternatives like brickets for boilers

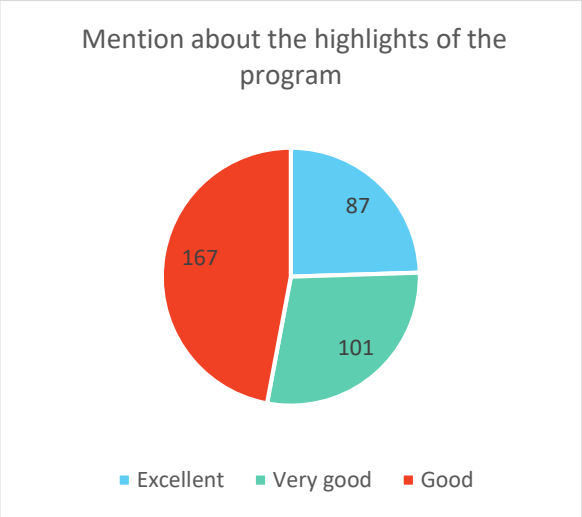

- They are also into conducting green audit for institutions and recommending practical solutions for a better environment.

Category	Students	
Date	From : 25.06.2021	To : 25.06.2021
No. of Resource Person	1	
No. of Participants	213	

REPORT DESCRIPTION:

The objective of this National webinar was to orient students about the Scope of Biotechnology: Novel career and specific job roles in the field. As Biotechnology is a interdisciplinary field an expert is needed to orient about the exact job opportunities and what is required as Biotechnologist to perform.

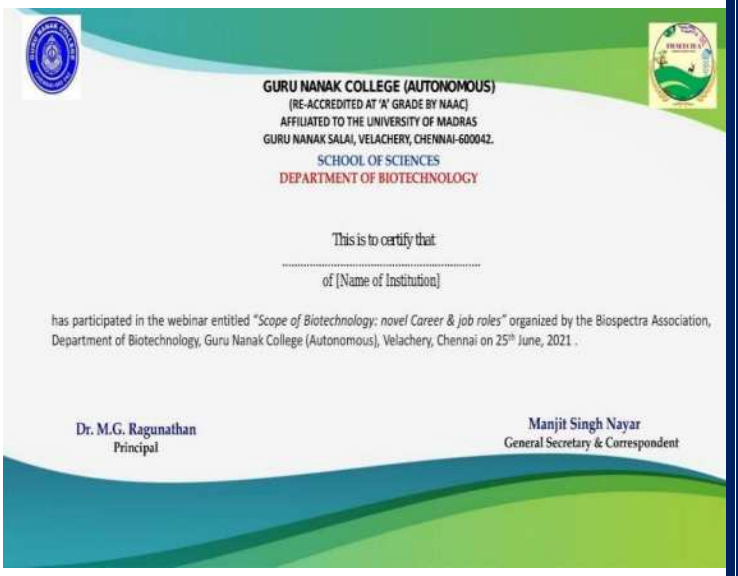

REPORT

This webinar was organized by the Association 'Biospectra' of the Department of Biotechnology, Guru Nanak College (Autonomous), Velachery, Chennai. The webinar was held on 25thJune, 2021 at 4.30 pm to 6.30p.m. The Guest speaker, Dr. C. Sheela Sasikumar, Head clinical research and project development, consultant, Hycare Superspeciality Hospital, Arumbakkam, Chennai. She elaborated upon the importance of the field of Biotechnology, what kind of skill the students have to develop and the exact job roles of available for the students in the field. She gave a detailed explanation about the sectors in which Biotechnology students are possible to get a job. She also emphasized upon the perusal of higher education in this field. She clearly different about the research related industrial job and also about the dry lab work in the field of Data mining and Bioinformatics. 213 members had registered for the event and participants included students, research scholars and faculties from various colleges/Universities throughout Nation participated. At the start of the event, Dr. Noorjahan, Dean Science, Guru Nanak College welcomed the gathering. The theme of the webinar was briefed by Dr. P.Mahalakshmi, Assistant Professor, Department of Biotechnology. The speaker was introduced by Dr. Bharathi Ravikrishnan, Assistant Professor& Head, Department of Biotechnology. The webinar was moderated by Mr. Amala Lourthuraj, Assistant Professor, Department of Biotechnology. Dr. V.Lavanya, Assistant Professor, Department of Biotechnology gave a brief report of the webinar.

Event Title	WILDERNESS BENEATH OCEAN	
Category	Students	
Date	From :14.08.2021	To : 14.08.2021
No. of Resource Person	1	
No. of Participants	123	

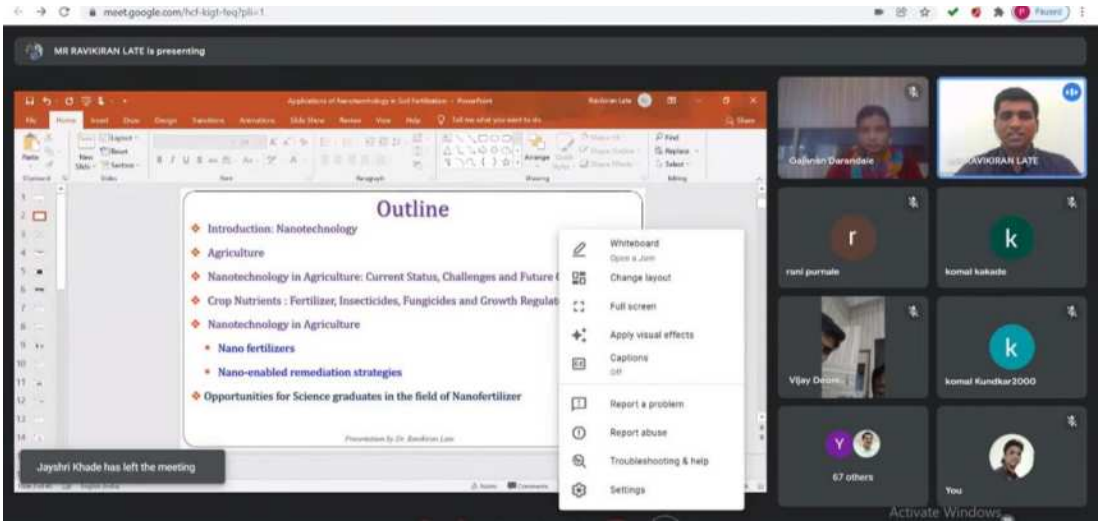

Report Description:

Resource person explained the wonder of science.

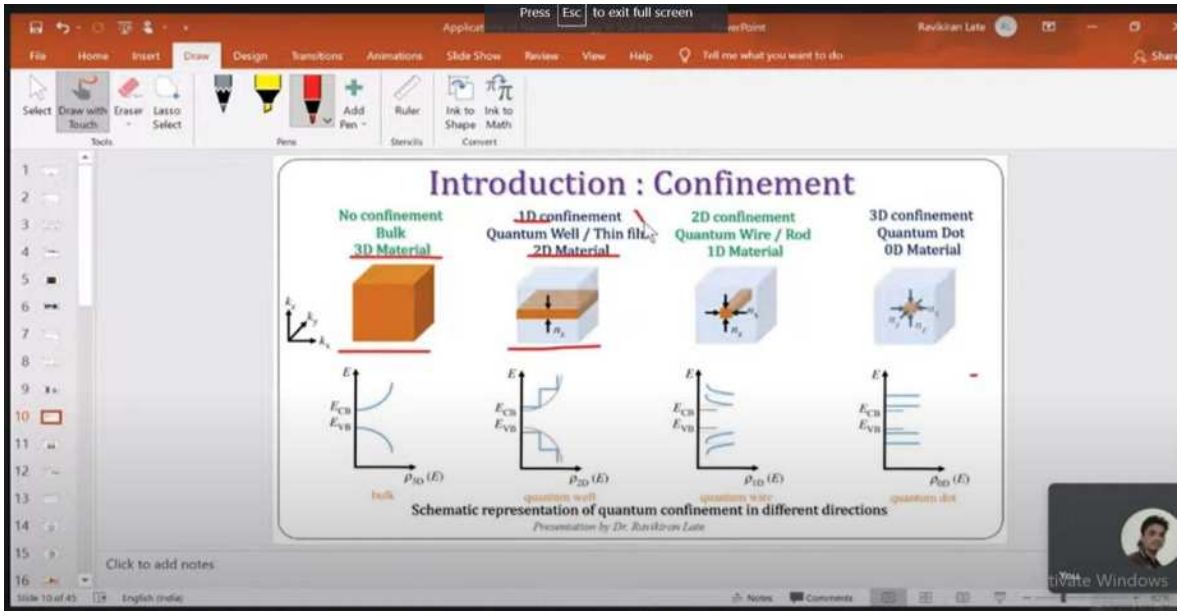

He explained the Properties of algae in detail

The seaweed industry in India is mainly a cottage industry and is based only on the natural stock of agar-yielding red seaweeds, such as *Gelidiella acerosa* and *Gracilaria edulis*, and algae yielding brown seaweeds species such as Sargassum and Tubineria.

Macroalgae are classified into three major groups: brown algae (Phaeophyceae), green algae (Chlorophyta), and red algae (Rhodophyta). As all of the groups contain chlorophyll granules, their characteristic colors are derived from other pigments. Many of the brown algae are referred to simply as kelp.

Category	Students	
Date	From :28.06.2021	To : 02.07.2021
No. of Resource Person	1	
No. of Participants	1113	

Report

Students can participate in workshops to develop and strengthen fundamental skills and study skills to help them succeed in classes and career.

If they have ever wished there was a place to go where someone could show you how to make studying less stressful and more effective, they can should explore the workshops offered here:

Day 1: Artificial Intelligence 2: DevOps 3: Docker and Kubernetes 4: Cyber Security Skill Day 5: Quantum Computing.

The Workshop is a guide to help students explore what they are looking for in a program or career. Experts believe the soft skills like creativity, global mindset, diversity acumen, emotional intelligence, critical thinking and mindfulness are truly the essential skills for the future. This Workshop reinforces culture and values and inhibit critical thinking and innovation.

Day 1: Artificial intelligence

Artificial intelligence will definitely cause our workforce to evolve. The transformative impact of artificial intelligence on our society will have far-reaching economic, legal, political and regulatory implications that we need to be discussing and preparing for. Determining who is at fault if an autonomous vehicle hurts a pedestrian or how to manage a global autonomous arms race are just a couple of examples of the challenges to be faced. Artificial intelligence algorithms are powered by data. As more and more data are collected about every single minute of every person's day, our privacy gets compromised. Artificial intelligence can dramatically improve the efficiencies of our workplaces and can augment the work humans can do. When AI takes over repetitive or dangerous tasks, it frees up the human workforce to do work they are better equipped for—tasks that involve creativity and empathy among others. If people are doing work that is more engaging for them, it could increase happiness and job satisfaction. Our society will gain countless hours of productivity with just the introduction of autonomous transportation and AI influencing our traffic congestion issues not to mention the other ways it will improve on-the-job productivity. Freed up from stressful commutes, humans will be able to spend their time in a variety of other ways. The way we uncover criminal activity and solve crimes will be enhanced with artificial intelligence. Facial recognition technology is becoming just as common as fingerprints. The use of AI in the justice system also presents many opportunities to figure out how to effectively use the technology without crossing an individual's privacy.

Day 2: DevOps

DevOps is the practice of operations and development engineers participating together in the entire service lifecycle, from design through the development process to production support. DevOps is also characterized by operations staff making use many of the same techniques as developers for their systems work. Speed. DevOps practices let you move at the velocity you need to innovate faster, adapt to changing markets better, and become more efficient at driving business results. Rapid delivery. When you increase the pace of releases, you can improve your product faster and build competitive advantage. Reliability. DevOps practices like continuous integration and continuous delivery can ensure the quality of application updates and infrastructure changes so you can reliably deliver at a more rapid pace while maintaining an optimum experience for end users. Improved collaboration. Under a DevOps model, developers and operations teams collaborate closely, share responsibilities, and combine their workflows. This reduces inefficiencies and saves time. Security. You can adopt a DevOps model without sacrificing security by using automated, integrated security testing tools. DevOps security, more commonly referred to as DevSecOps, refers to the discipline and practice of safeguarding the entire DevOps environment through strategies, policies, processes, and technology. The DevSecOps philosophy is that security should be built into every part of the DevOps life cycle, including inception, design, build, test, release, support, maintenance, and beyond. With DevSecOps, security becomes the focus of everyone on a DevOps team. DevSecOps has the goal of implementing security decisions at speed and scale without sacrificing safety.

Day 3: Docker & Kubernetes

Docker containers are best for deployment. When thousands of firm use different containers to run applications, why don't we try experiencing the benefits of Docker and Kubernetes together to manage applications which would bring out the optimum productivity? Docker yields the unsurpassed standardization and productivity. Acquire the benefit of rapid deployment using Docker containers. Docker containers are Multi-cloud platforms. Automated Scheduling: Kubernetes provides advanced scheduler which would be beneficial to launch container on cluster nodes. Self-healing competency: Kubernetes has a remarkable feature which others don't. It has the capability to reschedule, replace and restart the containers that are already expired. Automatic Rollouts and Rollbacks: Kubernetes includes rollout and rollback feature that helps to run containerized applications. Horizontal Scaling: It has the capability to scale up and scale down based on the requirement. Service discovery and load balancing: In the midst of billions and trillions of IP addresses used worldwide, Kubernetes uses the unique one to recognize them across the cluster and the DNS name to containers is also unique.

Day 4: Cyber Security

Cyber security is the practice of defending computers, servers, mobile devices, electronic systems, networks, and data from malicious attacks.The threats countered by cyber-security are three-fold: Cybercrime includes single actors or groups targeting systems for financial gain or to cause disruption. Cyber-attack often involves politically motivated information gathering. Cyberterrorism is intended to undermine electronic systems to cause panic or fear. Phishing is when cybercriminals target victims with emails that appear to be from a legitimate company asking for sensitive information. Phishing attacks are often used to dupe people into handing over credit card data and other personal information. A man-in-the-middle attack is a type of cyber threat where a cybercriminal intercepts communication between two individuals in order to steal data. For example, on an unsecure WiFi network, an attacker could intercept data being passed from the victim's device and the network. A denial-of-service attack is where cybercriminals prevent a computer system from fulfilling legitimate requests by overwhelming the networks and servers with traffic. This renders the system unusable,

preventing an organization from carrying out vital functions.

Day 5: Quantum Computing

Quantum computing is one of the most promising research topics of the new decade. It's based on the principles of quantum physics thus many computations can be performed simultaneously, which theoretically allows the quantum computer to solve a difficult subset of problems much faster than a traditional computer and also store more data. Although traditional computers are faster than ever, they can only perform calculations in a serial way. In cases where the calculations of massive datasets are complicated, the processing from a classical computer is time-consuming and not cost-efficient for a business. Quantum computing is most suitable for solving problems using optimization, sampling and machine learning algorithms. Optimization problems are core efficiency obstacles for main industries. A few use cases in financial services include efficient portfolios performance given forecasts of stock, bond or asset class returns, variances and covariance's allocate funds to investments to minimize portfolio risk for a given rate of return. Another example includes transportation models which are needed to determine how many products to ship from each factory to each warehouse, or from each factory to each warehouse and direct to each end customer aiming to minimize shipping cost while meeting warehouse demand and at the same time keep balance on factory supplies. Financial services are potential use cases for quantum computing especially in risk analysis, fraud detection, portfolio performance prediction and trade settlement optimization. The healthcare industry can benefit from quantum computing to support patient-centric care for healthcare consumers, improve current therapies and determine faster the best therapy plan for the patient.

Understanding (AI)
Based on the principle that human intelligence can be defined in a way that a machine can easily mimic and execute tasks.
• Most people hear the term artificial intelligence, the first thing they usually think of is robots
• Goals of AI include learning, reasoning, and perception
• Weak AI tends to be simple and single-task oriented, while strong AI carries on tasks that are more complex and human-like.
• AI is being used across different industries including finance and healthcare

GURU NANAK CENTRE FOR RESEARCH

Event Title	NATIONAL WEBINAR ON "INNOVATION, INCUBATION AND STARTUP POLICIES IN INDIA"	
Category	Faculty, Industry Persons, Entrepreneurs, Ph.D Research Scholars and UG & PG Students	
Date	From: 27.08.2021	To: 27.08.2021
No. of Resource Person	1	
No. of Participants	700	

Report Description

The Guru Nanak Centre for Research (GNCR) in association with the Intellectual Property Cell and Internal Quality Assurance Cell of Guru Nanak College (Autonomous), Chennai organized the **NATIONAL WEBINAR on "INNOVATION, INCUBATION AND STARTUP POLICIES IN INIDA"** on **27.08.2021** between **4.00 p.m. and 5.00 p.m. Dr. A. P. Achar, Chief Executive Officer, AIC Nitte Incubation Center (Supported by NITI Aayog) NMAMIT Campus, Nitte, Udupi, Karnataka** had served as the Resource Person.

Report

The National Webinar on "Innovation, Incubation and Startup Policies in India" was held on 27.08.2021 at 4.00 p.m. Dr. M. G. Ragunathan, Principal, Guru Nanak College (Autonomous) delivered the welcome address and conveyed his special greetings to the resource Dr. A. P. Achar for accepting the invitation and for joining us virtually. Dr. Mahendrakumar. M, Assistant Professor, Department of Biotechnology Guru Nanak College and the Organizing Secretary of the Webinar introduced the Resource Person. Dr. A. P. Achar started with the importance of incubation in transforming several ideas into innovative startups. He briefed about the various opportunities available from Government funding and subsidies for young and innovative entrepreneurs.

Dr. A. P. Achar with his vast experience in academic, training and entrepreneurial domains was able to answer all the questions raised by the audience very aptly. Dr. J. Jayanthi, Dean Research and Convener, IPR Cell explained the role and functions of the Incubation Centre of GNCR and delivered the Vote of Thanks for the Webinar. The response for the Webinar was immense and hence the entire event was live streamed in YouTube. The Webinar was viewed by 700 participants. The E-Certificate of Participation was issued all the participants after submission of Feedback form.

Report

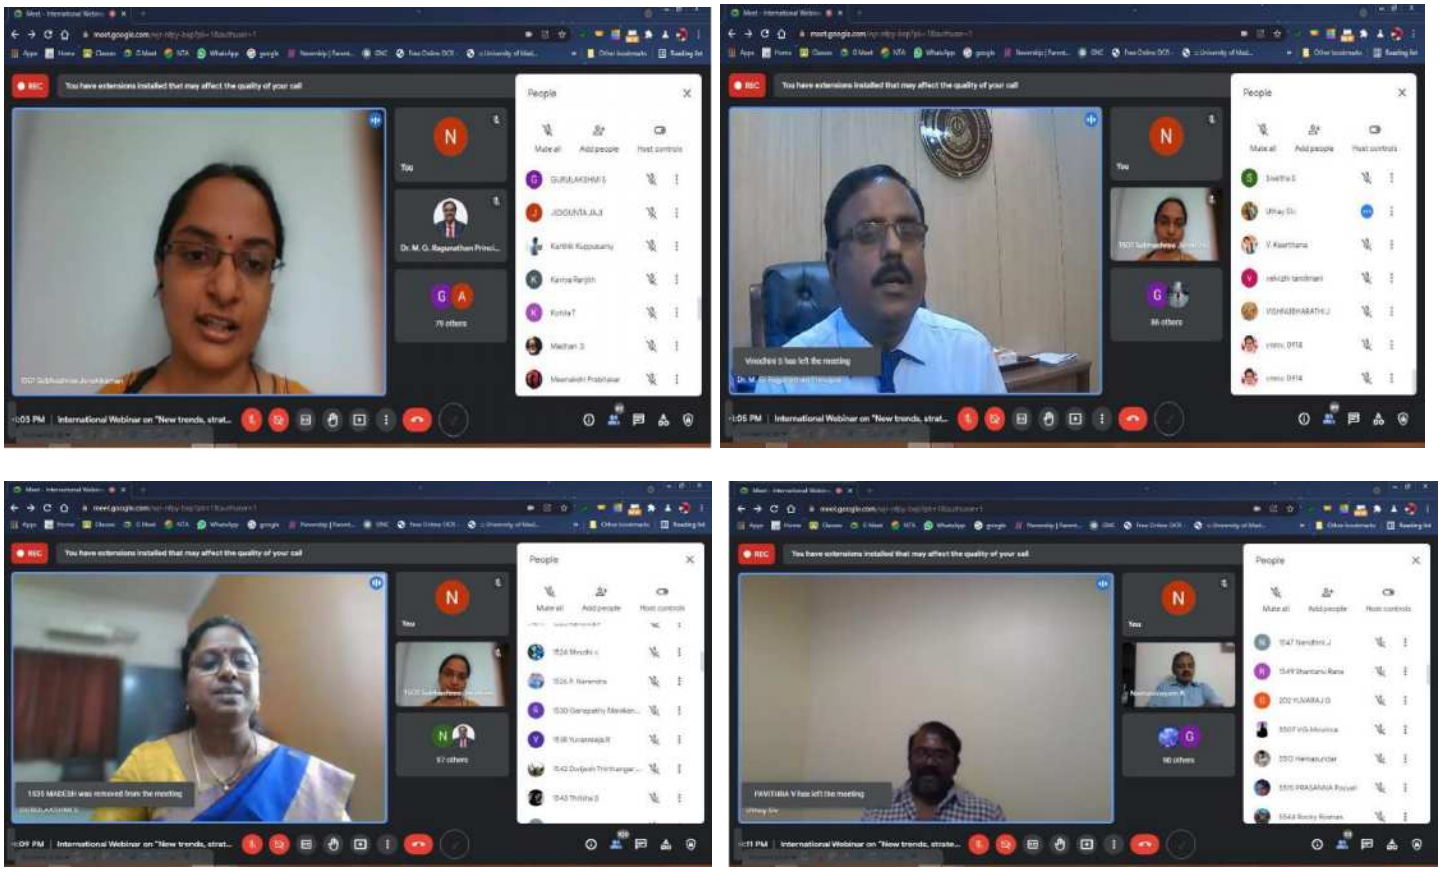

The Department of Physics conducted the International Webinar on the topic **"New Trend, Strategies, and opportunities on Energy Materials - A perspective"** on 28th August 2021 at 3pm. **Dr. S. Uthayakumar M.Sc., Ph.D**, Senior Scientific officer, Royal Holloway university of London, Visiting Scientist , Rutherford Appleton Laboratory, UK. Principal Dr. M. G. Ragunathan welcomed the Participants and the resource person. Organizing secretary Mrs. S. Gurulakshmi introduced the resource person to the audience. Miss Subhashree of second Physics proceeded with the day's entire event. Mrs K. Amala Jothi, Associate Professor proposed the vote of thanks.

There are 250 participants who have attended the webinar through the google meet and youtube live streaming. Participants from different colleges across the country have witnessed the program. Students, Research scholars and faculty members eagerly attended and clarified their doubts with the resource person. The feedback from each participant was recorded and given here.

Uthayakumar S.

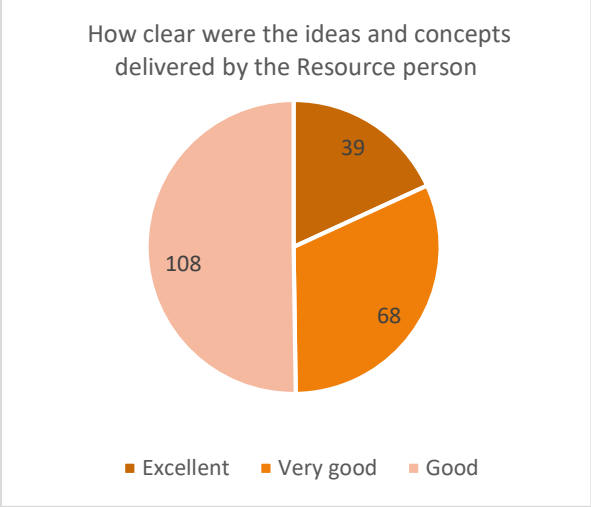

Senior Research Officer at RHUL and Rutherford Appleton Laboratory
London, England, United Kingdom.

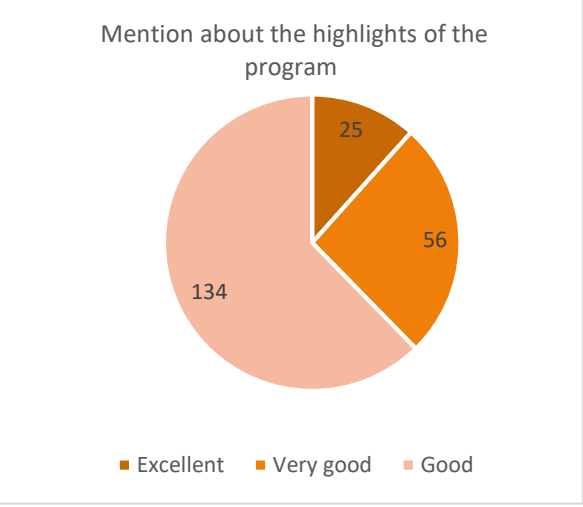

Dr. S. Uthayakumar M.Sc., Ph.D, Senior Scientific officer, Royal Holloway university of London, He is having extensive experience in material synthesis in Thin film/Bulk/Single crystalline forms employing various growth techniques. Structural analysis by Neutron, Synchrotron and X-ray diffraction analysis. Experience with Surface and morphological analysis by Optical Microscope, Scanning Electron Microscope, Field Emission Scanning Electron Microscope and Atomic Force Microscopy. Compositional analysis by Energy Dispersive X-ray Analysis and Electron Probe micro analysis. Thermal study by Differential Thermal Analysis and Thermo Gravimetric Analysis. Experience with magnetic (susceptibility, magnetization, hysteresis etc.) and transport (resistivity, magneto resistance) measurements, FMR and associated preparation technique. Electrochemical techniques. Designing furnaces and auxiliary test equipment.

No. of Resource Person	1	
No. of Participants	160	

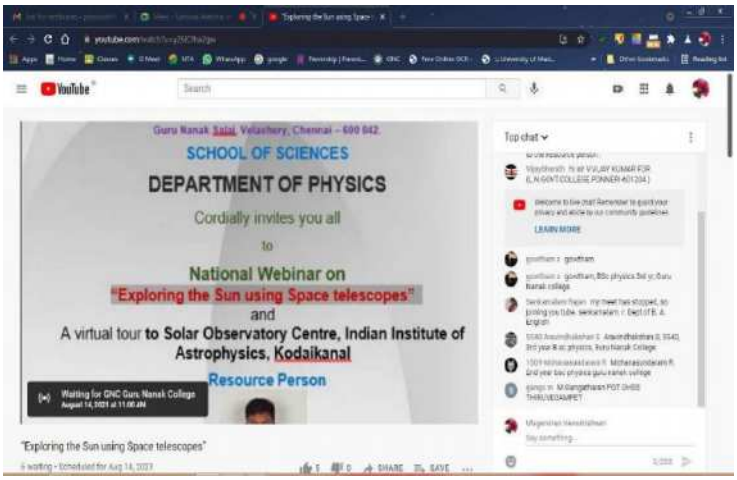

Report:

The first program of the academic year 2021-22 is organized on **14th August 2021** at 11 am through Google meet and the you tube livestreaming. The Program started with the prayer song sung by Miss Nandhini and Miss. Subhasree of second physics compered the program. Dr M. G. Ragunathan, Principal of GNC welcomed the participants and chief guest. Vice-President of Physics Association Mrs. S. Gurulakshmi introduced the resource person. **Dr. Ebenezer Chellasamy Edwin**, Resident Scientist, Kodaikanal Solar Observatory, Indian Institute of Astrophysics,Kodiakanal - 624 103, Tamil Nadu has delivered the special lecture on " Exploring the Sun using space telescopes". He wonderfully explained the topic given and cleared the doubts asked by the participants. The participants interacted very actively by posting questions in chat box. There were160 participants in the google meet and live streaming. Nearly 90 participants attended the program from outside of our college. Participants enjoyed the virtual tour to KSO, taken by the resource person. This webinar kindled the interest in Astrophysics among all the participants. E-certificates were issued to all the participants. Dr K. Namasivayam HoD of Physics consolidated the special lecture in a nutshell to the audience and appreciated the resource person. Mrs K. Amalajothi rendered the vote of thanks.

DEPARTMENT OF COMMERCE

Event Title	NATIONAL FDP ON "INVESTMENT AWARENESS – AN EDUCATED INVESTOR IS A PROTECTED INVESTOR"	
Category	Students and faculty members	
Date	From :07.07.2021	To: 09.07.2021
No. of Resource Person	3	
No. of Participants	265	

Report:

Objective of the Event:

The objective of this FDP is to give hands-on training to the faculty in basic understanding of securities markets to equip them to manage their finances.

Outcome of Event:

1. The faculty participated can be able to handle their money better when they start earning.
2. The participants become more responsible savers and investors.
3. The faculty participated shall be ready for the real-life situations and shall be able to make decisions more independently.

About the Programme

A three days National Faculty development program on "Investment Awareness – "An Educated investor is a protected investor" organized by PG & Research Department of commerce in collaboration with securities and exchange board of India was scheduled from 7th July 2021 to 9th July 2021 for a duration of 2 hours daily from 3p.m to 5p.m. The program started with the Inaugural session in which honourable Principal and Department HOD presented their views on the importance and objective of conducting the Faculty development program and motivated all the participants to effectively utilize all the sessions and gain practical knowledge.

Schedule of the Programme:

Day 1: Introduction to securities market

Day 2: How to buy and sell shares in stock exchanges?

Day 3: Impacts of corporate actions- Dividends, Bonus, Splits, Buyback

Report on Event:

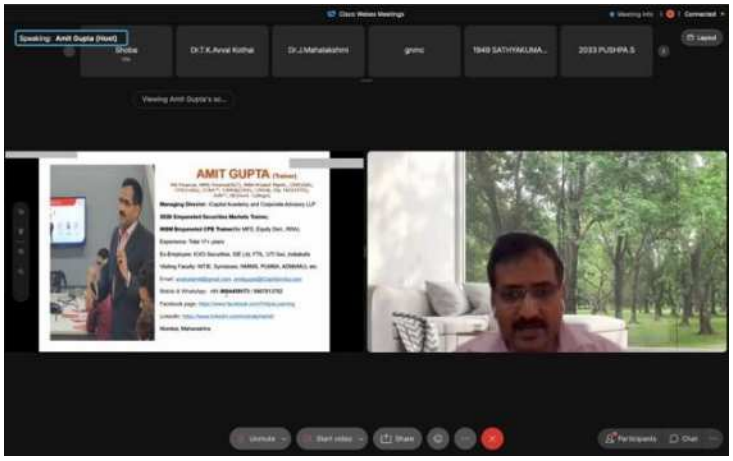

Day 1: During the first day the resource person Er.Amit Gupta gave a presentation on Introduction to Securities Market where the speaker highlighted how the securities market plays a vital role in selecting the investment avenues.

Day 2: On the second day, the resource person Er.Amit Gupta gave a lecture on how to buy and sell shares in stock exchanges. He focused on data related to the current economic environment affecting company growth and stock price.

Day 3: Impacts of corporate actions- dividends, bonus, splits, buyback was the topic of the day. The resource person Er.Amit Gupta enlightened the participants about the effects of the bonus issue.

The lectures have proven to be very useful and informative for the faculty. Around 265 faculty members and scholars from various states of India have attended the National Faculty Development Program. The program ended by advising faculty members to effectively utilize the learned concepts in syllabus revision and conducting an investment awareness program to the student's community.

Event Title	SPEAKING ENGLISH IS NOT THAT TOUGH: OVERCOMING FEAR AND ANXIETY IN SPEAKING ENGLISH	
Category	Students Faculty members	
Date	From: 24-06-2021	To 24-06-2021
No. of Resource Persons	1	
No. of Participants	276	

Report

Dr. M.M.Uma Maheswari is a Promising and Passionate Teacher who has 21 years of dedicated service, in moulding the young minds in and around the country. She is an empathetic teacher, exhaustive reader, energetic motivator and an enthusiastic facilitator.

She has conducted many short-term programmes in enhancing the English skills of students. She is interested in facilitating the learning of low-proficiency learners of English. Her vast experience and continuous research in the field of ELT has enabled her, to give her potential to the best.

The Topic of the National Webinar is 'Speaking English is not that tough: Overcoming Fear and Anxiety in Speaking English.' The Webinar was conducted in Google Meet with the link://meet.google.com/hpz-mrsm-cte and also went on a live streaming in our Official You Tube Channel: https://youtu.be/noDpLI7221w.

There was an overwhelming response from the students, staff and also from the public. On the live stream there were 276 participants. The next day the views of the Webinar in YouTube reached 1.1K from all over the nation and it is likely to increase in the days to come.

Objectives of the Session:

- To provide ample opportunities for the Part-II English language learners to learn the language
- To give them a different online platform to overcome their shyness which is a major hindrance in their learning process
- To improve their proficiency level in English language for a flawless, fluent and effective communication
- To instil confidence and knowledge of the English language to be successful in life

Gist of the Webinar

The Resource Person, DR. M.M. Uma Maheswari, emphasised on the three key words from her title viz., English, Fear and Anxiety. English in India is a second language next to one's mother tongue. It is also an associate official language that is widely used. There is a natural tendency among the

learners of this language that learning English is really tough since it is a foreign language for them. The Resource Person clearly stated that it is the fear and anxiety which de-motivate the learners and the fear is not in the mind but it is there on the language itself. So, the right mind set is important in the process of learning anything new. If one is willing to acquire a new language, they should start from the basics like how we used to imitate the elders in the process of learning our mother tongue, initially in our childhood. The same is applicable to second language learning as well. She rightly pointed out that in the early stage, the learners are often accountable to make mistakes but that is acceptable. Soon, within a month or two the same speaker may develop his/her level of understanding and start correcting the mistakes through continuous practice.

Throughout the session, she motivated the participants to speak out freely and naturally, to clarify their doubts through her continuous interactions. This in turn was well received by the participants like Miss. Kavya from B.A., English Literature and Miss. Bhuvesha from B.A., Defence and Strategic Studies to name a few, have came out of their inhibition and involved themselves throughout the session. She conducted the session in a student-friendly manner.

Dr. Uma Maheswari's PPT was prepared meticulously and the pictures included were exemplary. Since she knows the pulse of the students well, she wonderfully associated her title with the needs of the participant by giving examples from Sports especially from Cricket. While she gave an activity, Movies and Epics were also illustrated. Some interesting anecdotes from her personal life as well as her teaching experience were also shared aptly. She continued further that when speaking is concerned, the learners should give importance to fluency which will lead them to accuracy. But this fear of accuracy pulls them down because they are anxious about the result of their performance. She motivated the students to enrol themselves in the various clubs or the activities of the institution, which will give them the scope to develop their LSRW skills. These are the four basic skills for the acquisition of a language. She also encouraged the students to talk to their peer groups and the faculty members in English. This regular practice will give them the confidence to overcome fear and anxiety, thereby they can emerge themselves as good speakers.

She gave a valuable suggestion that the students can make use of the Internet to learn grammar. Many activities are available online, in which any number of attempts can be made by the student till he/she gets the correct answer. These activities will motivate the adult learners to improve their pronunciation, modulation, expression and so on. Better exposure to English by way of watching the English news and reading newspapers etc., is the perfect platform to master the language. She concluded that everybody has fear and anxiety at some point, but one should know how to hide them to proceed further in life by gaining courage and confidence.

Take away Tips

- Believe that the acquisition of English language as an added skill
- Right mind set leads to righteousness
- 'Fear' and 'Anxiety' to be considered the two important keys to unveil 'Courage'

Report Description

The PG & Research Department of Commerce organized the Student Development Programme on "Developing Entrepreneurial Intentions among Youth towards Start -up" by Mr.R. Ramachandran, Field Co-ordinator, & ILO Trainer, EDII – HUB, Madurai Kamarajar University on 23rd June 2021 through Google Meet online platform for final year B.Com Students.

Report

Entrepreneurship plays an important role in the economic growth and development of nation. The aim of this Student Development Program is to develop the Entrepreneurial intentions among Students towards Start -up. The resource person highlighted that now **the laziness of the people is the mother of creating business ideas and innovation.** He had explained the conceptof Enterprise, Innovation and the opportunities available in this pandemic situation to start businesson their own by quoting numerous real time examples. He also mentioned the subsidies and support provided by the Government to start the business. Through this development program, the students were ignited with the entrepreneurial intentions to start their business. The webinar was very interesting and lively, followed by interaction session at the end.

Report

On behalf of the Chemistry Association, Dept. of Chemistry, GNC organized this online webinar as first academic activity in this year. Professor Balasubramaniam of Dept. of Inorganic Chemistry, University of Madras and RSC Secretary (South India) delivered a stimulating lecture on the "Opportunities for Young Chemists". Actually this lecture is an emergency need of this hour. Because since 2019, i.e. the day of start of pandemic, the students are getting panic and anxiety about their job and future. They do worry about their quality education and subsequent job settlement. In this situation, the lecture deliverd by Prof. Balasubramaniam really explored about all the openings and opportunities available for young chemists. It descriptively covered how to go for higher studies like PG & Research and what are the various exams available to reach the reputed higher educational institutions in India as well as abroad? Similarly, this lecture covered various jobs at different chemical industries and what are the various activities of chemical industries in line with the opportunities. Functioning of all the government R&D institutions were covered elaborately.

In addition to that he was talking about all the competitive examinations. Beyond that he explained about the expectations of job providers in terms of skill set parameters of job seekers. As he said lot of opportunities are there, but students have to make themselves to fit in to that. I hope So this lecture eliminates the lack in awareness; participants have interacted much and clarification given by professor in an extensive manner.

Category	Students, Faculty Members, and Research Scholars	
Date	From : 30-07-2021	To : 30-07-2021
No. of Resource Person	1	
No. of Participants	1206	

Report Description

Department of B. Com Corporate Secretaryship (Shift–I) Under School of Commerce organized a National Webinar on "Employability Skills for Worthy Opportunities".

Resource person of the programme was, CA Dr. GOPAL KRISHNA RAJU (GKR)

Chartered Accountant, Cost Accountant, Company Secretary, Insolvency Professional & Registered Valuer, M/s. K. Gopal Rao & Co., Chennai.

Abstract:

This program was organized by the department of B. Com Corporate Secretaryship (Shift–I) Under School of Commerce, and the topic of this National Webinar was on "Employability Skills for Worthy Opportunities". He touched qualification is not a criterion for worthy opportunities, skill set is required to attain a worthy opportunity There are 1,206 Participants (Faculty members, Research Scholar and Students) were registered from various parts of the country, 1,186 Participants are actively Participated through Google meet and you tube live and received e-certificate.

This National Webinar was very useful to all of us, and it was more interactive and informative. Participants were raised many questions and interacted with resource person; they have been clarified the doubts by him. Resource Person shares his valuable ideas, thoughts, Employability Skill sets, suggestions and useful tips to participant to grab the Opportunities. The session was went on very well, all our participants were gained Knowledge and how to acquire the employability skills and successfully completed.

Report

National Webinar was started with the prayer, Our Principal Dr. M.G. Ragunathan delivered welcome address, Head, Department of the Department of Corporate Secretaryship Dr. D. Ranjith Kumar address the gathering and Highlighted about the National Webinar and Dr. P. S. Sridharan introduced the resource person of the day.

Resource person of this webinar was CA Dr. GOPAL KRISHNA RAJU (GKR), Chartered

Accountant, Cost Accountant, Company Secretary, Insolvency Professional & Registered Valuer, M/s. K. Gopal Rao & Co., Chennai. He was delivered his speech with PowerPoint presentation about the Key insights into the Post Covid land scape of Talent demand and supply in India and he Highlight the recent report on Demand and Supply of Post Covid.

He was explained about the employability skill required for the opportunities available in our country and its skill requirements with examples. He was focused on unemployability and unemployment with reasons for it. He has explained the skill gap between the demand and supply of knowledge, skill set and also highlighted skill gap in Data Science, Artificial intelligence and Natural Language Processing.

He was explained the Soft Skills are vital, such as Problem Solving, Communication, Active learning, resilience, flexibility, Digital Dexterity, Analytical and critical thinking

He also explained the Technical Skills like Python Programming, Neural Networks, Cloud Computing, Supply Chain and General Statistics

He was explained about Data Scientist, Data analysis, ICT teaching and learning, Block chain course, Swayam course, Artificial Intelligence specialist, Fin-technology Companies and Agro-technology Companies. He also explains about, how to develop the Business Application in Fin-tech. Finally, he had given some useful tips to the participants to succeed in their life – Three Key elements Passion, Focus and Perseverance.

This National Webinar was enjoyable, more informative and useful, for all our participants and they were interacted with the resource person and the resource person responded for all the queries raised by all the participants. The webinar ends with Vote of thanks.

Event Title	NEED FOR NUCLEAR ENERGY	
Category	All UG, PG students, Research Scholars and Faculty	
Date	From: 27.07.2021	To: 27.07.2021
No. of Participants	133	
No. of Resource Person	4	

Report Description

The **School of Sciences under the aegis of IQAC has** organized a National webinar on **"NEED FOR NUCLEAR ENERGY" on** 27th July 2021.The Resource person**s** were from , Radiological and Environmental Safety Division, IGCAR and also from Technical Coordination and Public Awareness Section, IGCAR

Report

The objective of the program was to create awareness among students about the need for various energies especially about nuclear energy. The Resource person, Dr. R Venkatesan , Division Head, Radiological and Environmental Safety Division, IGCAR, Kalpakkam, Tamil Nadu, introduced about the various resources of energy and how inevitable energy is for the day to day life. Then he talked about the importance of conservation of energy and also about the crisis we will be facing if it is not conserved.The next resource person, Mrs. Jalaja Madan Mohan, Head TCPAS,Technical Coordination and Public Awareness Section, IGCAR, Kalpakkam, Tamil Nadu, discussed in depth about the different energy sources, the advantages and disadvantages of all.

Then she explained what is nuclear energy, what is a nuclear fission and nuclear fusion, how nuclear energy is harnessed. She discussed about the naturally available radioactive atom Uranium and also about other elements that can be made fertile, the amount of energy released per fission. She compared the advantages of nuclear energy with other energies and highlighted about the importance of nuclear energy. She also explained about the safety measures taken in the reactors and how the residue produced during the fission reaction is disposed. She motivated students to take up research in nuclear energy related fields. Mr.K. Parthipan and Mr. M. Ramu, demonstrated the functioning of the nuclear reactors with the help of miniature models. They explained each and every step involved in the reactor. The models used were illuminated with colourful lights and depicted the exact operations of the nuclear reactor.In the Q & A section, the students were motivated to ask questions; on the whole it was really an awareness program for the students.

Event Title	ECOLOGICAL THEORIES IN THE NEIGHBOURHOOD COUNTRIES	
Category	Students and Faculty	
Date	From: 12.07.2021	To: 18.07.2021
No. of Resource Persons	7	
No. of Participants	351	

Report
Virtual International conference - Department of Tamil, July – 2021

A Seven day International Virtual Conference on '**Ecological Theories of Neighbourhood Countries'** was conducted by the Department of Tamil, Shift 1, Guru Nanak College, from 12.07.2021 (Monday) to 18.07.2021 (Sunday) at 3 pm – 4.30 pm (IST)

On the first day of the Conference , S.Gayathri, Assistant Professor of Tamil & one of the Organising Secretaries and the Master of ceremony of the conference delivered the Inaugural Address. The Inaugural song was rendered by Sivanya Subbu, the Vocal Musician. Dr.M.Murthi, Head, Department of Tamil, welcomed the gathering. Dr.M.G.Ragunathan, Principal, Guru Nanak College delivered the Presidential address. He also welcomed the resource persons from various countries. Thiru. Saravanabavananda ,Chief Priest & Head, Vishnu Durga Temple, Switzerland spoke on the ecological system of Switzerland and also shared his valuable experience on how the people of Switzerland make use of the ecological theories.

The second day of the conference was graced by Poet Surejami, Charted Accountant , National Drilling Service Company, Muscat. He portrayed the ecological systems of Oman and concluded that "All will turn Desert, If fail to protect ecology".

On the third day, Jaya Maran, Finance Researcher, Georgia Tech Research Company, America spoke on the ecological status of America, Georgia in particular and stated that the land of America is spoilt and the government of America is reconstructing it through EPA (Environment Protection Agency).

The Fourth day conference was addressed by Prof. Dr. N. Kannan, Managing Director, Smart Green Consultancy, Kuala Lumpur, Malaysia. His talk insisted on "Human being must change, not the climate change ". Human being must love Nature. "Punnai Maram" is my Sister, a quote from Tamil Sangam literature inculcates the spirit of love on nature, among the participants.

Fifth day of the conference was graced by Dr. Hema Prabha, Postdoctoral Researcher, Technion, Israel institute of Technology ,Israel whose thought was different from earlier speaker as she opened that green is not eco – friendly. Human is not a cancer in the earth , and the man is not the cause for the damage of ecological system.

On the sixth day of the virtual conference, Mrs. Sivananthy Ganesarayan (Executive Officer, Dept

of Tamil, United Kingdom) spoke on the ecological system of London and stressed on “Individual discipline alone can put an end to the problem of ecological damage” in London.

On the last day, the seventh day of the International virtual conference, Dr. M.Murthi,Head & Associate Professor of Tamil (Shift 1) welcomed the gathering. Dr. L.R.S.Kalanithi, Vice Principal of Guru Nanak College (Shift 1) delivered the presidential address. Mr. Niththy Kanagarathinam (Physician, Australia), the resource person of the day delivered on The key users for Wyndham, Town in Austarlia with the focus of achieving sustainable future. Dr.J.Punitha Malar, Assistant Professor of Tamil & one of the Organising Secretaries of the conference, presented the Report of seven days International Conference.

All the seven day sessions were more lively and interactive. Three hundred and Fifty one participants from various states and countries participated in this conference. Faculties of Tamil shift 1 actively took part in welcoming the resource Persons , introducing the speakers and also delivering vote of thanks. The seven days international conference was organised by Department of Tamil, Shift I, who brought the entire world under one umbrella within the campus of Guru Nanak College. A noble attempt made by the Department of Tamil brought fame and laurels worldwide and added credit to the Guru Nanak Educational society in particular.

Guest Profile

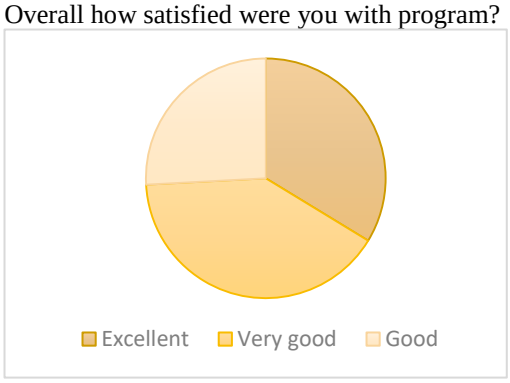

Dr.Prabhakaran Santhanakrishnan,
Entrepreneur, AI/ML Scientist, Teacher
Northeastern University, Seattle.

Entrepreneur, Technology Leader, Teacher & an innovator in using Cloud & AI to solve the hardest problems that today's humans face. Lead Data Scientist at Azure Core Operating Systems and Intelligent Edge Division. Led the product that leverages AI and Machine Learning to assist complex network infrastructure cloud migration to Azure smoothly and in a most intelligent way. Led the state of the art NLP system for processing Windows Feedback Hub in terms of recommending the most appropriate action and connecting with the features of Core OS. Leader for Data Scientists, Data Engineers and Data Analysts for the Manufacturing and Supply Chain Engineering Organization. Led the data & analytics strategy and drove a modern cloud-based distributed data warehouse platform for Microsoft Devices business for products such as Xbox, Surface and HoloLens. Led the Software Engineering teams in designing and developing REST based integration micro services architecture with warehouses, retailers, suppliers, contract manufacturers, logistics partners and repair facilities. Transforming into building big data lake using Azure technologies for enabling Prescriptive and Predictive Supply Chain

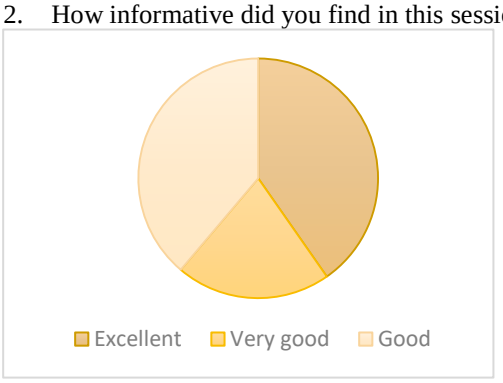

Data Analytics. Built & Led the team of 125+ Software Engineers for Microsoft Hardware Supply Chain Platform. Attracted top talent from all over the country. Successfully delivered NPI for products such as Kinect and Surface. End to End design and delivery for Microsoft CARE platform for Reverse Logistics, Product Life Cycle Management and Integrations with Supply Chain Nodes.

SCHOOL OF SCIENCE

DEPARTMENT OF PLANT BIOLOGY AND PLANT BIOTECHNOLOGY

Event Title	NATIONAL WEBINAR ON PLANT METABOLIC ENGINEERING	
Category	Students, Research Scholars, Faculty Members	
Date	From :15.06.2021	To :15.06.2021
No. of Resource Person	1	
No. of Participants	1157	

Report Description:

The Department of Plant Biology and Plant Biotechnology organized a NATIONAL WEBINAR ON "Plant Metabolic Engineering" held on 15.06.2021 (Tuesday) between 6.00 p.m. to 7.30 p.m. Dr. Veda Krishnan, Scientist (Senior Scale), Division of Biochemistry, ICAR-Indian Agricultural Research Institute was the Resource person.

Report

The purpose of the webinar is to inform the Researcher, students the highlighting progress in plant metabolic engineering over the past 25 years, it is first important to stress that it is in fact quite a young science in plants.

Dr. M. G. Ragunathan, Principal, Guru Nanak College (Autonomous) gave the welcome address. Dr. M. Gopi, Head of the Department, Plant biology and Plant biotechnology highlighted the importance of the webinar, where he enlighten the students that metabolic engineering is enhancement of desired product through upregulation of some gene or may be through down regulation of other genes. Dr. Poonam Sethi . M, Assistant Professor introduced the Resource Person, Dr. Veda Krishnan spoke about the new research into plant metabolism and the underlying genetics and biochemistry that allows for plants to serve as platforms for production of valuable resources. Furthermore, she also highlighted how the mechanisms underlying plant metabolism can be applied to engineer production of plant-derived materials in affordable and sustainable ways. She emphasized on recent advances made by early career scientists in plant biosynthetic discovery, pathway regulation, and metabolic engineering that contribute towards our ability to understand and benefit from plant metabolism.

Finally the event ended with the Vote of Thanks delivered by Dr. E. Gayathiri, Assistant Professor, Department of Plant biology and Plant Biotechnology, Guru Nanak College (Autonomous), Velachery, Chennai.

The webinar session was streamed live in the YouTube Channel of the Guru Nanak College via google meet because of the overwhelming response from the participants through registration.100 participants actively participated in google meet. The live program and the streamed event was viewed

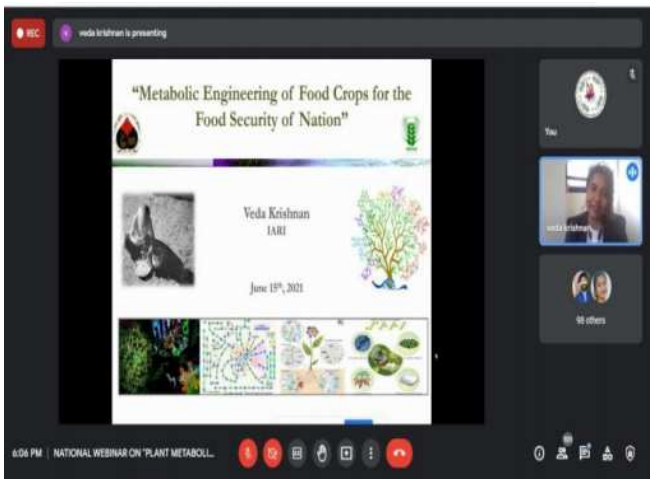

by more than 1057 people across the globe. The E-Certificate of Participation was issued all the registered Participants who had submitted the Feedback form.

Speaker Profile

Dr. Veda Krishnan
Nutritional biochemist,
ICAR-Indian Agricultural Research Institute (IARI),
New Delhi,

Dr. Veda Krishnan is a nutritional biochemist working as scientist at Division of Biochemistry, ICAR-Indian Agricultural Research Institute (IARI), New Delhi, India. She has earned her undergraduate dual degree (Botany & Biotechnology) from Kerala University, post-graduate degree in Biotechnology from CUSAT, Kerala and her doctorate from BDU, Trichy. Her research career started at Nanyang technological University, Singapore as research exchange student and later associated with various reputed organizations (SCTIMST, Kerala; IGIB, New Delhi; CIRCOT Mumbai). In her research career, Veda focused on characterizing the food matrix components and evaluating their nutraceutical value using various in vitro and in vivo models. She has published more than fifty articles in journals of international repute, awarded a patent and developed various methodologies of commercial value. In addition to research being a faculty of post-graduate school, IARI she is active in mentoring students and researchers, and she has served as a resource-person in invited lectures and seminars. Her scientific recognitions include Fulbright-Nehru Post-doctoral research fellowship (2020), Plantae fellow (2020), INSA-INYAS member (2021-2025), Innovator award 2021 at flora-fauna summit, Young Woman Scientist Award (2019), IASc-INSA-NASI Summer Research Fellowship (2019), Young Scientist Award (201& 2018) and Faculty excellence EET-Expo Edu Award (2015).

DEPARTMENT OF PLANT BIOLOGY AND PLANT BIOTECHNOLOGY

Event Title	MUCORMYCOSIS AND POST COVID RECOVERY EFFECTS, COMPLICATIONS AND SOLUTIONS	
Category	Students and Faculty Members	
Date	From :18.06.2021	To :18.06.2021
No. of Resource Person	1	
No. of Participants	970	

Report Description:

The Department of Plant Biology and Plant Biotechnology organized a NATIONAL WEBINAR ON "**MUCORMYCOSIS AND POST COVID RECOVERY EFFECTS, COMPLICATIONS AND SOLUTIONS**" held on 18.06.2021 (Friday) between 10.30 a.m. to 11.30 a.m. Dr. S. Subramanian, MBBS. MD, Resident - Dept. of Anesthesiology was the Resource person.

Report

The purpose of the webinar is to bring together all the stakeholders in the same platform and get an insight and to highlight the recent occurrence of Mucormycosis as a severe post-COVID secondary infections along with basic information about fungus.

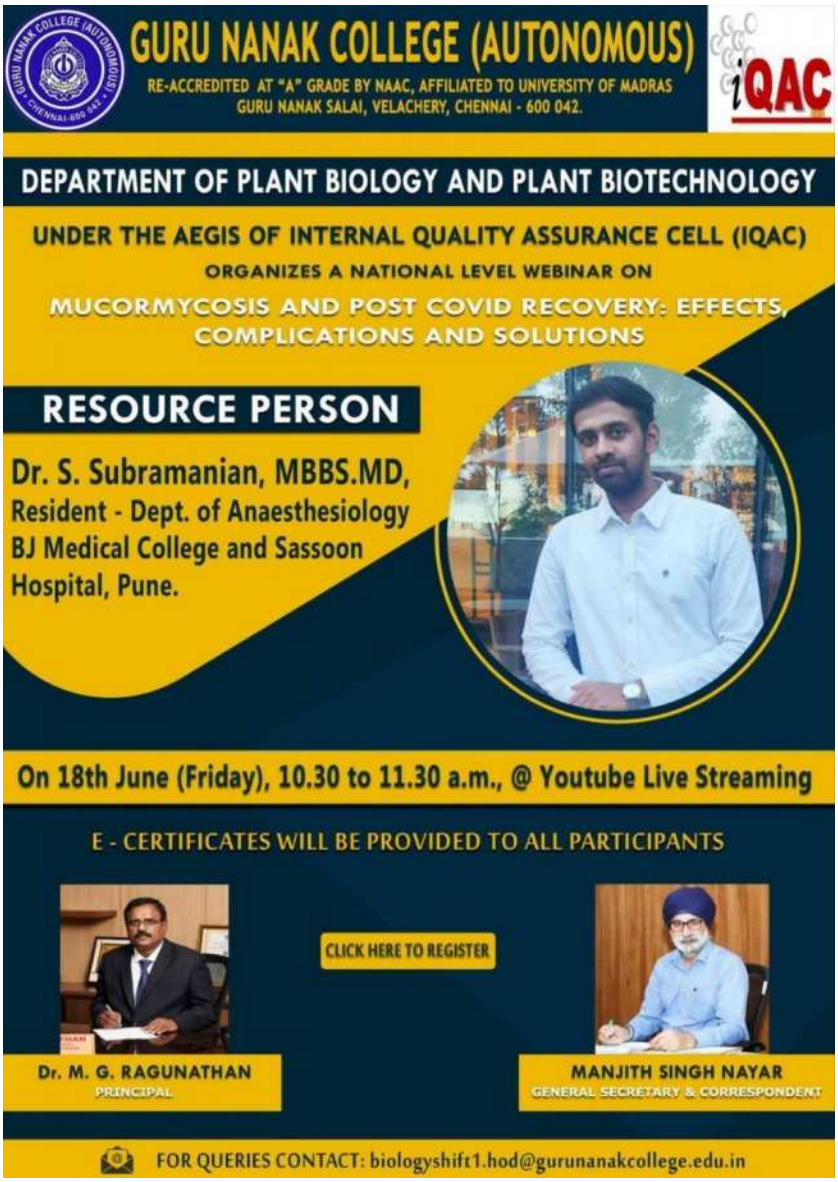

Dr. M. G. Ragunathan, Principal, Guru Nanak College (Autonomous) gave the welcome address. Dr. M. Gopi, Head of the Department, Plant biology and Plant biotechnology highlighted the importance of the webinar, where he enlighten the students that this topic is need of the hour. Dr. S.Nirmalraj Assistant Professor introduced the Resource Person, Dr. S. Subramanian spoke about the set of guidelines for early detection and prevention of black fungus infection, or mucormycosis, among coronavirus patients,and also the latest challenge faced by the country's with healthcare infrastructure.. He stressed the importance of Personal measures that reduce the risk of person-to person transmission, such as hand washing, physical distancing, and respiratory etiquette; Furthermore, he stressed on that "irrational use" of steroids, which can exacerbate diabetes, for the disease that affects the brain, lungs and sinuses, he also highlighted efforts to overcome Mucormycosis by routine lab investigations. He highlighted the some of the specific causative fungus, etiology, pathogenesis, precautions and treatments strategies for Mucormycosis.

Finally the event ended with the Vote of Thanks delivered by Dr. E. Gayathiri, Assistant Professor, Department of Plant biology and Plant Biotechnology, Guru Nanak College (Autonomous), Velachery, Chennai.

The webinar session was streamed live in the YouTube Channel of the Guru Nanak College via google meet because of the overwhelming response from the participants through registration.. The live program and the streamed event was viewed by more than 970 people across the globe. The E-Certificate of Participation was issued all the registered Participants who had submitted the Feedback form.

The overarching goal is for all countries to control the pandemic by slowing down the transmission and reducing mortality associated with COVID-19.

Event Title	TECHNICAL DETAILS OF COVID – 19 VACCINES AND OPPORTUNITIES FOR BIOLOGISTS	
Category	Students and Staff members	
Date	From :25.06.2021	To :25.06.2021
No. of Resource Person	1	
No. of Participants	270	

Report Description:

The Department of Plant Biology and Plant Biotechnology organized a NATIONAL WEBINAR ON "TECHNICAL DETAILS OF COVID – 19 VACCINES AND OPPORTUNITIES FOR BIOLOGISTS" held on 25.06.2021 (Friday) between 10.30 a.m. to 11.30 a.m. Dr. S. Sudhakar, M.Sc., Ph. D., Professor Department of Biotechnology, Mononmaniam Sundaranar University was the Resource person.

Report

The purpose of the webinar is to bring together all the stakeholders in the same platform and get an insight and to highlight the Technical details of the vaccine production and post-COVID opportunities for biologists in the field of pharmaceuticals.

Dr. M. G. Ragunathan, Principal, Guru Nanak College (Autonomous) gave the welcome address. Dr. M. Gopi, Head of the Department, Plant biology and Plant biotechnology highlighted the importance of the webinar, where he enlighten the students that this topic is need of the hour. Dr. Poonam Sethi, Assistant Professor introduced the Resource Person, Dr. S. Sudhakar M.Sc., Ph. D., spoke about the history of vaccine, patent rights and technical details of the vaccine production, and also he highlighted some the important vaccine discovery's such us small fox vaccine and BCG vaccine.

The resource person also discussed the molecular structure of the COVID -19 virus and the practical difficulties of the vaccine production, he used some pictures to explain the molecular arrangement of the virus. He move on to the technical details of covaxin and covishield productions. The last segment of the webinar gives an eye opener to the audience, because the speaker highlighted

the pandemic created opportunities for the life science graduates. After the lecture the participants raised some questions related to the title, all the questions are addressed by the Resource person.

Finally the event ended with the Vote of Thanks delivered by Dr. E. Gayathiri, Assistant Professor, Department of Plant biology and Plant Biotechnology, Guru Nanak College (Autonomous), Velachery, Chennai. The webinar session was streamed live in the YouTube Channel of the Guru Nanak College via google meet because of the overwhelming response from the participants through registration. SCHOOL OF SCIENCES

DEPARTMENT OF PLANT BIOLOGY AND PLANT BIOTECHNOLOGY

Event Title	INTRODUCTION TO PCR AND ITS APPLICATIONS TO DIAGNOSTICS.	
Category	Students and Faculty Members	
Date	From :23.07.2021	To :23.07.2021
No. of Resource Person	1	
No. of Participants	315	

Report Description:

The Department of Plant Biology and Plant Biotechnology organized **INTERNATIONAL WEBINAR** ON "Introduction to PCR and its applications to diagnostics" held on 23.07.2021 (Friday) between 11.00 AM to 12.00 PM. **Dr. A. Khaleefathullah Sheriff,** Specialist in Microbiology, Department of Medical Microbiology Laboratories, The Royal Hospital, Muscat, Sultanate of Oman was the Resource person.

Report

To help meet the growing demand for detection equipment in the face of the ongoing COVID-19 pandemic, the Department of Plant Biology and Plant Biotechnology organized a one day International webinar to create knowledge on PCR techniques that were used in COVID diagnosis. Dr. M. G. Ragunathan, Principal, Guru Nanak College (Autonomous) gave the welcome address. Dr. M. Gopi, Head of the Department, Plant biology and Plant biotechnology highlighted the importance of the webinar, where he enlighten the students that metabolic engineering is enhancement of desired product through upregulation of some gene or may be through down regulation of other genes. Dr. Poonam Sethi, Assistant Professor introduced the Resource Person. Dr. A. Khaleefathullah Sheriff highlighted the effective use of real-time reverse transcription– polymerase chain reaction (RT-PCR), including the biosafety and biosecurity frameworks. He also shared his experience about the use and positioning of both RT-PCR and serology tests in the diagnosis of COVID-19. He also gave a detail explanation on the best practices of sample collection and preparation for real-time RT-PCR, followed by interpretation of results and on quality assurance and quality control. Finally, the webinar series concludes with a unique, 'problem-solving' QA session. Finally the event ended with the Vote of Thanks delivered by Dr. E. Gayathiri, Assistant Professor, Department of Plant biology and Plant Biotechnology, Guru Nanak College (Autonomous), Velachery, Chennai.

The webinar session was streamed live in the YouTube Channel of the Guru Nanak College because of the overwhelming response from the participants through registration. Event Title	WEBINAR SERIES ON MANAGEMENT AND LITERATURE	
Category	Students and Faculty Members	
Date	From :12.07.2021	To :17.07.2021
No. of Resource Person	6	
No. of Participants	651	

Report Description

The School of Management and School of Languages of Gurunanak College organized a Webinar serieson the topic 'Management and Literature' under the aegis of IQAC, Guru Nanak College for 6 days from 12th July 2021 to 17th July 2021. 651 participants including students, faculty members and others of Gurunanak and other colleges from various Districts and states across India like Karnataka, Andha Pradesh, Odisha, Maharashtra, Madhya Pradesh, Bihar, Rajasthan, Haryana, Punjab, Assam, West Bengal, Chattisgarh and Delhi and outside India like Malaysia participated in the programme.

Report

Day 1: 12th July 2021- Kautilya and Management

The resource persons were Dr.M.K.Shakila, Dean- School of Management and Mr.R.Ramesh, Assistant Professor & Head, Department of Sanskrit, Guru Nanak College. They spoke on various phrases from Kautilya's Arthashastra and related it to the concepts of Management and to real life situations.

Day 2: 13th July 2021 – Rahim Ke Dohe and Management

The Resource Persons were Dr.M.K.Shakila, Dean- School of Management and Dr Dolly, Assistant Professor, Department of Hindi, Guru Nanak College. They quoted the couplets of Dohe written by the great poet Rahim and explained how one should live a righteous life following ethics in all his practices. They also highlighted that Rahim's dohe describes concepts of life management including morals of Timemanagement, opportunity, Character, Moral Values Etc.,

Day 3: 14th July 2021 – Shakespeare and Management

The Resource Person was Mr.K.Jayaprasad, Assistant Professor, Department of MBA, Guru NanakCollege. He explained to the audience the management lessons one can derive from the life history of the great playwriter and poet, William Shakespeare as a strategic Thinker, planner, communicator and as a person of great persuasion skills.

Day 4: 15th July 2021 – Thirukkural and Management

The Resource Persons were Dr.D.Shoba, Assistant Professor, Department of MBA and Mr.M.Senthil Kumar, Associate Professor, Department of Tamil, Guru Nanak College. They explained the life lessons taught by the Great Poet Thiruvalluvar and the hidden concepts of Management in the couplets of Thirukkural like fiscal planning, Ethical practices, perseverance, Motivation and so on.

Day 5: 16th July 2021 – Management and French Literature

The Resource persons were Dr.V.Uma Maheswari, Head, Department of MBA and Mr.Nishant Shekhar, Assistant Professor and Head, Department of French, Guru Nanak College. They described the story ofthe Historic king Nepolean Bonaparte and his conduct of army for the French Revolution through his wonderful leadership. They also explained how good leader he was and the strategic planning that helped him win over countries.

Day 6: 17th July 2021 – Management in Tamil Literature

The Resource Person was Ms.T.Lakshmi Pradha, Assistant Professor, Department of MBA, Guru Nanak College. She quoted various works in Tamil Literature and how good they serve as management lessons for even today's crucial scenario and will hold good even in the future. She took examples of phrasesfrom various epics like Kamba Ramayanam, Silapathikaaram, Purananooru and Agananooru and the management lessons they tell us to manage life and business effectively.

SCHOOL OF COMMERCE

DEPARTMENT OF B.COM CORPORATE SECRETARYSHIP (SHIFT -1)

Event Title	AN OVERVIEW OF THE INDIAN CAPITAL MARKETS AND INDIAN ECONOMY	
Category	Faculty Members	
Date	From : 08-07-2021	To : 10-07-2021
No. of Resource Person	3	
No. of Participants	439	

Report Description

Department of B. Com Corporate Secretaryship (Shift–I) Under School of Commerce organized a Three-Days Faculty Development Programme (FDP) topic on "An Overview of the Indian Capital Markets and Indian Economy".

Resource person of the programme were, Dr. DR.V. ADITYA SRINIVAS, Chief Operating Officer and Chief Economist, Bombay Stock Exchange Brokers Forum and Mr. Kaushalkumar Mishra full-time faculty in DHP Financial Training Services

Abstract:

This program was organized by the department in association with Bombay Stock Exchange Brokers Forum to provide key knowledge, information about Indian Capital Markets and Indian Economy.

Day 1 Speaker has highlighted An overview of Capital Market , Working of Stock Market and Fundamental Analysis

Day 2 Speaker has explained Mutual Funds, Financial Planning and Strategies

Day 3 Speaker has presented the PPT about the topic "Investing in this challenging Time, Indian Economy Post COVID – 19, Risk Management in Stock Market & Entrepreneurship Opportunities in Stock Market"

All Three-Day Session was useful to all of us, and it was more interactive and informative. Participants were raised questions and interacted with resource person; they have clarified the doubts. Resource Person share their valuable ideas, thoughts, suggestions and useful tips to participants. The Three Days FDP programme went on very well and successfully completed.

Report

Three-Days Faculty Development Programme (FDP) On "An Overview of the Indian Capital Markets and Indian Economy" Education is not the learning of fact but the training of mind to think We begin with the cote of Albert Einstein.

Day 1 session was started with the prayer, Our Principal Dr. M.G. Ragunathan delivered welcome address, and Head, Department of the Department of Corporate Secretaryship Dr. D. Ranjith Kumar introduced a resource person of the day.

The resource person Mr. Kaushalkumar Mishra as full-time faculty in DHP Financial Training Services and Expert Speaker in Capital Market, He was explained the Capital market operation, Bull and Bear market, How the stock market is functioning, How and when to invest in stock market. He was explained how to open Demat account, trading terminology in stock market operation, Delivery vs Day trading, important terms used in stock market, Settlement process. He was practically explained the stock market operation with moneycontrol.com website. The session was enjoyable, more informative and useful, our participants interacted with the resource person and the resource person responded for all the queries raised by our participants. Day 1 session ends with Vote of thanks.

Day 2 "A person who never made a mistake never tried anything new." We continue with cote of Albert Einstein

This session started with prayer, Resource person of the day was DR.V. ADITYA SRINIVAS, Chief Operating Officer and Chief Economist, Bombay Stock Exchange Brokers Forum. He had delivered a speech with PPT presentation about the topic "Mutual Funds" He was explained about Mutual Fund, Various kinds of funds, Current Scenario, what is SIP, How does SIP works, SIP returns, Why will stock market grow, Difference between investing in Stocks and Investing in Mutual funds, Debt to GDP ratios, FII VS Mutual funds, Comparison of Mutual fund with Traditional Product. He was shared his Practical experience and Knowledge with our participants. The session was interactive and informative. Participants were raised many questions and the resource person responded for all queries raised by them. And, also he gave some useful tips to participants, how and when to invest in highly rated Mutual Fund companies and Top 5 Mutual Fund Companies. Day 2 session ends with Vote of thanks.

Day 3 "The only source of knowledge is experience." We continue with cote of Albert Einstein

This session was started with prayer, and the resource person is DR.V. ADITYA SRINIVAS, he had delivered a speech and presented the PPT about the topic "Investing in this challenging Time, Financial Planning and Strategies, Indian Economy Post COVID – 19, Risk Management in Stock Market & Entrepreneurship Opportunities in Stock Market" He had explained India and World Economy, Large cap stocks, Effect of Covid on Stock market, Gold as asset class, How much one should invest in Gold, Property, Insurance.

The session was useful to all of us and it was more interactive and informative. Participants were raised questions and interacted with resource person, they have clarified the doubts. He gave some valuable ideas, suggestions and useful tips to participants.

Every day is learning experience. The beautiful thing about life is, that we will never reach an age where there is nothing left to learn. An investment in knowledge pays the best interest."

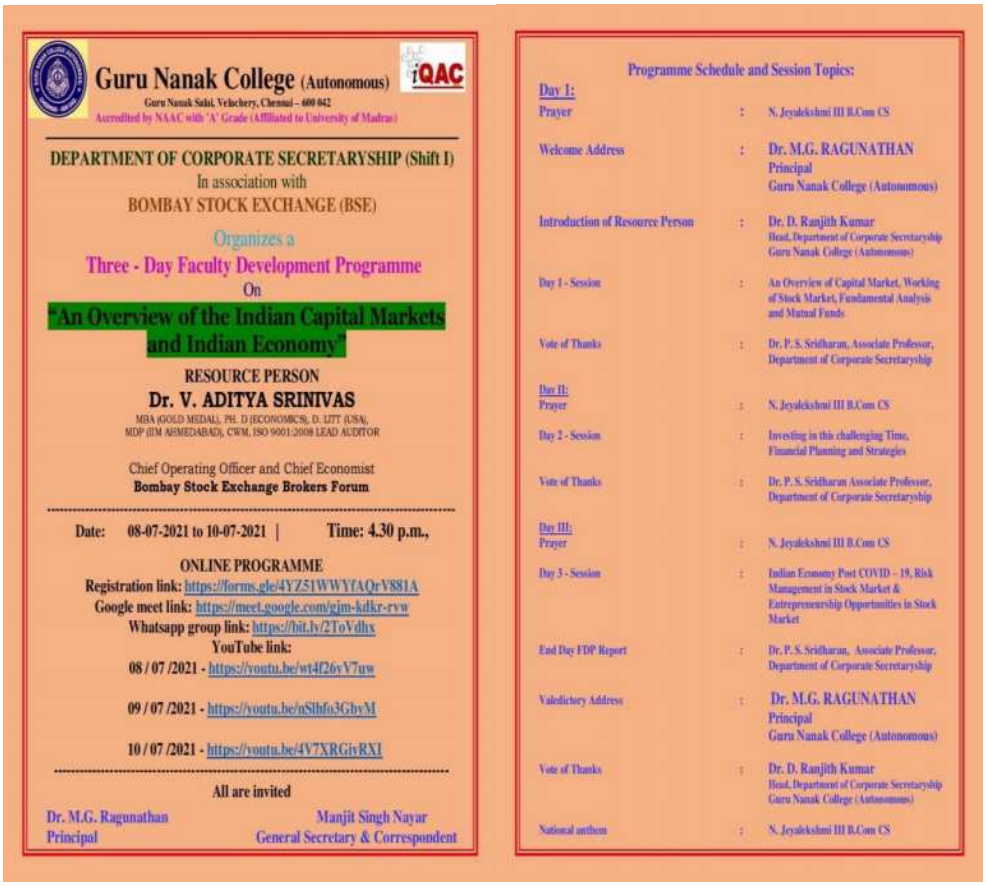

We are happy to share, that we have received more number of registrations from the participants at national and international level, totally, 408 participants were registered for Three Days FDP Programme. In Day 1 - 282 participants attended the programme through Google meet and you tube live. In day 2 -

259 participants attended the programme through Google meet and you tube live and, in day 3 - 439 participants attended the programme and submitted their feedback form.

Our Principal Dr. M.G. RAGHUNATHAN delivered Valedictory Address and Head, Department of Corporate Secretaryship, Guru Nanak College (Autonomous) Dr. D. Ranjith Kumar will propose Vote of Thanks and Day 3 session will comes to an end with National anthem.

Life is a journey, not a destination, on behalf of Department of Corporate secretaryship shift I; we thank all participants for spent valuable time and who travelled with us for all the 3 days.

SCHOOL OF SCIENCES

DEPARTMENT OF ADVANCED ZOOLOGY AND BIOTECHNOLOGY

Event Title	NATIONAL WORKSHOP ON "AQUACULTURE DISEASE DIAGNOSIS"	
Category	Students and Research Scholars	
Date	From 25.02.2021	To: 26.02.2021
No. of Resource Person	1	
No. of Participants	30	

Report Description

The Head of P.G and Research Department of Advanced Zoology and Biotechnology, Dr. J. Jayanthi organized a National Workshop on "AQUACULTURE DISEASE DIAGNOSIS" at – Zoology Department, GNC from 25.02.2021 to 26.02.2021.

Report

Day 1- 25.02.2021

Mr. G. Sathiyaraj, Assistant Technical Manager, Rajiv Gandhi Centre for Aquaculture (RGCA), delivered the lecture on "Aquaculture Disease Diagnosis" followed by the hands on session on "Fixation and Processing Methods for Laboratory Analysis of Shrimp" and Anatomy of Penaeid shrimp. Dr. J. Jayanthi, Associate Professor and Head ofthe Department, Advanced and Biotechnology, Guru Nanak College (Autonomous) addeda note on the "Fixation Methods for Laboratory Analysis of fish". Dr. J. Sivakumar, Assistant Professor, Department of Advanced and Biotechnology delivered the lecture on "Anatomy of Fish" and "Basic Microbiological Techniques in Aquaculture" followed by the dissection of Ornamental fish. Dr. S. Venu, Assistant Professor, Department of Advanced and Biotechnology explained the "Various Methods of Sample Collection" followed by the hands on session on "Wet Mount Analysis and Laboratory Analysis of Aquatic Animals".

Day 2 - 26.02.2021

Mr. G. Sathiyaraj, Assistant Technical Manager, Rajiv Gandhi Centre for Aquaculture (RGCA), delivered the lecture on "Histopathology in Shrimp Disease Diagnosis" and "Hematology of shrimp & Fish" followed by the hands on session on "Tissue Processing Methods for Laboratory Analysis of Shrimp". Dr. J. Jayanthi, Associate Professor and Head of the Department, Advanced and Biotechnology, Guru Nanak College (Autonomous) demonstrated the "Tissue Processing Methods for Laboratory Analysis of Fish". Dr. J. Sivakumar, Assistant Professor, Department ofAdvanced and Biotechnology performed the hands on session on "Staining and Mounting". Dr. S. Venu, Assistant Professor, Department of Advanced and Biotechnology explained the "Microscopy on Shrimp & Fish Diseases" followed by the hands on session on "Mounting of Live Parasites from the Aquatic Animals".

About GNC

Guru Nanak College was founded in 1971, which is liberally carved out of the Raj Bhavan grounds. *Pro Bono Publico* is the motto of the college which means "For the benefit of all". The 25 acres lush green campus provides an ideal setting for the intellectual pursuits of students and academicians. With nearly five decades of existence, the College has recorded exponential growth. It is a full-fledged Co- educational, Post Graduate and Research Institution affiliated to the University of Madras with 23 UG courses, 9 PG courses, 2 MPhil., Programmes and 9 Ph. D., Programmes. As of now, the student strength is 6475. The College is re-accredited at 'A' Grade in the third cycle by NAAC in 2018. The College has on its staff a team of dedicated and committed members who strive to instill in the students, the qualities of leadership and service mindedness. The College offers opportunities for the holistic development of the body and mind of young people.

About GNCR

The "**Guru Nanak Centre for Research**" (GNCR) was initiated in the year 2019 to commemorate the 550th birth anniversary of Shri Guru Nanak Devji. It was started in a view to bring together academicians, researchers and research scholars in the fields of Commerce, Economics, Management Studies, Social Sciences, Botany, Biotechnology, Biochemistry and Microbiology by providing a platform for ground breaking research. GNCR aims at paving the way in the pursuit of basic, applied and advanced research as well as fostering extension activities in various fields. G. S. Gill Research Institute a wing of GNCR named after the Lt. Col. G. S. Gill, Founder of Guru Nanak College is an Autonomous Research Institute involving in exclusive research on insect-plant interaction. GNCR provides an opportunity to explore new avenues and approaches in increasing the visibility of research.

About Aquaculture Disease Diagnosis Workshop

Aquaculture is rapidly growing part of agriculture worldwide. It makes up around 44 percent of total fish production globally. This increased growth of production is achieved despite facing many challenges in the aquaculture environment. Among production limiting challenges, the infectious disease takes the lion share by causing multibillion-dollar loss annually. To reduce the impact of the fish disease, it is necessary to address health constraints based on scientifically proven and recommended ways. This workshop will be useful for researchers and post graduate students in different disciplines such as Zoology, Aquaculture, Fishery Biology and Life Science professionals. This workshop is designed to introduce the principles of Aquaculture Disease Diagnosis to researchers who are in need of pathological and toxicological analysis. This workshop is also aimed to train basic concepts of histology, demonstrate some of the basic and advanced diagnostic methods used in fishery sciences to improve the participant's ability to understand the histological techniques.

OBJECTIVES OF THE WORKSHOP

1. To provide the participants with the skills to collect the various tissues from Fish and Shrimp.
2. To demonstrate the methods involved in Aquaculture Disease Diagnosis
3. To train the participants in histological techniques, such as Fixation, Processing Methods, Sectioning, Staining and Microscopical observation.

REGISTRATION FEE: Rs.500/-. On Spot Registration only. Candidates who wish to attend must send filled in registration form and confirm their participation. Only candidates who confirm their participation will be allowed to register on spot and participate in the workshop. (Registration fee include Workshop Material and Lunch). Last date for Registration is 23rd February 2021.

SCHOOL OF MANAGEMENT

DEPARTMENT OF BUSINESS ADMINISTRATION

Event Title	NATIONAL LEVEL FACULTY DEVELOPMENT PROGRAMME ON "PUBLISH TO PROSPER"	
Category	Faculty Members	
Date	From :14.06.2021	To :14.06.2021
No. of Resource Person	1	
No. of Participants	410	

Report Description

Department of Business Administration in association with Guru Nanak Centre for Research and Internal Quality Assurance Cell organized a National Level Faculty Development Programme using Zoom Meeting link on "**Publish to Prosper".** College Faculty members of both the shifts and from outside colleges (TN and other States) enthusiastically participated in this program. Dr. Harindranath, Associate Professor, MEASI Institute of Management, who has a blend of industry and academic experience, was the resource person.

Report

The Resource person was Dr. Harindranath, Associate Professor (Research), MEASI Institute of Management, Chennai. The session started with the Principal Dr. M.G. Ragunathan welcoming the gathering. Appreciating the organizers on organizing this FDP, he mentioned that, publishing research paper is the need of the hour.

A Special Address was given by our Vice Principal (Shift – II) Dr.N.C.Rajshree. Ms. Anitha Malisetty (JCOE & Head - BBA) greeted all the participants who have joined the FDP and she mentioned that the FDP had an overwhelming response across the country. Approximately, the representations were from 50 Colleges and Universities across the country.

A remarkable introduction about our Resource Person was delivered by Dr. Senthil Kumaran, Associate Professor, Gurunanak College, BBA Department. The very first introduction gave an insight about the knowledge and experience of Dr. Harindranath in his Research work.

Dr. Harindranth started his talk with a simple note that it is difficult in India to spend time on just one activity or goal. And, gave a presentation on the topic. His session was

about "Journal – Preliminary understanding about the Journal". The resource persons gave a clear picture on how to identify the high impact Scopus indexed research journals, in specific he elaborated on predatory publishing and how scholars/paper publishers are tricked into publishing with them. Further, the resource person gave an insight on how to check whether journal is indexed in Scopus, how to get registered in the Google scholar and how to verify the journal cite score, impact score and to

publish a paper in refereed journal He gave information about Sources, entering Subject area, checking title and the importance of checking CITE score.

In fact, he demonstrated each with examples and that helped the participants have precise idea/understanding. It was a complete interactive session and that was welcomed and appreciated by all. The session was very effective and informative for all amateurs and Research Scholars.

Dr. Jayanthi (Dean Research & Convener) thanked the resource person for such an elaborative presentation and for providing tips & tricks to the participants for publishing their research papers in standard Journals. And, as a token of appreciation she presented a certificate to the resource person. Vote of Thanks was rendered by Dr. D. Sangeetha, Assistant Professor, BBA Department.

The unanimous voice of all participants was there must be another session on the same topic to be organized by Business Administration Department.

GURU NANAK CENTRE FOR RESEARCH

Event Title	NATIONAL WEBINAR ON "DISASTER RISK REDUCTION STRATEGIES"
Category	Students, Research Scholar and Faculty members
Date	08.06.2021
No. of Resource Person	1
No. of Participants	700

Report Description

The Guru Nanak Centre for Research (GNCR) in association with the Organization for Industrial, Spiritual and Cultural Advancement (OISCA) International - Guru Nanak College Chapter celebrated the World Ocean Day 2021 by organizing a **NATIONAL WEBINAR** ON "**DISASTER RISK REDUCTION STRATEGIES**" held on 08.06.2021 (Tuesday) between 3.00 p.m. to 4.00 p.m. **Dr. G.P. Ganapathy**, Professor , Director, Centre for Disaster Mitigation and Management, Vellore Institute of Technology (VIT), was the Resource Person.

Report

In life, disaster never knocks before it emerges, but the effect seems to be rather severe and intense throughout the society in a variety of ways. Thus, it is critical to raise knowledge about disaster management and techniques for dealing with disasters among students at an early stage of their path toward being a responsible citizen. As a result, a disaster management workshop is necessary to plan and organize.

So one World ocean day, to create awareness a one day National webinar was planned under the theme **"**Disaster Risk Reduction Strategies**".**The purpose of the webinar is to inform the public of the impact of human actions on the mother earth, that develop direct or indirect impact on it, and causes several disaster in land as well as, and mobilize and unite the world's population on a project for the sustainable management of the world's oceans**.**

Dr. M. G. Ragunathan, Principal, Guru Nanak College (Autonomous) gave the welcome address. Dr. E.Gayathiri. M, Assistant Professor, Department of Plant Biology and Plant Biotechnology Guru Nanak College introduced the Resource Person, Dr. G.P.Ganapathy. This webinar created an interface between academia and administrators so that the gaps in knowledge and understanding could make policies implementable and sustainable.

The Resource Person Dr. G.P.Ganapathy, spoke about "Climate Change (CC) related human and environmental security issues. He also explained the mitigation strategies against the disasters due to number of factors like:- natural and human induced, including adverse geo-climatic conditions,

topographic features, environmental degradation, population growth, urbanization, industrialization, flawed development practices. He also pointed out that India is one among the country affected by floods every year resulting in loss of lives and property.

He also emphasized that natural disasters are transnational, multifaceted, and long-lasting, and that no one entity can handle catastrophes alone. Additionally, he asserts that natural catastrophes are difficult to forecast, avoid, and manage. Additionally, they have detrimental social, economic, and health effects. Natural catastrophes have a cascading effect that is difficult to resolve. Additionally, she said that two types of refugees have grown in recent years, notably climate change refugees and catastrophe refugees.

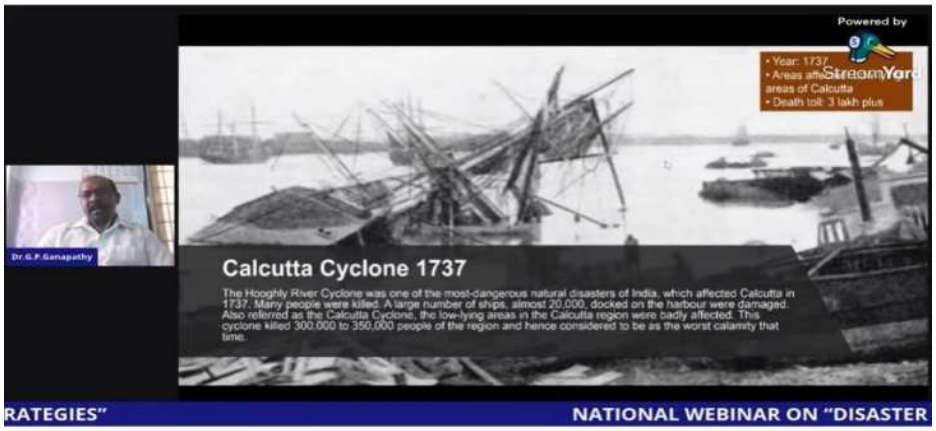

Finally the event ended with the Vote of Thanks delivered by Dr. M. Mahendrakumar, Assistant Professor, Department of Biotechnology, Guru Nanak College (Autonomous), Velachery, Chennai.The webinar session was streamed live in the YouTube Channel of the GURU NANAK CENTRE FOR RESEARCH because of the overwhelming response from the participants through registration.700 participants actively participated the live program and the streamed event was viewed by more than 1333 people across the globe. The E-Certificate of Participation was issued all the registered Participants who had submitted the Feedback form.

Department of Commerce (Accounting &Finance) organized an online national webinar on the title **"ENTREPRENEURSHIP - OPPORTUNITIES AND CHALLENGES"** on **13th May 2021**.Time: 4**:00 p.m. to 5:30 p.m**.

Report

HIGHLIGHTS OF THE WEBINAR:

The invited speaker was Ms. Sujata Tarakesan. She is the Founder of Chennaigaga® - A unit of Tarakesan Ventures.

The session was inducted with the College prayer by Ms.Vinothini.

The Welcome address was given by the College Principal,**Dr.M.G.Ragunathan**. The Chief Guest was introduced by the Head of the department **Dr. Gayathri Harikumar** to the Online audience.

The session was taken up by the resource person, Ms. Sujata Tarakesan after the introduction. An explanatory PowerPoint presentation was given with practical examples.

It gave a clear and easily understandable way of how and what an aspiring Entrepreneur should think before he/she acts. She also gave us real life examples of how she conceptualizes the product, plans, develops designs and produces on a large-scale basis after researching the market based on customer expectations.

She injected the spirit of Tamil and Chennai emotionally into the minds of audience. The brand **Chennai gaga** had product lines which represented Chennai in a raw and authentic manner.

At the end of the session, many students posed interesting questions about the risk management, tracing a good business idea and other thought-provoking questions.

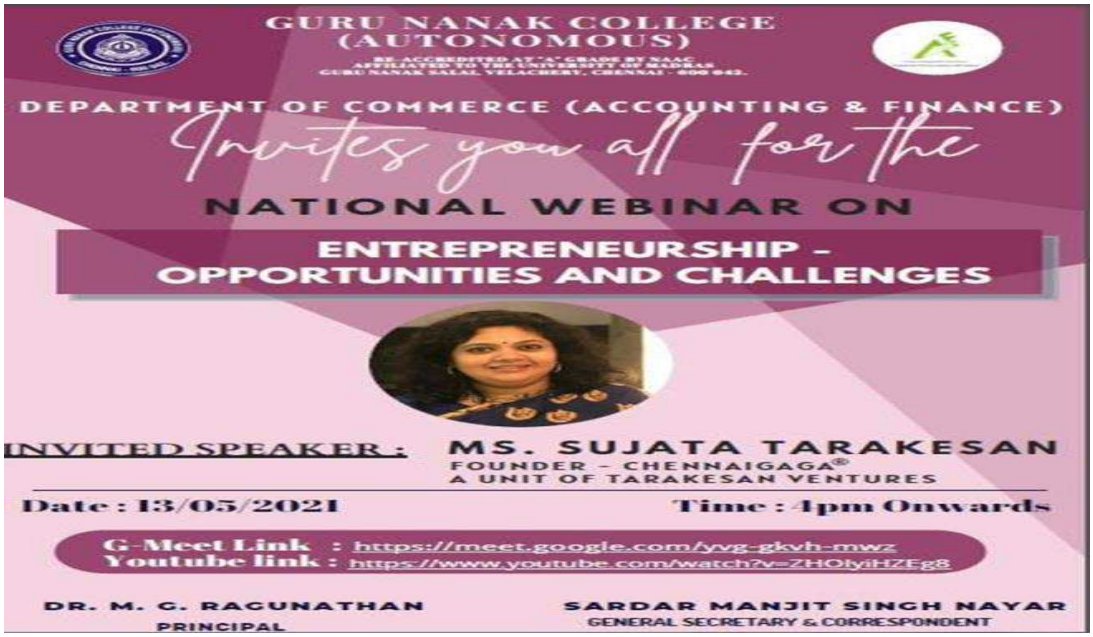

Many students thanked the speaker for her well answered questions. Students expressed their desire to start somesmall-scale businesses and they felt that this session was informative and motivating.

Around 450 participants were there in total, where in 75 participants joined in the GMeet session and 375 participants joined the YouTube live streaming session.

Ms. S. Varshita, final year student of A&F proposed the vote of thanks. She thanked the guest speaker & all other members who had contributed to the successful conduct of the webinar.**Ms.Ajitha Chellam** compered the whole program and thanked the audience.

The session ended up with the National Anthem.

Speaker Profile

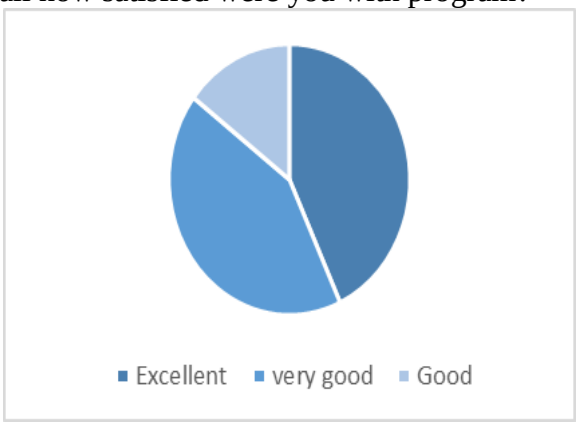

Ms. Sujata Tarakesan.
Founder of Chennaigaga
A unit of Tarakesan Ventures.

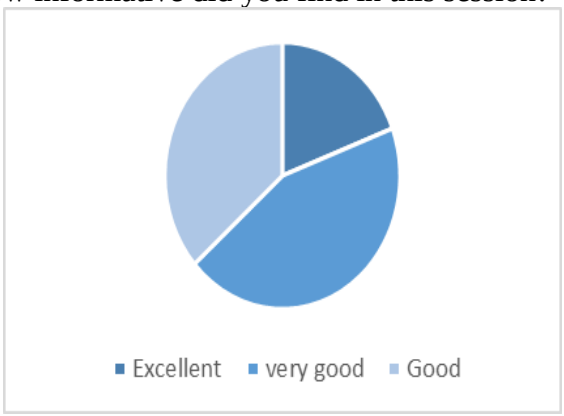

Sujata is the Founder and Creative Director at Chennaigaga, a brand specialising in making uniquely-Chennai Tshirts and Souvenirs since 2010. It's a first-of-its-kind endeavour for the city that's still fondly remembered as 'Madras'. Born and brought up in Chennai, she has a Bachelor of Commerce Degree from Ethiraj College and a specialized Post Graduation from the Institute of Chartered Shipbrokers, London. She started her career in 1997 in the Commercial Department of India Cements' Shipping Division, focusing on chartering and overseeing the operations in ship owning and management until 2003. After a maternity-break, she began freelance writing in 2005 and has had numerous articles, interviews, reviews, fiction and features published in magazines like Ritz, JFW and Jade as well as in The Hindu newspaper's then weekly supplement 'RetailPlus'. In 2009, Sujata conceptualised Chennai's first-ever souvenir brand and now spearheads the operations. With over 8 years' experience in retail as a stand-alone flagship store, chennaigaga is now an online store at chennaigaga.com Chennaigaga is also honoured to be official licensee partner of the Chennai Super Kings and houses CSK merchandise alongside the "Madras to Chennai collection". Interestingly, Chennai did not have typical souvenirs and therefore, Chennaigaga was launched in 2010. Chennaigaga is the first to offer Carnatic Music and Tamil-themed souvenirs too. The designs are creative, Unique, and appeal to both locals and visitors to the city.Sujata also has a Private Pilot's License from Executive Air Terminal, Charleston, West Virginia, USA.

Event Title	FACULTY DEVELOPMENT PROGRAM (FDP) ON "WRITING A WINNING PROPOSAL FOR RESEARCH FUNDING"	
Category	Faculty members	
Date	From :24-03-2021	To : 25-03-2021
No. of Resource Person	2	
No. of Participants	1448	

Report Description

Guru Nanak Centre for Research in Association with Department of Information System Management (ISM), Guru Nanak College, Chennai, organized Two day National level Faculty Development Program (FDP) on, "Writing a winning proposal for Research Funding"between 24th and 25th March 2021. The session started with Welcome note by The Principal, Guru Nanak College, Dr.M.G. Raghunathan sir, address session by Dean-IT and Dean Research, Ms.C.Nirmala Devi mam and Dr.J.Jayanthi mam respectively. Ms.R.Caroline Kalaiselvi, Associate Professor and Head, Department of B.Com-ISM, introduced the Chief Guest for both the days. Dr.Gopalakrishnan S, Professor, Archarya Institute of Graduate Studies, Bangalore Was the resource person for the first day FDP. He focused on aspects likewhat is a research project proposal, various funding agencies both at the national and international level, eligibility criteria and various challenges involved in applying a funded research project. He also explained with the model project that he applied for the ICSSR projects which won Rs.15 lakhs. The session was very informative and awakening for the research scholars and other audience from the different disciplines.

There were around 650 respondents from various places, namely, Chennai, Bangalore, Hyderabad, Trichy and other places. The program ended with Question answer session. For want of time questions were streamlined and very few selective questions were addressed by the resource person. Overall, the session was very much appreciated by the audience and otherofficials.

The second day FDP was organized by the Guru Nanak Centre for Research in Association with Department of Information System Management (ISM), Guru Nanak College,Chennai, on 25th of March 2021. Dr. Dhanabalan T, Assistant Professor, Archarya Institute ofGraduate Studies, Bangalore was the resource person on 25th March, (2nd day). Dr. DhanabalanT addressed on various elements involved in preparing a funded project. He explained very elaborately in writing a funded or winning project starting from Title formation, Objectives ofthe proposed projects, problem statement, research methodology, need, data collection methodsand do's and don'ts, Budget preparation, and finally how to write the research projects.

He explained all the nuances involved in a project and how to overcome with it. 1448 48participants for the FDP and program ended with question answer session. Both the day FDP was very fruitful and there was good response from the feedbackqueries. Many have expressed their views to conduct such programs in near future. The session ended with vote of thanks by Dr.A Anuradha, Associate professor,Department of B.com-ISM.

Event Title	"INTELLECTUAL PROPERTY RIGHTS (IPR)-A PROMISING FIELD FOR THE COMMERCE GUILD"	
Category	Students	
Date	From: 22.03.2021	To: 22.03.2021
No. of Resource Person	1	
No. of Participants	410	

Report Description

Department of Commerce (Accounting &Finance) organized an Online National Webinar on the title **"INTELLECTUAL PROPERTY RIGHTS (IPR) -A PROMISING FIELD FOR THE COMMERCE GUILD"** on **22nd March 2021 from 3**:00p.m.to4.30p.m. (IST).

Report

The Department of Commerce (Accounting & Finance) arranged a webinar on the 22nd March 2021 on the topic "**Intellectual Property Rights (IPR) -a Promising Field for the Commerce Guild**".

The invited speaker was **Dr. M. MAHENDRAKUMAR M.Sc., Ph.D**. He is an Assistant Professor in the Department of Biotechnology, Guru Nanak College (Autonomous), Chennai.

The session was inducted with the College prayer rendered by Ms. Vinothini. This was followed by the introduction of the Chief Guest by **Dr. Gayathri Harikumar**, Head of the Department of Commerce (Accounting & Finance).

The resource person presented a PowerPoint presentation which explained the basics of trademark, copyrights, patents and IP Laws. It was followed by an interesting Question& Answer session where lots of case studies related to IP & Patents were discussed .Real life disputes on IP & GI among MNCs were discussed. The talk kept the audience in hooks when they heard about the registration process of obtaining a trademark for themselves.

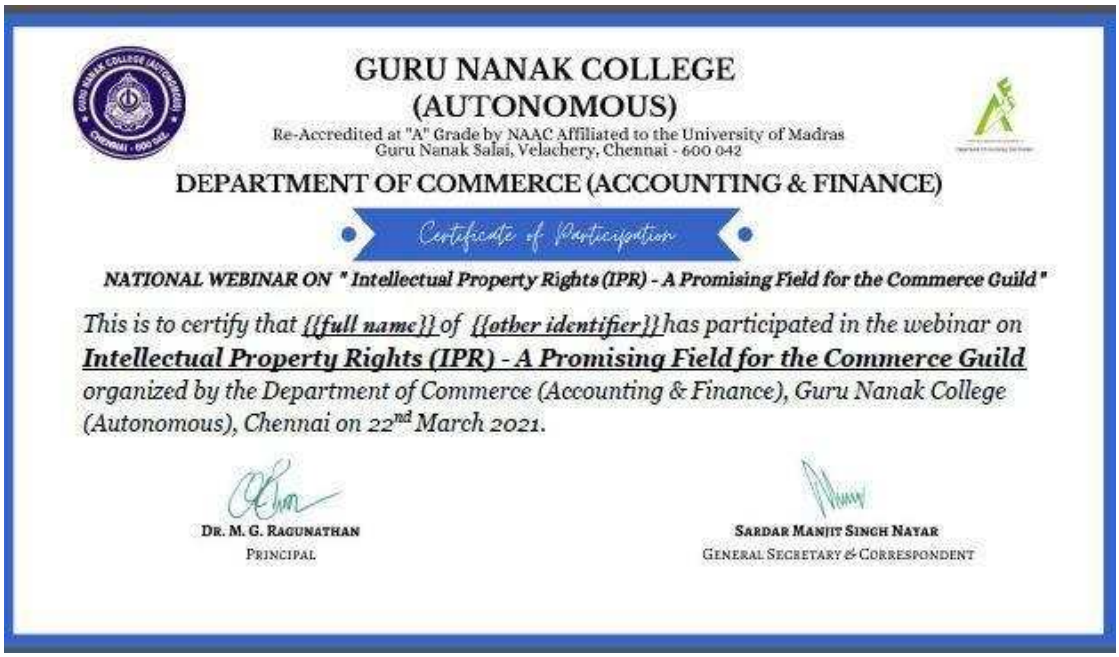

It was surreal to see how an idea of an individual should be protected and given the exclusive rights it deserves. All the participants were blessed to get the opportunity to receive such great inputs on IPR. Around 410 participants were there in total, where in 60 participants joined in the Google Meet session and 350 participants joined the YouTube live streaming session.

Mrs. S. Amudhalakshmi, Assistant. Professor of the Department proposed the vote of thanks. She thanked the guest speaker & all other members who had contributed to the successful conduct of the webinar. The session ended up with the National Anthem.

Event Title	WEBINAR ON STRATEGY FOR MANAGING PERSONAL FINANCE INCLUDING MUTUAL FUNDS AND NPS	
Category	Students	
Date	From: 18.03.2021	To: 18.03.2021
No. of Resource Person	2	
No. of Participants	390	

Report Description

Department of Commerce (Accounting &Finance) organized an Online National Webinar on the title **"STRATEGY FOR MANAGING PERSONAL FINANCE INCLUDING MUTUAL FUNDS AND NPS"** on **18th March 2021 from** 4:00 p.m. to 6:00 p.m. (IST).

Report

HIGHLIGHTS OF THE WEBINAR:

The webinar was inaugurated by **Dr.M.G.Ragunathan,** Principal, Guru Nanak College (Autonomous), Chennai, Tamil Nadu, India. **Dr.S.Athilinga Senjith, Organizing Secretary,** presented the theme of the National Webinar and spoke about the effects of COVID- 19 on per-capita income, GDP and the significance of savings post COVID.

Dr.Gayathri Harikumar, Head & Convener, Department of Commerce (A&F) introduced the key note speaker Shri. Surya Kant Sharma, Sr Consultant- North India, AMFI.

Shri Surya Kant Sharma, Sr Consultant- North India, AMFI, the keynote speaker, touched upon the present scenario of the economy. At the outset, he cautioned the participants that the forthcoming 12 months would be tough for all of us with regard to managing our personal finances. He emphasized that all of us should keep apart sufficient funds for taking care of monthly expenses covering a minimum period of one year. Further, he stated that if we have any social or financial commitment in the next 18 months, adequate funds need to be kept handy. These funds can appropriately be kept in savings accounts, fixed deposit, liquid funds, ultra-short-term funds or short-term funds. After this, if we have surplus funds which are not likely to be required in the next three months, these surplus funds can be deployed in AAA+ rated debt funds. The funds which are not likely to be needed for more than three years can be invested in equity funds or balanced funds as per the risk appetite of the individual investor.

He then shared basic information on various investment avenues available in the market viz. real

estate, gold, Government/RBI bonds, corporate bonds, Government schemes (Post office schemes, PPF, NPS, Sukanya Samriddhi Scheme, securities market etc.

Shri Sharma cautioned general investors not to enter securities market directly as there are inherent risks in the market and unless the investor has sound knowledge of market, sector, national & international economy, he should desist from entering into the market directly. Instead, mutual funds are the best option available for a general investor wherein he can invest a minimum amount of Rs.500/- through Systematic Investment Plan (SIP) and build a corpus over a period of time. He explained the mutual funds schemes which can be chosen by an investor as pertheir investment horizon and need of funds.

At the end, he emphatically cautioned participants not to invest in unregulated fund mobilization schemes and Ponzi schemes which gives assurance for higher and quick return the beginning but ultimately vanishes the hard-earned money of investors. Not too wealthy investors are more susceptible to such allurement andhaveso far lost crores of rupees in the recent past.

Mr.Poochelvam, Manager, NSDL E-Governance Infra Ltd., was the invited speaker for the second session. Mrs.S.Amudhalakshmi, Assistant Professor, Department of Commerce (A&F) introduced the speaker. He narrated about NPS and its benefits.

Around 390 participants were there in total, where in 300 participants joined the ZOOM Meet session while 90 participants joined the YouTube live streaming session.

At the end of the program **Mr.M. Prabhu, Assistant professor**, proposed the vote of thanks.

DEPARTMENT OF COMPUTER SCIENCE

Event Title	WEBINAR ON "THE PSYCHOLOGICAL CONSEQUENCES AGAINST WOMEN AND HOW TO OVERCOME IT"	
Category	Students and Faculty	
Date	From: 12.03.2021	To:12.03.2021
No. of Resource Person	1	
No. of Participants	270	

Report Description

The Department of Computer Science organized a Webinar on "The Psychological Consequences against Women and How to Overcome It" on 12th March, 2021 through Google Meet Platform for Students, and faculty members. **Dr. Arun Kumar, MD., PGDMLE. Professor & Head of Forensic Medicine, Theni Govt. College** was the invite speaker who delivered the presentation about domestic violence against women and how to overcome it. More than 270 students actively participated in the event.

Report

Domestic violence is a serious threat for many women. Know the signs of an abusive relationship and how to leave a dangerous situation. Abusive relationships always involve an imbalance of power and control. An abuser uses intimidating, hurtful words and behaviours to control his or her partner. It might not be easy to identify domestic violence at first. While some relationships are clearly abusive from the outset, abuse often starts subtly and gets worse over time. You may not be ready to seek help because you believe you're at least partially to blame for the abuse in the relationship. If you're having trouble identifying what's happening, take a step back and look at larger patterns in your relationship. Then, review the signs of domestic violence. In an abusive relationship, the person who routinely uses these behaviours is the abuser. The person on the receiving end is being abused.

No. of Resource Person	1	
No. of Participants	260	

Report

The Banking Ombudsman Scheme is an expeditious and inexpensive forum for bank customers for resolution of complaints relating to certain services rendered by banks. The Banking Ombudsman Scheme is introduced under Section 35 A of the Banking Regulation Act, 1949 by RBI with effect from 1995. Presently the Banking Ombudsman Scheme 2006 (As amended up to July 1, 2017) is in operation.

The Banking Ombudsman is a senior official appointed by the Reserve Bank of India to redress customer complaints against deficiency in certain banking services covered under the grounds of complaint specified under Clause 8 of the Banking Ombudsman Scheme 2006 (As amended up to July 1, 2017). All Scheduled Commercial Banks, Regional Rural Banks and Scheduled Primary Co-operative Banks are covered under the Scheme. The Banking Ombudsman can receive and consider any complaint relating to the deficiency in banking services.

Our department of Economics has organized Banking Ombudsman Scheme 2006 and sponsored by RBI, Chennai. The Lecture program is held in Guru Ramdas Seminar Hall at 10.00am to 1.30pm on 04.03.2021. The welcome address is delivered by our college Principal. The chief guest of RBI officials are introduced by the head of the Department of Economics. The introduction address about Banking Ombudsman Scheme is delivered by Mr. K. Selvaraj, AGM, OBO, RBI in Chennai. The key note address is delivered by Ms. Booma Santhakumari, GM, OBO, RBI in Chennai. She has explained about the issue and problems of digital financial transaction in banking sector. About 200 students are participated and fifty staff members from our college are attended in this program. The students are interacted effectively with banking officials. On behalf of RBI, the hospitality has rendered about Rs.50100. On the occasion of this program, the department of Economics has conducted various competitions for the students of economics in our college. The cash prize is Rs.6000 given to I, II, and III prize winners and certificates are issued for participants of the program. The overall program is successful and everyone is happy about the program organized by the department of economics.

DEPARTMENT OF COMPUTER SCIENCE

Event Title	WEBINAR ON "3D ANIMATION"	
Category	All I Year Students and faculty members	
Date	From : 20.02.2021	To : 20.02.2021
No. of Resource Person	1	
No. of Participants	101	

Report Description

The Department of Computer Science organized Webinar on "3D Animation" on 20th February, 2021 through Google Meet Platform for Students, and faculty members. **Mr. Udhaya Shankar, 3D Subject Leader, Image Infotainment** was the resource person who delivered the presentation about 3D Animation and its related concepts. More than 93 students actively participated in the event.

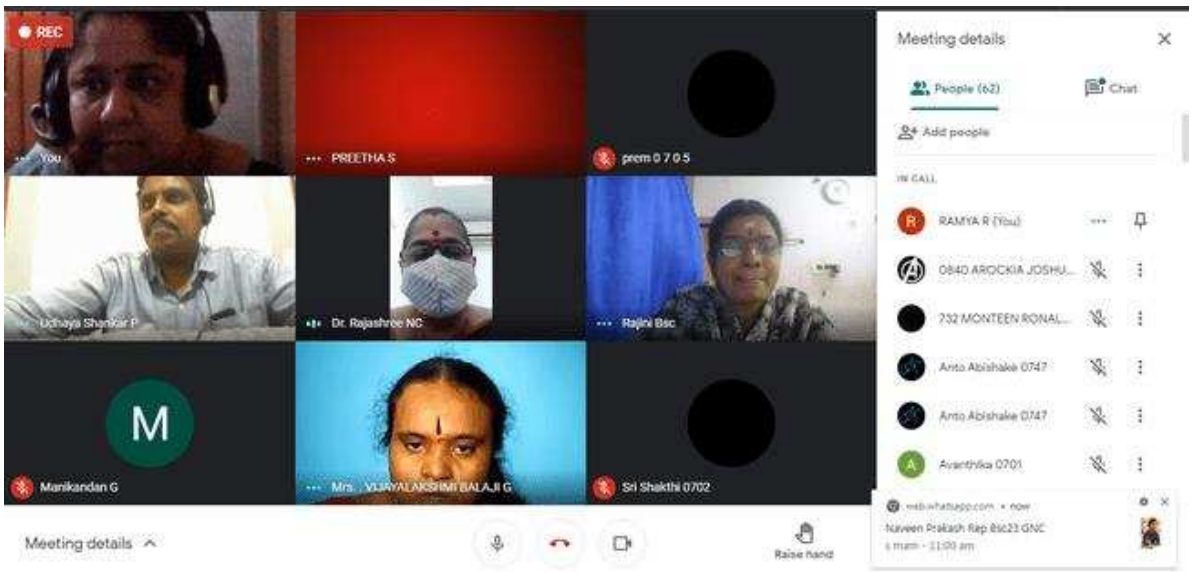

Report

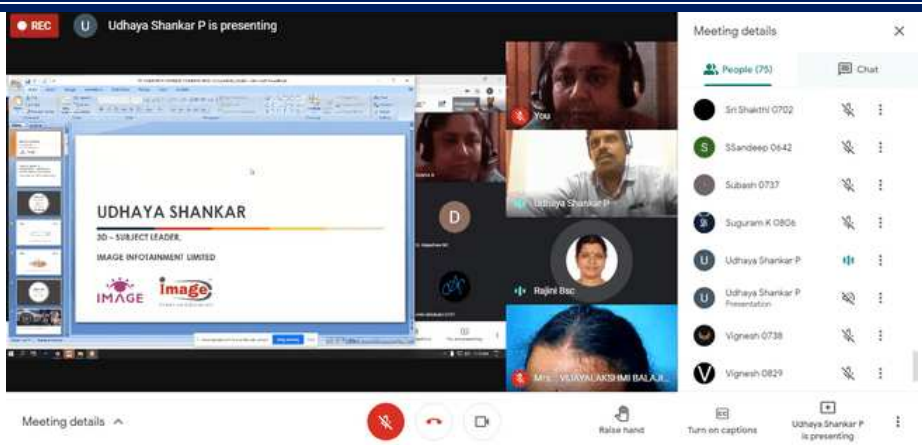

Although animation has been with us for as long as a few decades now, the concept of animation still seem pretty much magical to the layman. 'How do you make drawings come alive on screen?' is what they usually ask. They still refer to 3D animation as 'drawing' and know not a thing about the process that goes on behind 3D animation. In a nutshell, computer 3D animation refers to the work of creating moving pictures in a digital environment that is three-dimensional. Through the careful manipulation of objects (3D models) within the 3D software, we can then export picture sequences which will give the illusion of movement (animation) based on how we manipulate the objects. The process of creating 3D animation can be sequentially divided into three phases: modelling – which describes the process of creating the 3D objects within a scene, layout and animation – which describes how objects are positioned and animated within a scene, and rendering – which describes the final output of the completed computer graphics. Through the combination of the above phases and a few other sub-phases, this completes the process of a 3D animation production. The Resource person shared with his finding and a detailed knowledge on 3D Animations.

SCHOOL OF HUMANITIES

DEPARTMENT OF ECONOMICS

Event Title	UNION BUDGET 2021 22	
Category	Guest Lecture	
Date	From : 11/02/2021	To : 11/02/2021
No. of Resource Person	1	
No. of Participants	120	

Report Description

The Department of Economics Organized one Days **Guest Lecture** Program on **UNION BUDGET 2021 22** From 11-02-21 From Guru Ramdass Ac Seminar Hall in College Campus.

Report

The Union Budget 2021-22 was presented by the Hon'ble Finance Minister Nirmala Sitharaman on 1st February 2021 in the Parliament. This year's Budget lays focus on the seven pillars for reviving the economy–Health and Wellbeing, Physical and Financial Capital and Infrastructure, Inclusive Development for Aspirational India, Reinvigorating Human Capital, Innovation and R&D, and Minimum Government Maximum Governance. Several regulations around the securities market are proposed to be merged as a single code. Several direct taxes and indirect taxes amendments were also proposed.

Prof. V.B. Athreya, resource person has delivered lecture on Union Budget Analysis-2021-22. He has emphasis about the tax structure of both direct and indirect taxes for the development of the economy. He revealed that the tax reforms reduced the capital formation and Economic Development. He has pointed out that sale of public properties to private is dangerous to the social security and allocation of resources for socially marginalized people. There are two hundred students were attended in Guru Ramdas Seminar Hall at 10.30am to 1.30pm on 11.02.2021. The resource person delivered a lecture on online and the participants were gathered at Seminar Hall and interacted with resource person. The program has went on successfully and relevant to the student community.

Event Title	INTERNATIONAL WEBINAR ON "CAREER & PASSION-EAST vs WEST"	
Category	Students	
Date	From : 05.02.2021	To : 05.02.2021
No. of Resource Person	1	
No. of Participants	425	

Report Description

Department of Commerce (Accounting &Finance) organized an online international webinar on the title **"CAREER& PASSION-EAST vs WEST"** on **5thFEBRUARY 2021 from** 5:00 p.m. to 6:00 p.m (IST).

Report

HIGHLIGHTS OF THE WEBINAR:

The invited Guest speaker was **Mrs. SANGEETHA AGARWAL**. She is presently working as a Manager at Monster Government Solutions, Virginia, USA. She is also the Artistic Director of Hastaswara Performing Arts, Bharathanatyam and Carnatic music at USA.

The session started with the College prayer rendered by final year student, Ms.S.Vinodhini. The resource person was introduced to the online attendees by the Head of the Department, Dr. Gayathri Harikumar.

Despite the time difference as per GMT, the speaker filled the platform with lots of energy and inspiration, even though it was an early morning 5:30 am schedule for her. She spoke about her journey from India to the Unites States of America transcended into an eventful one and gave constructiveinputsfor the aspiring students willing to migrate abroad. Her daughter, Neha Agarwal of 19 years, pursuing her Computer Engineering joined the Google Meet to share her educational experiences in the foreign land. Ms. Neha told her views from student's point of view to alter the notions about the west.

The Speaker clarified about the prevailing myths of moving to another country, the pros and cons of moving abroad to take up one's career and desirable qualities of achieving success in life. She asked the participants to do a self- analysis and identify their passion to move enthusiastically forward in life.The session ran interestingly with many participants asking a lot of questions.

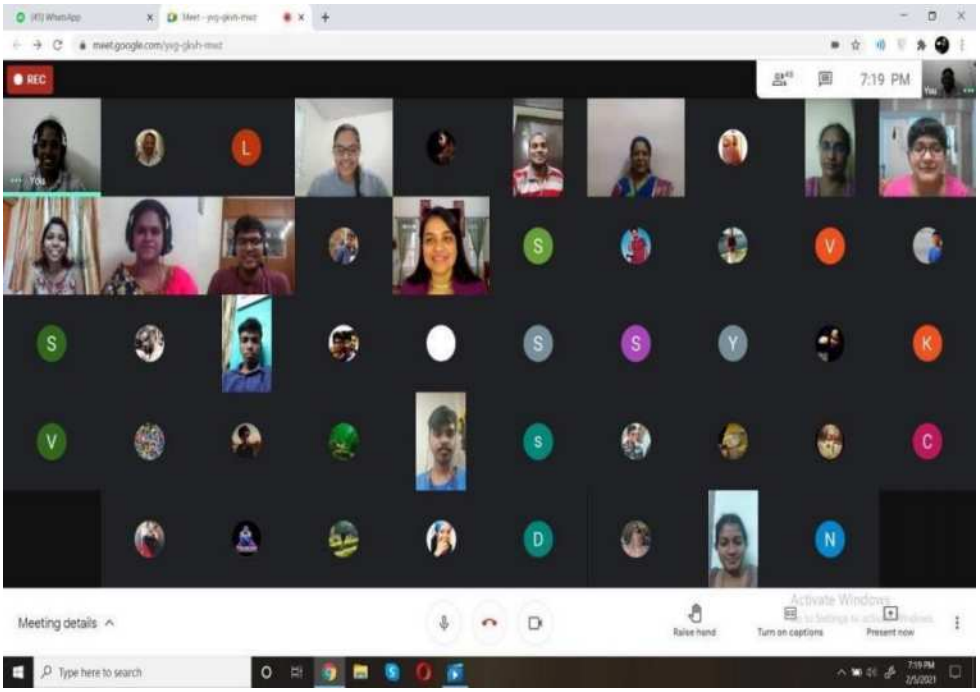

The program came to an end only at 7 pm exceeding the scheduled duration. Around 425 participants were there in total, where in 100 participants joined the Google Meet session while 325 participants joined the YouTube live streaming session.

Mrs. S.Amudhalakshmi, Asst.Professor of the Department proposed the vote of thanks. She thanked the guest speaker& all other members who had contributed for the successful conduct of the international webinar.nThe session ended up with the National Anthem.

SCHOOL OF INFORMATION TECHNOLOGY

DEPARTMENT OF COMPUTER APPLICATIONS

Event Title	INTERNATIONAL FDP ON "CURRENT TRENDS AND TECHNOLOGIES IN IT"	
Category	Students and faculty members	
Date	From: 01.02.2021	To: 04.02.2021
No. of Resource Person	4	
No. of Participants	301	

Report Description

The Department of BCA has organized an International FDP on "Current Trends and Technologies in IT" from 01/02/2021 to 04/02/2021, which is an initiative taken to enrich our mind with a vision to learn the use of current technologies in their research work and also to apply them in their teaching process.

Report

Four days International Faculty Development Programme (FDP) was organized on "Current Trends and Technologies in IT", by Department of Computer Applications (BCA), from 1st Feb to 4th Feb, 2021. The objective of this FDP was to foster the level of technical teaching and research aptitude of the faculty members, either doing research or planning to undertake research work under the domain of Computer Science and IT. The Four days FDP programme was conducted in 4 interesting and knowledge imparting sessions touching broad segments of Computer Science and Information Technology. FDP covered various domains with different technical sessions imparting knowledge from Cloud Computing, Artificial Intelligence, Process Automation using Robotics; software testing etc. The total number of participants registered was 302. This includes faculty members from various colleges across the countries from different disciplines.

The FDP began on 01-02-2021 and the session was on Cloud Computing- A paradigm shift in IT architecture in which the guest speaker Mr. Abhishek Praharaj, Regional Consultant (APAC), Hexagon, Singapore, focused on: „Cloud Computing – A Paradigm Shift in IT Architecture", He highlighted the importance of Cloud Computing and future of technology using Cloud Computing.

Day 2 session was held on 02-02-2021 by Mr. Sendhil Nathan, Supply Chain Manager, Ford Motor Pvt. Ltd., Chennai. He highlighted the importance of Robotic process Automation and its future in the industry.

Day 3 Mr. Ravi Kiran, Technology Project Manager, Postnord, Stockholm, Sweden elaborating on „Artificial Intelligence - Advancement In Relation To Industry 4.0". He gave a crisp presentation on the industrial practice using AI.

The final day of the FDP had Mr. Gaurav Mishra, Senior Analyst, Toronto-Dominion Bank, Singapore as the resource person. He covered the „Latest Trends in Software Development". He shed light on the concept of Devops and current testing framework.

This FDP has connected us to the trending technologies in IT industry and has opened gateways of further learning. The entire session was very informative for the faculties, which also enabled them to utilize the sessions in a fruitful manner.

Report

HIGHLIGHTS OF THE WEBINAR:

The invited Guest speaker was **Ms. G.CHRISTY STARINA**. She is an International Athlete and a Long jumper of Masters Category representing India in various World level and Asian Sports meet right from the year 1988 till date. She has brought many laurels& accolades to our country. She inspired the students and she is an exceptional and extraordinary person.

The session started with the College prayer rendered by final year student, Ms.S.Vinothini. The resource person was introduced to the online attendees by the Head of the Department, Dr. Gayathri Harikumar. The speaker spoke about her childhood experiences and explained her real life story in length. She enlightened the students with the "Essential 3 D's " required to succeed in life- **Discipline, Dedication& Determination**

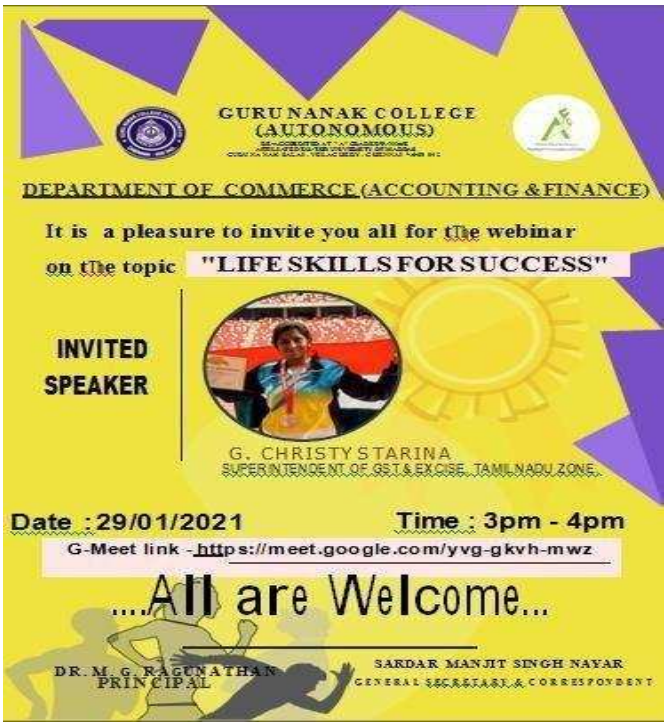

The speaker kept the audience in hooks when she narrated her sporting career challenges. Her expressive narration of the life incidents had an emotional impact on the listeners. She concluded talk with a note to the teachers &all elders requesting them, to motivate the students to take up some physical activity in their routine day to day life.

The session was followed by a question and answer discussion. Many students asked questions about the life style, career and job responsibilities of the speaker. They expressed their hearty thanks to the guest for her amazing inputs and impressive interaction.

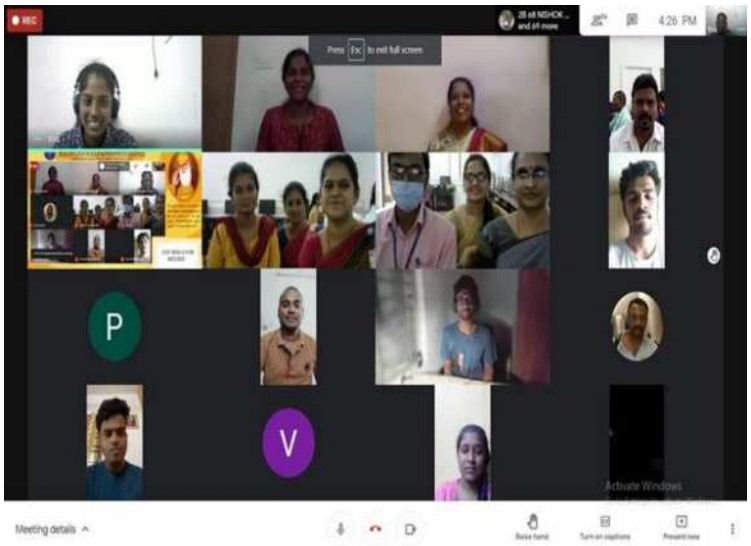

Around 400 participants were there in total, wherein 100 participants joined the Google Meet session while 300 participants joined the YouTube live streaming session.

Mrs. S.Amudhalakshmi, Asst.Professor of the Department proposed the vote of thanks. She thanked the guest speaker& all other members who had contributed for the successful conduct of the webinar. The session ended up with the National Anthem.

Speaker Profile

Christy Starina
Executive at Government Finance Officers Association (GFOA)
Chennai, Tamil Nadu, India.

She represented the country in the Asian masters' athletic championship at Singapore after a gap of 10 long years. She fell short of her personal best (11.5m at Asian masters' athletic championship at Bangalore in 2006) by more than 2m jumping 9.27m in the triple jump event. But the performance of G Christy Starina, superintendent of central excise, Puducherry was more than enough to bag gold for the country in the above 45 years' category in the 19th Asian masters' athletic championships that concluded last month. Christy also bagged bronze medal in long jump with a 4.24m effort. India finished second after China (77 gold, 55 silver and 28 bronze medals) in the medals' tally with 75 gold, 70 silver and 71 bronze medals in the championship in which more than 19 countries participated. Her impressive performance in the Asian championship has given her the opportunity to represent the country in the World masters' athletic championships scheduled from October 26 to November 6 this year at Perth in Australia.

SCHOOL OF HUMANITIES

DEPARTMENT OF SOCIAL WORK

Event Title	ROLE OF PROFESSIONAL SOCIAL WORK IN THE FIELD OF MEDICAL AND PSYCHIATRIC SOCIAL WORK	
Category	Students and Faculty	
Date	From: 07.01.2021	To :07.01.2021
No. of Resource Person	1	
No. of Participants	40	

Report Description

A session on the role of Professional Social Work in the Field of Medical and Psychiatric Social Work.

Report

Dr. Reena Merin Cherian is a social worker, academician, researcher and author with an experience of a decade, she is currently an Assistant Professor of SW at Christ University, Bangalore, Karnataka, India. She has previously taught at Department of Social Work, University of Delhi and National Institute of Social Defence, Delhi and have worked with The Teacher Foundation, Bangalore; The Art Outreach Society, Kochi; Citizen Empowerment Division at St. Mary's School, Delhi; Praxis: Institute for Participatory Practices, Delhi; Partners in Change, Delhi and United Nations Development Program.

Content of the Session

- "Just because no one else can heal or do your inner work for you, doesn't mean you can, should or need to do it alone."
- Medical and Psychiatric social workers provide support and guidance to clients and their families.
- In present, mental issues in INDIA is 3-4%.
- Due to the present situation (Covid-19), it could have increased globally.
- Though the percentage is lesser but the impact will be of higher chances.

'**Role of Social Worker in Medical and Psychiatric Setting**

What is Medical and psychiatric Social work ROLE OF PSYCHIATRIC SOCIAL WORKER

- Work with disturbed children
- Conduct family theory
- Meeting various clients groups in psychiatric hospital

SETTINGS OF MPSW

- Case work mental health and clinical NGO hospitals
- Policy formulation
- Community mental health
- Courts-family courts.

LEARNINGS IN THE SESSION

In Medical and Psychiatric Social Work field we will notice many populations with any mental health or substance use disorder which includes Depression, Anxiety, Bipolar disorders, Eating disorder, Alcohol and drug usage disorder.

Civil society is a modern man who uses his self interests and develops his individuality but also learns group action and social functions which as a part of M and P. The main role of psychiatric social worker is to work with disturbed children and adolescents with behaviour problems, maladjusted teenagers, withdrawal cases and children with learning problems, write case sheets and facilitate the treatment process.

Resource person address the students and staffs with his valuable speech of "Role of Professional Social Work in the Field of Medical and Psychiatric Social Work

Speaker Detail

Dr. Reena Merin Cherian
Assistant Professor of Social Work,
Christ University, Bangalore.

Experienced development worker with a demonstrated history of working with children, families and rights. Skilled in documentation, applying MS Office packages, N-Vivo and ATLAS, Documentation, and Public Speaking. Strong business development professional with a Doctor of Philosophy (Ph.D.) focused in Social Work from Delhi University. Authored a book and several articles accruing to diverse areas of development practice. She involved community empowerment through child participation; including interactions with students across classrooms and encouraging their participation in diverse aspects like Urbanisation, Urban Farming, Constitution and Citizenry etc.

Report Description

Session on the Role of Social Work in Community Development Practices

Report

Community Development is a Professional Discipline and a practice based profession focused on promoting practicipative democracy, sustainable growth, increasing the number of economic opportunities, improving social justice, through the organizing, educating and empowering people in the urban and rural communities.

We had a field work conference on the topic "Role of Social Work in Community Development Projects" by Prof. Agnes, Assistant Professor, Madras School of Social Work.

About the Program and Learning:

Cultural change is a concept that denots some internal and external factors leading to change in the cultural pattern of societies.

Industrial Revolution vastly increased the size of cities and population. Modern Agricultural Technology has made it possible for the earth to support a far denser population then it even did before.

Which brought a drastic change in the society.

These are the changes in the projects of Community Development.

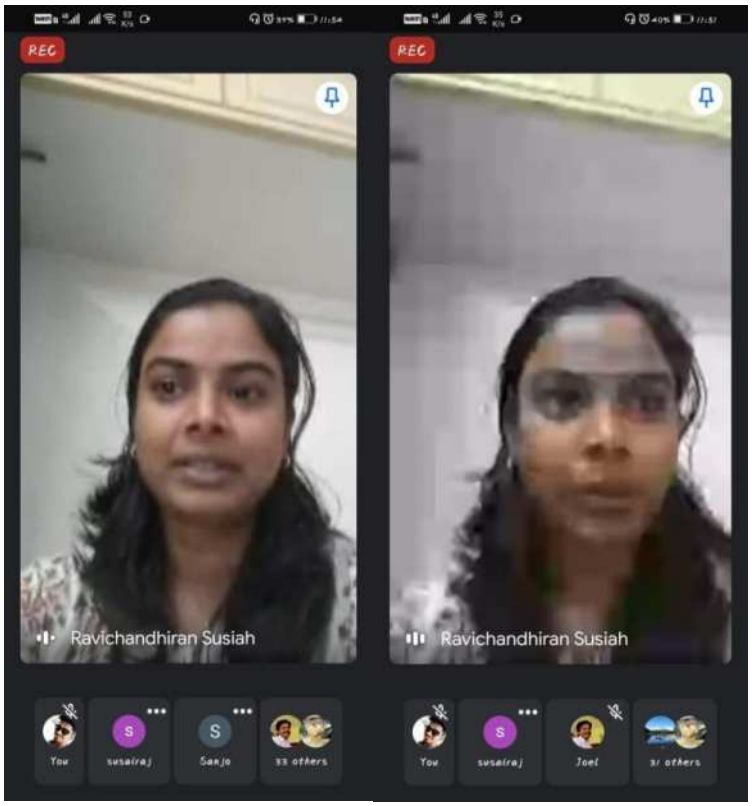

1. First Generation – Social Service
2. Second Generation – Projects, Social Work Concepts
3. Third Generation – Social Ventures and Social Enterprises

Democratic School, As the term, it is a school where students are trusted to take responsibility from their own lives and learning. Social Workers act as a bridge between people who want to help and who need help **Skills of Social Worker**

- Communication
- Interpersonal Relationship
- Conflict Resolution Technique
- Planning
- Honesty
- Empathy
- Critical Thinking

- Self Care
- Patience
- Professional Commitment
- Advocacy

SCHOOL OF SCIENCE

PG AND RESEARCH DEPARTMENT OF ADVANCED ZOOLOGY AND BIOTECHNOLOGY

Event Title	INTERNATIONAL WEBINAR ON "URBAN PEST CONTROL"	
Category	All UG, PG students, Research Scholars , Faculty members, Scientists and industrialist	
Date	From : 11.12.2020	To : 11.12.2020
No. of Resource Person	1	
No. of Participants	301	

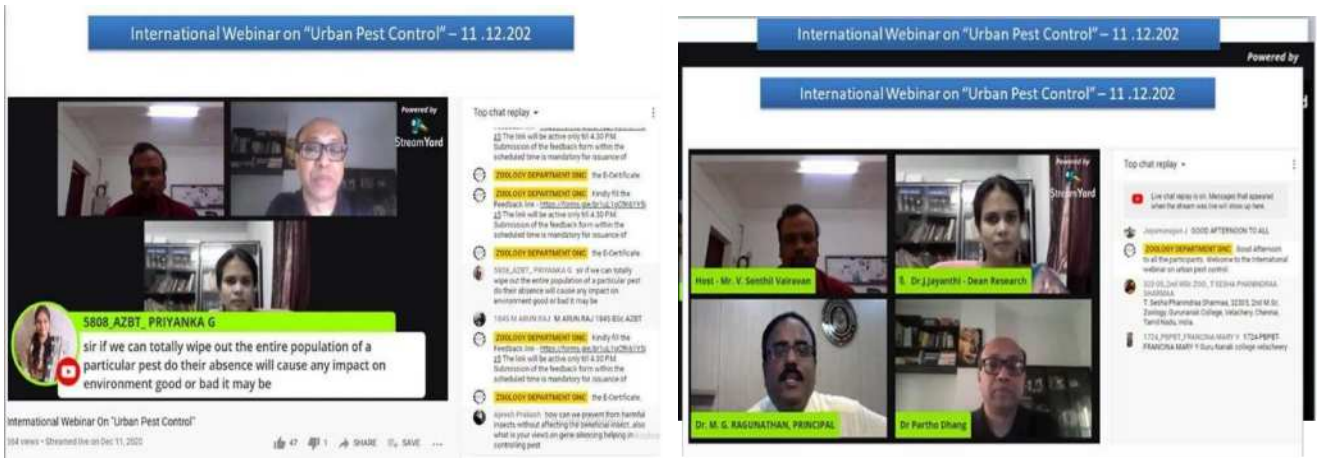

Report Description

The PG and Research Department of Advanced Zoology and Biotechnology organized a one day International Webinar on "Urban Pest Control" on 11th December, 2020. More than 300 participants across the country have registered for this international webinar, which was live streamed on Zoology department GNC YouTube channel. The resource person Dr. Partho Dhang, who is an alumnus of Guru Nanak College, discussed about the "Review of Climate Change Impact on Urban Pests". More than 650 viewers have watched and observed the influence of climate change on urban and public pests such as mosquitoes, flies, ticks, and wood pests, with respect to population, distribution, disease, damage and control. Dr. Partho addressed how the impact of climate change on pests in urban areas differs from natural areas, focusing on the increased temperatures of urban locations, the effect of natural disasters, the manner of land use and the consequences of human habitation. How climate change and urban pests affect human health. Based on the feedback from the participants the International Webinar was found to be informative and useful.

No. of Resource Person	**1**	
No. of Participants	**450**	

Report Description:

The **ONLINE WORKSHOP ON "PRIMER - THE STATISTICAL SOFTWARE THAT EMPOWERS RESEARCHERS"** was organized by Guru Nanak Centre for Research, Guru Nanak College, Velachery, Chennai on 19.11.2020. A total of 900 registrations were received from across all the States of India and different countries across the globe. The Online Workshop was inaugurated on 19.11.2020 by Dr. M. G. Ragunathan, Principal, Guru Nanak College with this energetic Welcome Address. He welcomed the Resource Person **Dr. S. AJMAL KHAN, Honorary Professor, Centre for Advanced Studies in Marine Biology, Annamalai University, Parangipettai, Tamil Nadu**, Dignitaries of the College Management, Faculty from Guru Nanak College and the participants from across the Globe who joined virtually. The Resource Person was introduced by Dr. Mahendrakumar. M, Assistant Professor, Department of Biotechnology.

Dr. S. Ajmal Khan very clearly explained the history, principle and working of the PRIMER Statistical Software. Dr. Khan also elucidated the various features of PRIMER and about all the statistical solutions to analyse various ecological data. The Convener of the workshop, Dr. J. Jayanthi, Dean Research of Guru Nanak Centre for Research proposed the Vote of Thanks. The Workshop was very helpful to the participants and to the Researchers who found it very useful to apply for their research needs. The Participants were issued a certificate of participation.

Event Title	INTERNATIONAL INDUSTRY – ACADEMIA CONCLAVE IIAC - 2020 "REDEFINING PHYTOMEDICINES FOR POST COVID ERA"	
Category	Under Graduate Students and Post Graduate Students, Research Scholars, Faculty, Researchers, Scientists Industry Persons.	
Date	From : 05.11.2020	To : 12.11.2020
No. of Resource Person	8	
No. of Participants	1250	

Report Description:

The International Industry Academia Conclave – IIAC 2020 on "REDEFINING PHYTOMEDICINES FOR POST COVID ERA" was organized by Guru Nanak Centre for Research, Guru Nanak College, Velachery, Chennai from 05.11.2020 to 12.11.2020. The IIAC 2020 on "Redefining Phytomedicines for Post Covid Era" was aimed at enabling the students, the research fraternity and faculty across the globe to imbibe the current industry-relevant themes with reference to Phytomedicines and Plant based therapeutics. The program was well-received by the students, faculty, researchers and representatives from various industries.

A total of 1250 registrations were received from across all the States of India and different countries like Nepal, China, South Korea, Russia, Uzbekistan, Egypt, Iraq, Nigeria, Moracco, Ethiopia, Kenya, Algeria, Philippines, Indonesia, Malaysia. Hence it was decided to live stream the entire conclave events through our official YouTube Channel in order to accommodate everyone.

DAY–1:

The Conclave was inaugurated on 05.11.2020 by Dr. M. G. Ragunathan, Principal, Guru Nanak College with this vibrant Welcome Address. He welcomed the Chief Guest Prof. Dr. P. Kaliraj, Hon'ble Vice Chancellor, Bharathiyar University, Coimbatore, Dignitaries of the College Management, Faculty from Guru Nanak College and the participants from across the Globe who joined virtually. The Theme of the conclave was introduced by the Convener of the Conclave, Dr. J. Jayanthi, Dean Research of Guru Nanak Centre for Research. Dr. Mahendrakumar. M, Assistant Professor, Department of Biotechnology introduced the Chief Guest. Prof. Dr. P. Kaliraj delivered the inaugural address where he mentioned the importance of revisiting the plant based medicines and the need of the invention of many novel and efficient compounds from plant source for the benefit of the humans. Dr. L.R.S. Kalanithi, Vice Principal (Students' Affairs) proposed the Vote of Thanks.

DAY–2: Dr. SUMAN PREET SINGH KHANUJA, Founder & Chairman, FloraFauna Science Foundation & Former Director, CSIR - CIMAP (Central Institute of Medicinal & Aromatic Plants) Lucknow, UP, India.

TOPIC: “Phytoceuticals: The Plant Metabolites as Resource for Societal Healthcare”

DAY–3: Dr. R. S. SURESH KUMAR, Assistant Professor - Toxicology, Department of Chemistry, College of Natural Sciences, Abaya Campus, ARBA Minch University, Ethiopia

TOPIC: “Nanotechnology Assisted Targeted Deliveryof Phytochemicals”

DAY–4: Dr. L. KARTHIK, Project Lead – Synthetic Biology, Salem Microbes Pvt. Ltd. Salem, India President, Society of Chemical and Synthetic Biology

TOPIC: “Kabasura Kudineer : Miracle Indian Siddha Medicine for Covid-19”

DAY-5: Dr. MAYAKKANNAN GOPAL, Chief Executive Expert – Phycology, NOCH International Sdn Bhd, Malaysia

TOPIC: "Phyco-Chemical Metabolites: A Potential Pharmaceutical & Nutraceutical Source For Post Covid Era And Its Production Processes"

DAY – 6: Dr. MANOJ KR. TRIPATHI, Principal Scientist, ICAR - Central Institute of Agricultural Engineering, Bhopal, Madhya Pradesh, India

TOPIC: "Role of Functional Food Components in Immunity Development for Disease Management**”**

DAY – 7: Prof. Dr. A.M. GUNAWAN INDRAYANTO, Professor, Faculty of Pharmacy, Surabaya University, Surabaya, Indonesia

TOPIC: "Validation of Chemicals and bioactivity characterization of phytochemical in herbal drug research **”**

International Industry Academia Conclave - IIAC 2020 ON “Redefining Phytomedicines For Post Covid Era” was concluded with the Vote of Thanks delivered by Dr. L.R.S. Kalanithi, Vice Principal (Students’ Affairs) of Guru Nanak College (Autonomous), Velachery, Chennai. The overall Conclave and the various sessions were very helpful to the participants and to the Research Fraternity in general. This was possible only with the Able Guidance and Support of our Most Revered General Secretary, Sardar Manjit Singh Nayar, and our Respected Principal Dr. M.G. Ragunathan. All the Participants were issued a certificate of participation.

"SNACK-V"

Based on the results, nine phyto compounds (6 plants) were found to be the best lead and drug candidates with good synthetic accessibility. These 6 plants interaction score is higher than the positive control Hydroxychloroquine. Based on these results, we proposed a novel herbal formulation called "SNACK-V" (*Sida acuta, Alhagi maurorum, Andrographis paniculata, Tinospora Cordifolia, Centaurea speciosa, Plectranthus amboinicus*) it may have high probability of directly inhibiting the novel coronavirus (2019-nCoV), possibly providing instant help in the prevention and treatment of the pneumonia that is

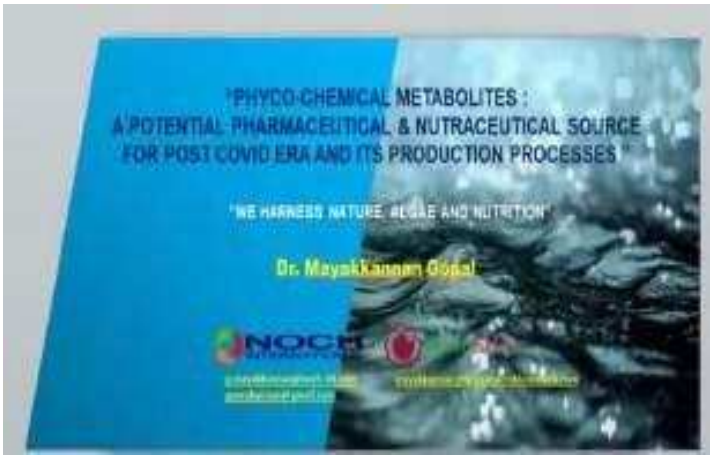

Anti-viral shields from Siddha system

SUMMARY

- Siddha medicine is one of best way to control the COVID-19. The immunomodulatory and anti-thrombolytic are the stepping stones towards the development of a stable, safe, and working cure for COVID-19.
- Kabasura kudineer is a polyherbal decoction with fifteen different components, and each of them are in themselves strongly established herbal plants, whose synergistic activity might probably improve human immune response and lead the human body to healthiness.
- The immunomodulatory property and thrombolytic activity of this miracle Siddha medicines has been studied using in vitro experiments but still requires in vivo animal model experiments for better understanding.

Report Description

National Webinar on "Corporate Social Responsibility (CSR) - For Better Tomorrow"

Report

The Department of Commerce – General (Shift II) in association with IQAC of GURU NANAK COLLEGE (AUTONOMOUS) organizes one-day National online webinar on **"Corporate Social Responsibility (CSR) - For Better Tomorrow"** on 31st October 2020. Resource person of the webinar Mr. CS A.RENGARAJAN partner ARUB & Associates Practising Company Secretary & Certified CSR Professional. He shared his expertise on **"Corporate Social Responsibility (CSR) - For Better Tomorrow".** He also insisted that similar to corporate social responsibilities, every human being must adapt an individual social responsibility for the development of the society as a whole around 1571 viewers participated in the program.

has participated in **National Webinar on "Corporate Social Responsibility (CSR) - For Better Tomorrow"** organized by the Department of Commerce (General) - Shift II, Guru Nanak College (Autonomous), Velachery, Chennai on 31st October, 2020.

Dr.M. G. Ragunathan
Principal

Mr. Manjit Singh Nayar
General Secretary & Correspondent

Speaker Details

Mr. CS A.RENGARAJAN
Partner ARUB
Associates Practising Company Secretary
Certified CSR Professional

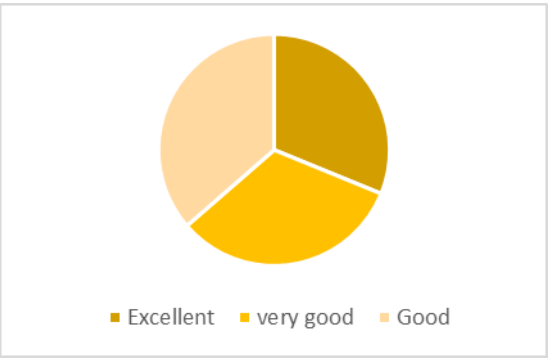

A qualified company secretary having more than 17 years' experience in Secretarial, Legal, Excise, VAT, Commercial etc. Specialisation in Secretarial Legal, Commercial, Finance and Direct and Indirect Taxation. Taken Training classes on Commercials for Engineering Professionals worked with Listed company for 4 years. Written more than 200 Articles in various forms of company secretaries. To write on legal case laws, interpretations, analysis of various legislations. Corporate Social Responsibility article published in PCS conference souvenir in the state of Kerala. Actively participating in all major professional forums and to provide necessary views and suggestions to the members. Participated All India Workshop on Indirect Tax Laws organized by Madras Chamber of Commerce & Industry 2009, 2010. Exposure to International Arbitration process. Deputy convenor for Chennai west study circle. Delivered a speech at SIRC ICWA regarding capital markets and recent developments and visiting faculty for SIRC Institute of Chartered Accountants (ICAI) Chennai. Deputy convenor Chennai west study circle SIRC ICSI for the year 2012. Convenor Chennai west study circle ICSI-SIRC for the year 2013. Member Placement and Training committee for SIRC-ICSI for the year 2012. Member CSBF committee ICSI-SIRC 2013. Specialties: well conversant with all legal matters, finance, commercial and secretarial matters.

Speaker Details

Mr.Kishore, Life coach
Founder, CEO,
Business Leader

As a distinguished Leadership Coach, Kishore has coached 1000+ Leaders and led leadership workshops helping them create an amazing vibrating, thriving, growth culture, where everyone is happy, passionate and contributing. He uses proven neuro-scientific NLP tools to help leaders move away from their past quickly and create a new future, full of bonding and camaraderie. He is well-known for his ability cause full alignment in leadership teams, where none seems possible. Winner of "Top 10 Life coaches of India" award from CEOInsights Magazine in 2020, he is ACC certified from International Coach Federation, US with over 25 years of corporate career as a successful leader, with some of the world's leading organizations, like HDFC, Tata's and Genpact, across multiple senior roles including Sales, Operations and L&D. He has set-up multi-million-dollar businesses for these organizations from scratch, including Direct Sales and Retail Distribution for Centurion Bank, HDFC Life and Tata AIG Life. As VP and Global Operating Leader with Genpact, he set up and successfully ran a large back office operation for two Australian and two UK banks (Westpac, NAB, Clydesdale and Yorkshire). As the Global L&D leader with Genpact, he was responsible over 12,000 people across US, Australia, Europe, China, Philippines and India. His coaching journey started in 2009 with a world's leading training and coaching organization. In 2015, he completed his Neuroscience (Brain) based coaching skills certification. Since 2016, he is an avid practitioner of NLP and Neuroscience based tools in India and abroad. Kishore's leadership programs and coaching are simple, logical, impersonal and yet very incisive in nature and offers ever-lasting sustainable transformation. It helps a leader become self-aware of his core belief systems in his sub-conscious mind, which are central to driving one's behaviors and actions.

GURU NANAK CENTRE FOR RESEARCH

Event Title	NATIONAL WEBINAR ON "THE ROLE OF TRANSGENIC FISHES IN DRUG DISCOVERY AND THE SCOPE FOR ENTREPRENEURSHIP"	
Category	UG/PG Students, Research Scholars AndFaculty, Professionals And Industry Persons	
Date	From : 1.10.2020	To : 1.10.2020
No. of Resource Person	1	
No. of Participants	1000	

Report Description:

The Guru Nanak Centre for Research (GNCR) of the Guru Nanak College (Autonomous), Velachery, Chennai organised the **NATIONAL WEBINAR ON "THE ROLE OF TRANSGENIC FISHES IN DRUG DISCOVERY AND THE SCOPE FOR ENTREPRENEURSHIP**" on 1st October 2020 from 12.00 Noon to 1.30 p.m. with the aspiration to highlight the significance of the role of transgenic fishes in Drug Development and the enormous scope and opportunities avail able for entrepreneurship. This National Webinar was planned and well accomplished by Dr. J. Jayanthi, Dean Research, Guru Nanak Centre for Research (GNCR) under the able direction of our Most Revered General Secretary & Correspondent, Sardar Manjit Singh Nayar and constant support from our Respected Principal, Dr. M. G. Ragunathan.

The **NATIONAL WEBINAR ON "THE ROLE OF TRANSGENIC FISHES INDRUG DISCOVERY AND THE SCOPE FOR ENTREPRENEURSHIP"** was inaugurated by our Respected Vice Principal (Student's Affairs) Dr. L.R.S. Kalanithi with the Welcome Address. Vice Principal Madam welcomed the Resource Person, Dignitaries of the College Management, Faculty from Guru Nanak College and the participants from across the Globe who joined virtually. The Theme of the Webinar was introduced by the Convener of the webinar, Dr. J. Jayanthi, Dean Research of Guru Nanak Centre for Research. Dr. J. Jayanthi, Dean Research mentioned that huge responses were received from more than 800 registrations and the webinar programme was livestreamed in YouTube on our official channel "GURU NANAK CENTRE FOR RESEARCH".

Dr. Mahendrakumar. M, Assistant Professor, Department of Biotechnology, Guru Nanak College (Autonomous), Chennai introduced the Resource Person, **Prof. S. G. PRAKASH VINCENT,** Professor & Head, Centre for Marine Science and Technology, Rajakamangalam Campus, Kanniyakumari, Manonmaniam Sundaranar University, Tamil Nadu. Dr. S. G. Prakashwho is a DAAD Fellow (Germany) during his Ph.D. Dr. Prakash who is holding many positions in academic and research portfolios which includes EMBO WP Fellow (Germany), UNESCO

Fellowship Awardee (Italy), Mariecurie Fellow (EMBL), Chairman Associate – BRICS Biomed Consortium and he is the FOCAL POINT, European Commission HORIZON 2020.

Dr. S.G. Prakash very clearly explained the step by step process involved in Drug Discovery and explained the various benefits and advantages of using transgenic fishes at various level of Drug Development and testing the efficiency of a lead drug molecule. He also narrated the different diseases for which drug development have been possible using transgenic fishes. Dr. S. G. Prakash also gave a vivid picture about the huge entrepreneurial opportunities available for Start Ups regarding Drug Discovery and Development. The resource person Dr. S.G. Prakash answered all the questions raised and clarified all the doubts of the participants.

Dr. J. Jayanthi, Dean Research narrated the important points of the presentation of Dr. S.G. Prakash in her concluding Report of the **NATIONAL WEBINAR ON "THE ROLE OF TRANSGENIC FISHES IN DRUG DISCOVERY AND THE SCOPE FOR ENTREPRENEURSHIP"**. The Webinar ended well with the Vote of Thanks delivered by the Organising Secretary of the Webinar, Dr. Mahendrakumar. M, Assistant Professor, Department of Biotechnology, Guru Nanak College. All the Participants were given a certificate of participation.

Zebrafish embryo:
Blood vessel development
12 hpf
18 hpf
26 to 30 hpf
A tumor cell creating its own blood supply.

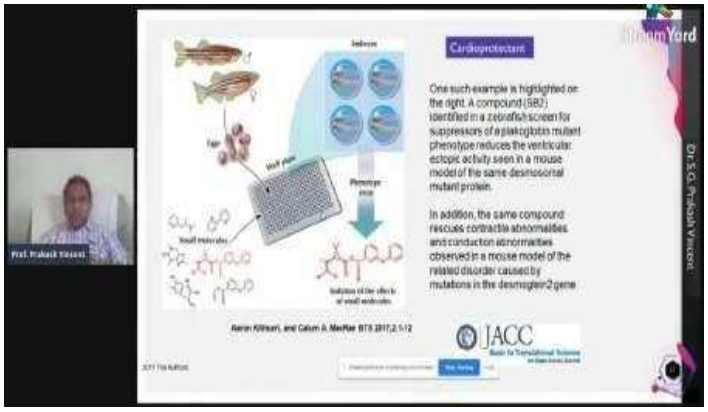

T-acute lymphoblastic leukemia (T-ALL) – Drug Discovery
Validation assays
Novel Hit/Lead can fetch to 10 million USD (INR 70 to 75 Crores)

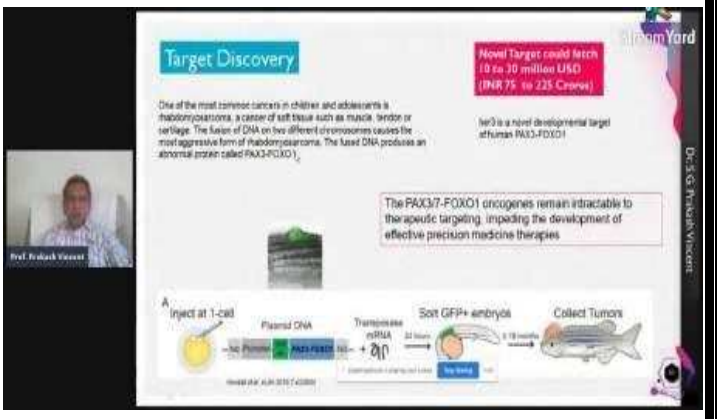

Zebrafish with Human Cancer Genes And Screening
Zebrafish with Human Genes – Entrepreneurship Opportunity

Cancer drug screens
Repurposing of Drug – Entrepreneurship Opportunity
Leflunomide
In a screen of 2000 small molecules, a predicted inhibitor of dihydroorotate dehydrogenase blocked progenitor expansion.
The known but structurally unrelated dihydroorotate dehydrogenase inhibitor leflunomide, which is used to treat arthritis, had the same effect.
Leflunomide combined with a BRAF inhibitor suppressed melanoma growth in xenograft mice.
Clinical trials of leflunomide combined with the BRAF inhibitor vemurafenib for treatment of melanoma are ongoing

ZeClinics
ZeOncoTest
Personalised Cancer Treatment
Epilepsy
Spain-based CRO ZeClinics to commercialize a zebrafish model for childhood epilepsy that mimics the convulsive behavior and seizures associated with epilepsy. The model has a proven track record in successfully identifying new treatments against epileptic disorders and already has three compounds in Phases 1 and 2 clinical trials.

Kidney regeneration
Reactivation of genes normally expressed during organogenesis is a characteristic of kidney regeneration. Enhancing this reactivation could potentially be a therapeutic target to augment kidney regeneration.
Kidney regeneration is characterized by dedifferentiation of surviving renal tubular epithelial cells into progenitor cells, associated with reactivation of genes normally required during organogenesis.12,13
One of the genes reactivated during regeneration is the Lim homeobox protein, Lhx1 (formerly Lim1), which is essential during embryonic development for establishing the kidney field
Development of High-Content Assays for Kidney Progenitor Cell Expansion in Transgenic Zebrafish
LDN-0213...

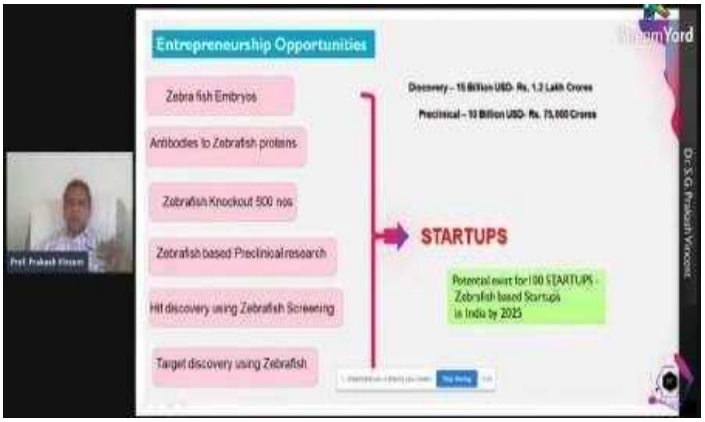

Cardioprotectant
One such example is highlighted on the right. A compound (SB2) identified in a zebrafish screen for suppressors of a plakoglobin mutant phenotype reduces the ventricular ectopic activity seen in a mouse model of the same desmosomal mutant protein.
In addition, the same compound rescues contractile abnormalities and conduction abnormalities observed in a mouse model of the related disorder caused by mutations in the desmoglein2 gene
JACC

Target Discovery
Novel Target could fetch 10 to 30 million USD (INR 75 to 225 Crore)
One of the most common cancers in children and adolescents is rhabdomyosarcoma, a cancer of soft tissue such as muscle, tendon or cartilage. The fusion of DNA on two different chromosomes causes the most aggressive form of rhabdomyosarcoma. The fused DNA produces an abnormal protein called PAX3-FOXO1.
Ier3 is a novel developmental target of human PAX3-FOXO1
The PAX3/7-FOXO1 oncogenes remain intractable to therapeutic targeting, impeding the development of effective precision medicine therapies
Inject at 1-cell
Plasmid DNA
Transposase mRNA
Sort GFP+ embryos
Collect Tumors

Event Title	TECHNICAL WEBINAR ON "CYBER SECURITY"	
Category	All III- & II-Year Students and faculty members	
Date	From: 29.09.2020	To: 29.09.2020
No. of Resource Person	1	
No. of Participants	164	

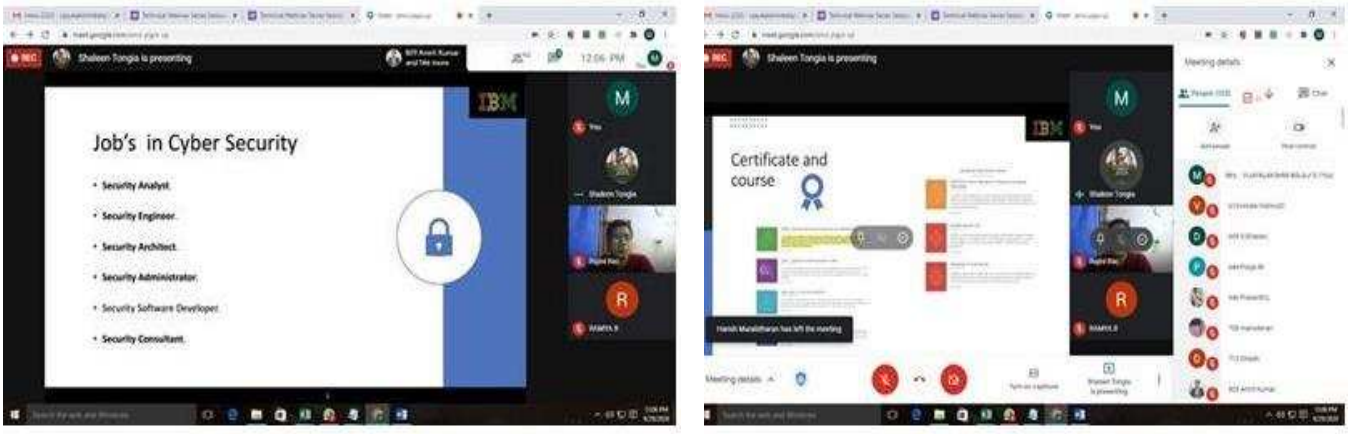

Report Description

The Department of Computer Science organized Technical Webinar on "Cyber Security" on 29th September, 2020 through Google Meet Platform for Students, and faculty members. Mr. Shaleen Tongia, IBM was the resource person who delivered the presentationabout Cyber Security and its related concepts. More than 194 students actively participated in the event.

Report

Cyber security is the practice of defending computers, servers, mobile devices, electronic systems, networks, and data from malicious attacks. It's also known as information technology security or electronic information security. The term applies in a variety of contexts,from business to mobile computing, and can be divided into a few common categories. Anyonecan accidentally introduce a virus to an otherwise secure system by failing to follow good security practices. Teaching users to delete suspicious email attachments, not plug in unidentified USB drives, and various other important lessons is vital for the security of any organization. These Concepts where elaborately explained by the resource person and studentsactively participated by clarifying their doubts.

Date	From: 22.09.2020	To : 22.09.2020
No. of Resource Person	1	
No. of Participants	195	

Report Description

The Department of Computer Science organized Technical Webinar on "Artificial Intelligence" on 22 September, 2020 through Google Meet Platform for Students, and facultymembers. Mr. Sudhanva Kulkarni, IBM was the resource person who delivered the presentation about Artificial Intelligence and its related concepts. More than 195 students actively participated in the event.

Report

Artificial Intelligence is a subject of Computer Science aimed at building machines andcomputers that can enhance logical operations. AI systems have the ability to execute tasks naturally associated with human intelligence, like speech recognition, decision-making, visualperception, and translating languages. Artificial intelligence is extending its frontier intechnology and knowledge. Wherever you see, people are discussing about machines with intelligence which improve our lives. A lot of applications and concepts remain highly technicaland can be little confusing if you're not strong at your foundation part. These Concepts where elaborately explained by the resource person and students actively participated by clarifying their doubts.

Date	From: 19.09.2020	To: 19.09.2020
No. of Resource Person	1	
No. of Participants	250	

Report Description

The Guru Nanak Centre for Research (GNCR) organized National Webinar on "Research in Computer Science and Research Careers in India" on 19th September, 2020 by Dr. J. Jayanthi, Dean Research through Google Meet Platform for Students, Research Scholars and faculty members. Dr.M.V. Srinath., Director, STET Women's College Mannargudi was the resource person who delivered the presentation about Research in Computer Science and Research Careers in India. More than 40 Colleges across the country actively participated in the event.

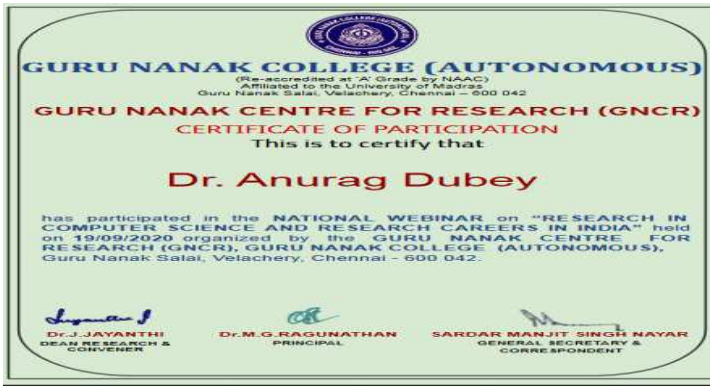

Report

The expanding scope of `computing science' makes it difficult to sustain traditional scientific and engineering models of research. In particular, recent work in formal methods has abandoned the traditional empirical methods. Similarly, research in requirements engineering and human computer interaction has challenged the proponents of formal methods. These tensions stem from the fact that `Computing Science' is a misnoma. The speechmaker clearly described about topics that are currently considered part of the discipline of computing science are technology rather than theory driven. This creates problems if academic departments are to impose scientific criteria during the assessment of PhDs. It is, therefore, important that people ask themselves `What is Research in Computing Science' before starting on a higher degree. He also delivered a clear insight into the research careers in India.

Report Description

The Department of Computer Science organized Technical Webinar on "INTERNET OF THINGS" on 15th September, 2020 through Google Meet Platform for Students, and facultymembers. Mr. Yogeshwar, Project Manager, IBM was the resource person who delivered the presentation about Internet of Things and its related concepts. 189 students actively participated in the event.

Report

Probably, we've heard that the Internet of Things has the power to drastically change ourlives, from how we manage and operate our homes to even automating jobs across nearly all industries. This webinar shared everything we need to know about the Internet of Things. It provided a simple explanation of the Internet of Things and how it may impact us. The Internet of Things is actually a prettysimple concept, it means taking all the things in the world and connecting them to the internet. The "Internet of things" (IoT) is becoming an increasingly growing topic of conversation both in the workplace and outside of it. It's a concept that not only has the potential to impact how we live but also how we work. The Resource person shared with his finding and a detailed knowledge on IOT.

No. of Participants	250	

Report Description:

The National Webinar on "How to handle mathematics lectures online using technological tools" was organised by the Guru Nanak Centre for Research of the Guru Nanak College (Autonomous), Velachery, Chennai on 05.09.2020 (Saturday) at 10.30 a.m. through Google Meet.

Report:

The Workshop commenced exactly at 10.30 a.m. with the Welcome Address by Dr. V.SRIMATHI, Dean Admin Sciences (Shift II). Principal Sir had welcomed the Speaker. She welcomed the Speaker, Deans, Heads and faculty of Guru Nanak College and all the participants from all over the Globe who joined virtually. Our Respected Sir Dr.M.G.Raghunathan had also welcomed the Resource person. Dr.V.Srimathi introduced the Resource Person of the Webinar, Dr,B.Surendranath Reddy who is working as Assistant Professor, School of Mathematical Sciences, Swami Ramanand Teerth Marathwada University Nanded, Maharastra who provides trainings with reference to Online Teaching Tools to many institutions. He has done a Major project at Rajiv Gandhi Science and Technology commission on "Awareness and training on Free Open Source Mathematical Software. He has been organising secretary for workshops in Sagemath, Latex etc.

Around 250 participants from various Colleges, Universities actively participated in the Webinar and actively interacted with the resource person and had learnt the latest technologies developed to handle the Online Mathematical Tools for better and effective teaching of mathematics not only during this Pandemic but also for future. All the Participants were given a certificate of participation. Lot of appreciations were received from the participants regarding the presentation by the Resource Person There was a very interactive question and answer session where the Resource Person very clearly and aptly addressed all the questions raised by the Participants.

The Webinar concluded with the Concluding remarks by the Convener of the National Webinar Dr. J. Jayanthi, Dean Research, and formal Vote of Thanks Dr. L.R.S. Kalanithi, Vice Principal (Students' Affairs), Guru Nanak College (Autonomous), Velachery, Chenna

GURU NANAK COLLEGE

(AUTONOMOUS)

RE-ACCREDITED AT "A" GRADE BY NAAC,
AFFILIATED TO UNIVERSITY OF MADRAS
GURU NANAK SALAI, VELACHERY, CHENNAI - 600 042.

GURU NANAK CENTRE FOR RESEARCH

CERTIFICATE OF PARTICIPATION

This is to certify that PROF. SURESH ATMARAM DIWAN, Sadashivrao Mandlik Mahavidyalay Murgud has participated in the **NATIONAL WEBINAR** on **"HOW TO HANDLE MATHEMATICAL LECTURES USING ONLINE TECHNOLOGICAL TOOLS"** held on 05/09/2020 organized by the **GURU NANAK CENTRE FOR RESEARCH (GNCR), GURU NANAK COLLEGE (AUTONOMOUS), Guru Nanak Salai, Velachery,** Chennai - 600 042.

Dr. J. JAYANTHI
DEAN RESEARCH & CONVENER

Dr. M. G. RAGUNATHAN
PRINCIPAL

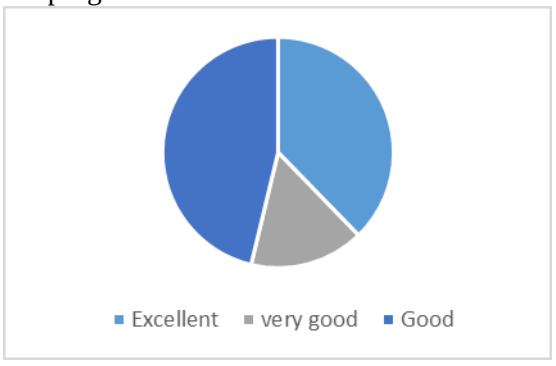

Mr. MANJIT SINGH NAYAR
GENERAL SECRETARY & CORRESPONDENT

Speaker Profile
Dr. B.Surendranath Reddy
Assistant Professor
School of Mathematical Sciences
Swami Ramanand Teerth Marathwada University,
Nanded, Maharashtra.

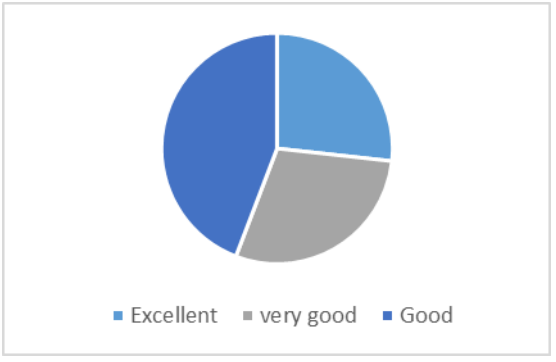

Qualifications : B. Sc. from S.V. University, Tirupati, 2001-04.
M.Sc. from Hyderabad Central University, 2004-06
Ph.D. from Hyderabad Central University, 2006-11 under the guidance of **Prof. V. Suresh (Bhatnaghar Awardee)**
Research Area : Algebra, analysis, soft set theory.
Research papers : 12 research papers with 23 citations, 3 h-index, 1 i10-index.
Research guidance: 2 M.phil and 3 Ph.D. student awarded and 5 Ph.D. students working
Project: Rajiv Gandhi Science and Technology Commission (RGSTC) project on "Awareness and Training on Free Open Source Mathematical Software".
Coordinator : 1. Trained more than 17000 teachers on ICT tools for online teaching and delivered 25 invited talks on various webinars.
2. Online Courses, SRTM University
3. PTMT-2015
Achievements :
· Qualified the HCU entrance for M.Sc. admission in 2004.
· Merit cum Mean Scholarship holder during M.Sc.
· Summer research Program at TIFR in 2015
· **Qualified CSIR JRF/ NET during third semester of M.Sc.**
· Organizing secretary for one week workshop on LaTeX and SAGE.
· 15 invited talks in Conference/Seminar/Workshop.
· Delivered more than 30 lectures in UGC NET/SET coaching scheme.
· Institutional NAAC Core committee member.

Feedback Analysis

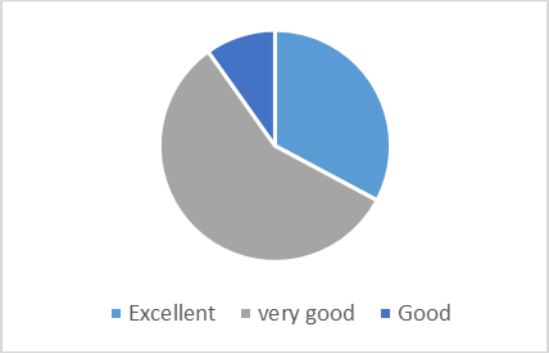

1. Overall how satisfied were you with program?

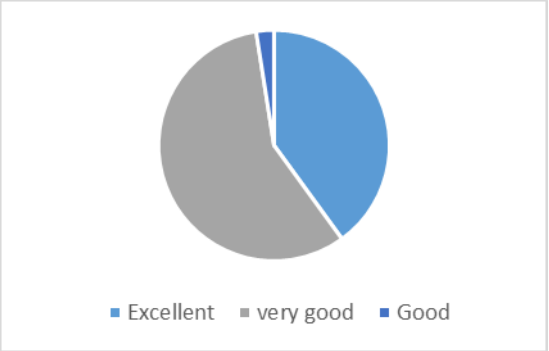

2. How informative did you find in this session?

3. How clear were the ideas and concepts delivered by the resource person?

4. Mention about the highlights of the program.

Event Title	INTERNATIONAL WORKSHOP ON "RECENT TRENDS IN TECHNOLOGICAL ADVANCEMENTS IN AQUACULTURE AND FISHERIES"	
Category	Students, Research Scholars, Faculty, Professionals, Aquaculture Farmers, Industry Persons.	
Date	From 03.09.2020	To 10.09.2020
No. of Resource Person	8	
No. of Participants	1000	

Report Description:

The Guru Nanak Centre for Research (GNCR) of the Guru Nanak College (Autonomous), Velachery, Chennai organised the **INTERNATIONAL WORKSHOP ON "RECENT TRENDS IN TECHNOLOGICAL ADVANCEMENTS IN AQUACULTURE AND FISHERIES"** from 3rd September 2020 to 10th September 2020 from 3.00 p.m. to 4.00 p.m. with the aim to emphasize the importance of the various technologies that are being implemented and utilized for the better maintenance and manifold increased harvest in various branches of Aquaculture. This International Workshop was planned and well executed by Dr. J. Jayanthi, Dean Research, Guru Nanak Centre for Research (GNCR) under the able guidance of our Most Revered General Secretary & Correspondent, Sardar Manjit Singh Nayar and our Respected Principal, Dr. M. G. Ragunathan.

The eight day **INTERNATIONAL WORKSHOP ON "RECENT TRENDS IN TECHNOLOGICAL ADVANCEMENTS IN AQUACULTURE AND FISHERIES"** was inaugurated by our Respected Principal Dr. M. G. Ragunathan on 3rd September with his Vibrant Welcome cum Inaugural Address. Principal Sir welcomed the Resource Person, Dignitaries of the College Management, Faculty from Guru Nanak College and the participants from across the Globe who joined virtually. The Theme of the conclave was introduced by the Convener of the workshop, Dr. J. Jayanthi, Dean Research of Guru Nanak Centre for Research. We have received enormous registrations and hence the entire eight day workshop programmes were livestreamed in YouTube on our official channel.

DAY 1 - TOPIC: "BIOFLOC TECHNOLOGY AS AN INNOVATIVE AQUACULTURE PRACTICE FOR SUSTAINABILITY"

Dr. AKSHAYA PANIGRAHI, Principal Scientist, CCD, ICAR-CIBA, (Ministry of Agriculture and Farmers Welfare), Chennai was the resource person who emphasised the importance of Biofloc Technology for the well sustained innovations in Aquaculture and its related field. Dr. Panigrahi explained the various benefits and advantages of Biofloc Technology exclusively for the farmers.

DAY 2 - TOPIC: "BIOFLOC FISH FARMING: A NEW APPROACH FOR EMPLOYMENT GENERATION & SUSTAINABLE AQUACULTURE IN INDIA"

Mr. DEBTANU BARMAN, CEO & Founder, Aqua Doctor Solutions, Kolkata, West Bengal was the resource person for the second of the workshop on 4th SEPTEMBER 2020. Mr. Barman gave a vivid picture about "Biofloc Fish Farming" which is a novel tactics for easy employment generation & women empowerment in India. He narrated many success stories of youth and women aquapreneurs and their transformation of life due to the implementation of Biofloc Fish Farming.

DAY 3 - TOPIC: "ENTREPRENEURIAL OPPORTUNITIES THROUGH BAKYARD RECIRCULATORY AQUACULTURE SYSTEM (RAS) IN FISH FARMING"

On the 3rd Day of the workshop (05.09.2020), the resource person was Prof. I. S. BRIGHT SINGH, Ph.D., FNAAS, KSCSTE Emeritus Scientist, National Centre for Aquatic Animal Health, Cochin University of Science and Technology (CUSAT), Kerala who is a pioneer in RAS system of Fish Farming and he elucidated the entrepreneurial Opportunities that available in plenty by adopting Backyard Recirculatory Aquaculture System (RAS) in fish farming". Prof. Bright Singh listed the various Government Funding that are available for setting up the RAS System for various sections of the society.

DAY 4 - TOPIC: "USE OF MOLECULAR MARKERS TO RESOLVE TAXONOMIC AMBIGUITIES OF SPECIES WITH SPECIAL REFERENCE TO INDIAN MANGROVE MUD CRABS"

On the Day 4 (06.09.2020) of the workshop, Dr. ANUP MANDAL, Project Manager, Central Aquaculture Genetics & Central Aquaculture Pathology Laboratory, RGCA (R&D Centre of MPEDA), Ministry of Commerce & Industry,Govt. of India, Sirkazhi, Tamil Nadu was the resource person. Dr. Mandal threw light on the very important field i.e., use of molecular markers for identifying the different species especially the taxonomic ambiguities of species with special reference to Indian mangrove mud crabs"

DAY 5 - TOPIC: "ENTREPRENEURIAL OPPORTUNITIES IN AQUACULTURE - THROUGH TILAPIA AND SHRIMP FARMING"

Dr. NAGA MURALI, Managing Director, Volta Breams Ltd, Ghana, Africa was the resource person of the 5th Day on 07.09.2020 with his informative presentation on Entrepreneurial Opportunities in

Aquaculture especially Tilapia Farming and Shrimp Farming in various parts of Africa. He also emphasized the vast business opportunities available in India through recent advancements in technologies in Tilapia and Shrimp farming.

DAY 6 - TOPIC: "PROBIOTIC APPLICATION IN RECENT AQUACULTURE PRACTICES"

Dr. PRAVEEN KUMAR, Senior Manager – Technical, INTRON LIFE SCIENCES PVT LTD., Andhra Pradesh was the resource person of the Day 6 of the workshop and he enlightened us with the feed and nutritional requirement of the aquaculture species and the various strategies implemented in "Probiotic application". Dr. Praveenkumar has also suggested the Aqua farmers to follow the application of probiotics for better health of the species and increased yield.

DAY 7 - TOPIC: "AQUAPONICS AND RE-CIRCULATORY AQUACULTURE SYSTEM"

On 09.09.2020 the Day 7 of the workshop we had Mr. SRIJITH GURIKAR, CEO, Spacos Innovations Pvt Ltd, Karnataka as the resource person. Mr. Srijith introduced the concept of "Aquaponics and Re-Circulator Aquaculture System" to the participants and narrated the nuances of Aquaponics. He also compared aquaponics with hydroponics and highlighted the advantages and better profit yielding prospects of aquaponics.

DAY 8 - TOPIC: "SHRIMP HATCHERIES: OPERATIONS AND MANAGEMENT"

Mr. MARIARAJ VIJAY, Director, Best Aqua Star Shrimp Hatcheries, Marakkanam, Tamil Nadu was the resource person of the final day of the workshop. He presented very lucidly about the operations and management of Shrimp hatcheries. He clearly explained in detail about the various process and steps involved in Shrimp Hatcheries and what are the various precautions we should consider for better yield and high profit. He also discussed the pre- and post- spawning processing of the shrimps, which was very well appreciated by the participants.

The Valedictory Function of the INTERNATIONAL WORKSHOP ON "RECENT TRENDS IN TECHNOLOGICAL ADVANCEMENTS IN AQUACULTURE AND FISHERIES" was welcomed by Dr. L.R.S. Kalanithi, Vice Principal (Students' Affairs) of Guru Nanak College (Autonomous), Velachery, Chennai. Dr. Mahendrakumar. M, Assistant Professor, Department of Biotechnology, Guru Nanak College delivered the Report of the workshop and gave an overview of all the 8 days events of the workshop. The convener of the workshop Dr. J. Jayanthi, Dean Research of Guru Nanak Centre for Research (GNCR) delivered the vote of thanks and concluded the eight day workshop. All the Participants were given a certificate of participation.

SARDAR MANJIT SINGH NAYAR
GENERAL SECRETARY & CORRESPONDENT

INTERNATIONAL WORKSHOP ON
"RECENT TRENDS IN TECHNOLOGICAL ADVANCEMENTS IN AQUACULTURE AND FISHERIES"
03-09-2020 (Thursday) 3.00 PM – 4.00 PM
Dr. AKSHAYA PANIGRAHI
Principal Scientist, CCD, ICAR-CIBA, (Ministry of Agriculture and Farmers Welfare) Saastheno High Road, MRC Nagar, Chennai, Tamil Nadu – 600028.
"Biofloc Technology as an Innovative Aquaculture Practice For Sustainability"
04-09-2020 (Friday) 3.00 PM – 4.00 PM
Mr. DEBTANU BARMAN
CEO & Founder, Aqua Doctor Solutions, Kolkata, West Bengal.
"Biofloc Fish Farming: A New Approach for Employment Generation & Sustainable Aquaculture in India"
05-09-2020 (Saturday) 3.00 PM – 4.00 PM
Prof. I. S. BRIGHT SINGH Ph.D., FNAAS
National Centre for Aquatic Animal Health, Cochin University of Science and Technology (CUSAT), Kerala.
"Entrepreneurial Opportunities through Backyard Recirculatory Aquaculture System (RAS) in fish farming"
06-09-2020 (Sunday) 3.00 PM – 4.00 PM
Dr. ANUP MANDAL
Project Manager, In-charge of NABL accredited Central Aquaculture Genetics & Central Aquaculture Pathology Laboratory, Rajiv Gandhi Centre for Aquaculture, Research & Development Centre of MPEDA, Ministry of Commerce & Industry, Govt. of India.
"Use of molecular markers to resolve taxonomic ambiguities of species with special reference to Indian mangrove mud crabs"
07-09-2020 (Monday) 3.00 PM – 4.00 PM
Dr. NAGA MURALI
Managing Director, Volta Breams Ltd, Ghana, Africa.
"Entrepreneurial Opportunities In Aquaculture - Through Tilapia and Shrimp Farming"
08-09-2020 (Tuesday) 3.00 PM – 4.00 PM
Dr. PRAVEEN KUMAR
Senior Manager –Technical, INTRON LIFE SCIENCES PVT LTD., Andhra Pradesh
"Probiotic application in recent aquaculture practices"
09-09-2020 (Wednesday) 3.00 PM – 4.00 PM
Mr. SRIJITH GURIKAR
CEO, Spaces Innovations Pvt Ltd, Karnataka.
"Aquaponics and Re-Circulatory Aquaculture System"
10-09-2020 (Thursday) 3.00 PM – 4.00 PM
Mr. MARIARAJ VIJAY
Director, Best Aqua Star Shrimp Hatcheries, Marakkanam, Tamil Nadu. Proprietor, Arcanoe Life Sciences, Fisheries and Arcanoe Laboratories, Contai, West Bengal. Technical Advisor, (Shrimp Farms and Aquaculture Inputs), KMC Agro Group, Contai, West Bengal
"Shrimp hatcheries: Operations and Management"

GURU NANAK SALAI, VELACHERY, CHENNAI - 600042.

GURU NANAK CENTRE FOR RESEARCH

CERTIFICATE OF PARTICIPATION

This is to certify that

Mr. ODIMAYO DADEOLUWA

Ambrose Ali University, Nigeria

has participated in the INTERNATIONAL WORKSHOP ON "RECENT TRENDS IN TECHNOLOGICAL ADVANCEMENTS IN AQUACULTURE AND FISHERIES" held from 03/09/2020 to 10/09/2020 organized by the GURU NANAK CENTRE FOR RESEARCH (GNCR), GURU NANAK COLLEGE (AUTONOMOUS), Guru Nanak Salai, Velachery, Chennai - 600042.

Dr. J. JAYANTHI
DEAN RESEARCH & CONVENER

Dr. M. G. RAGUNATHAN
PRINCIPAL

Mr. MANJIT SINGH NAYAR
GENERAL SECRETARY & CORRESPONDENT

Speaker Profile

Dr. AKSHAYA PANIGRAHI,

Principal Scientist, CCD, ICAR-CIBA.

Dr. Akshaya Panigrahi (Principal Scientist, CIBA), Graduate from O.U.A.T., Odisha, followed by MSc (Mariculture) has a brilliant academic career with a doctoral degree from Tokyo University of Marine Science and Technology, Tokyo (Japan) and working in CIBA since 1997. He has research experience in the prestigious Institutions like the Scottish Fish Immunology Research Centre (UK) on Molecular Immunology aspects in Aquaculture. He had significant contributions to establish the probiotic-induced immunomodulation and the immune mechanism involved in Aquatic animals especially in shrimps, trouts, and carps. He has lead several projects on the diversification of species and farming systems, disease surveillance, and adoption of better management practices in shrimp farming. He has contributed immensely to the development of technologies related to Crustacean breeding, seed production, and farming of native species (Penaeus indicus, P. monodon & F.

merguiensis), Eco-based sustainable Aquaculture like Organic farming and aquamimicry and Biofloc/periphyton-based farming, RAS for sustainable intensification. His accomplishment towards the development of immunostimulants (CIBASTIM), biofloc consortium (CIBAFLOC), gut microbiome associated immunomodulation, aquaculture database system, Indigenous Technology Know-how evaluation and, exploration of fish germplasm resources is noteworthy. He has successfully undertaken projects for the propagation of native species of shrimp like Indian white shrimp, banana, and tiger shrimp, through research and nationwide demonstrations.

Mr. DEBTANU BARMAN,

CEO & Founder, Aqua Doctor Solutions,

Kolkata,

Working as a Reseacher under the Project Entitled " Exploration and Characterization of Fish Germplasm and Indigenous fisheries knowledge of Major rivers of Tripura". Under this project, the major rivers of Tripura like - Haora, Gomati, Khowai, Manu, Deo, Kakri, Dhalai, Feni, Muhuri rivers basin are surveyed and water quality parameters are monitored to study the habitat ecology. Besides, these fish specimens are also collected to study the fish diversity in each river. Presently taking care of National & International Marketing with Products Innovation. Along with technical training to farmers & aquaculture development program.

Prof. I. S. BRIGHT SINGH, Ph.D., FNAAS, KSCSTE
Emeritus Scientist,
National Centre for Aquatic Animal Health,
Cochin University of Science and Technology (CUSAT), Kerala.

Prof. I.S. Bright Singh, Founder, National Centre for Aquatic Animal Health, Cochin University of Science Technology specializes in Preventive Health Care in Aquaculture. He has served as Director, School of Environmental Studies, Dean Faculty of Environmental Studies, and UGC – BSR Faculty at National Centre for Aquatic Animal Health. Right now he is KSCSTE Emeritus Scientist. He conceptualized M.Tech. Marine Biotechnology programme sponsored by the Department of Biotechnology, Government of India offered by Cochin University of Science and Technology and served as the Course Coordinator from 2008 to 2017. He was elected as Fellow to National Academy of Agricultural Sciences (ICAR) on 2014 and awarded Dr. S. Jones Memorial Prize for outstanding Marine Biologist of India, Instituted by Marine Biological Association of India on 2014.

Dr. ANUP MANDAL, Project Manager,
Central Aquaculture Genetics & Central Aquaculture Pathology Laboratory
Ministry of Commerce & Industry,
Government of India, Sirkazhi,

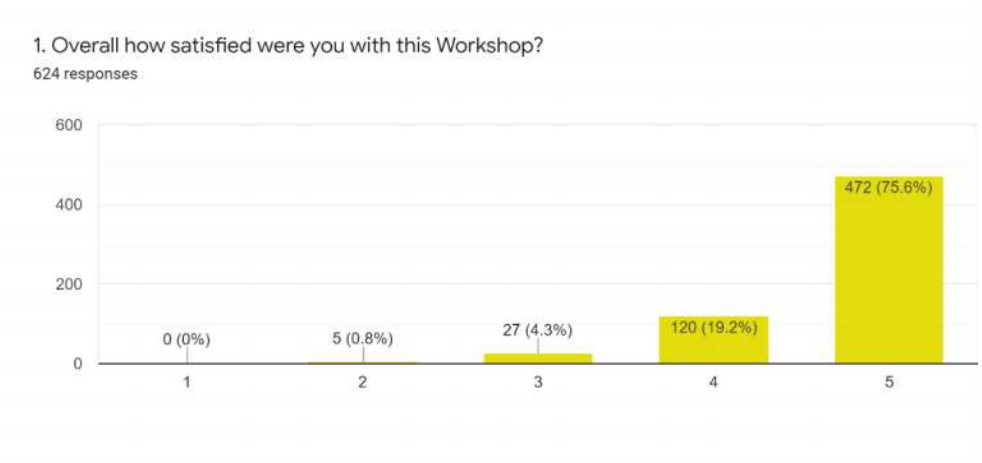

Dr. NAGA MURALI,
Managing Director,
Volta Breams Ltd, Ghana,

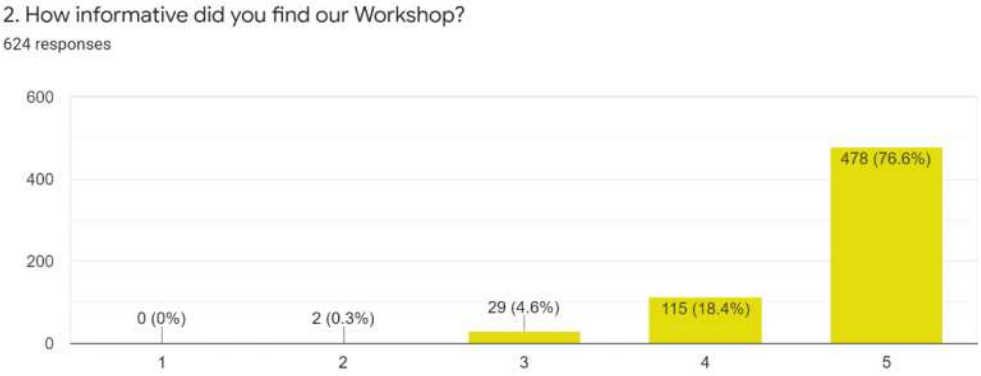

Born in a family with Aquaculture as family occupation, from age of fourteen I have been extensively involved in Fish and Shrimp farming. To add more professionalism to our farm and investment I took up fishery science as my career and completed masters degree in Fishery Science with a Gold Medal in 2003. My wide knowledge and experience helped me to grow in my career and also leading many failure farms to success. Project Planning, site survey, construction design, DPR, construction supervision, equipment procurement & installation, Hatchery set up, Grow-Out in Ponds/cages/RAS, water quality and microbiology analysis, post harvest technology, are handled by me for my clients and and for my own company. Exposure to Tiger shrimps, Vannamei, Tilapia, IMC, Pangasius, African Catfish species hatchery and grow-out techniques. Contact me for any sort of consultancy services in the field of Aquaculture for any warm water species.

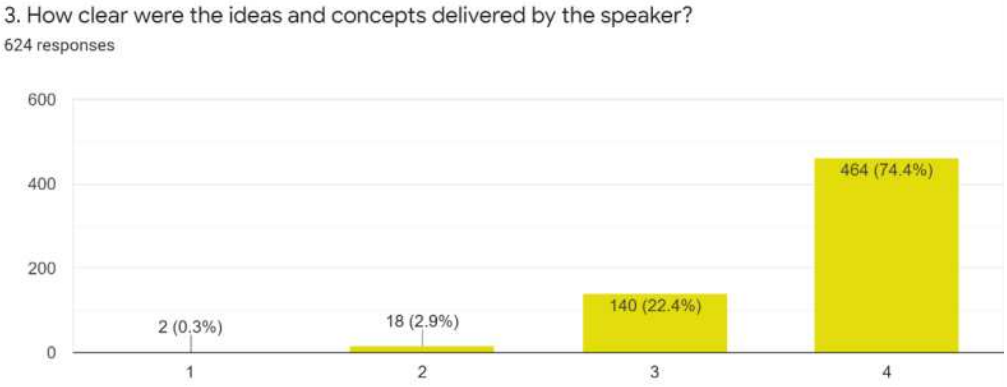

Mr. SRIJITH
GURIKAR, CEO,
Spacos Innovations Pvt Ltd, Karnataka.

Coming from a family background in farming, organic farming has always interested me and hence further developed my skills in aquaculture. Civil engineering has helped me in implementing my ideas related to aquaculture through software tools like auto CAD etc.

SCHOOL OF SCIENCE

PG AND RESEARCH DEPARTMENT OF ADVANCED ZOOLOGY AND BIOTECHNOLOGY

Event Title	INTERNATIONAL WEBINAR ON "RECENT TRENDS IN BIOMEDICAL SCIENCES"	
Category	All UG, PG students, Research Scholars , Faculty members, Scientists and industrialist	
Date	From: 24.8.2020	To: 26.08.2020
No. of Resource Person	3	
No. of Participants	800	

Report Description

The **PG and Research Department of Advanced Zoology and Biotechnology** organized a three day International Webinar on "Recent Trends in Biomedical Sciences**"** from **24th to 26th August, 2020**. More than 800 participants across the country have registered for this 3 days international webinar, which was live streamed on **Zoology department GNC YouTube channel**. On day 1, 24.08.2020 we had **Dr. Selvaraj Arokiyaraj** from Sejong University, China discussed about the "Applications of Nanoparticles in Food Industry and in Wound Healing Processes". More than 1500 viewers have watched, as Nano-based wound healing has tremendous potential for treating and preventing wound infections.

Day 2:

Dr. K.Karunamoorthi from Jazan University, Saudi Arabia shared his experience on how to combat disease vectors using Nanoparticles. We have encountered 1200 viewers, as Green synthesis of Nanoparticles is a promising option to control mosquito borne diseases.

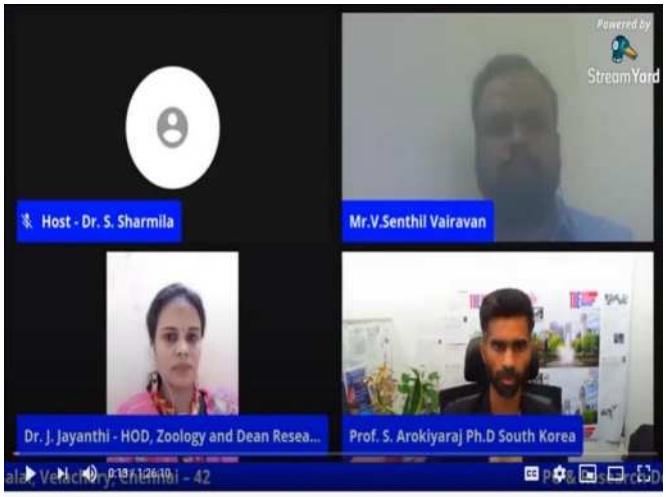

Day 3:

Dr. Prithiviaraj Nagarajan from Arupadai Veedu Institute of Medical Sciences, Puduchery gave a deep insight on regenerative medicine and tissue regeneration using animal models. Based on the feedback from the participants all the sessions were found to be informative and useful.

SCHOOL OF SCIENCE

P.G AND RESEARCH DEPARTMENT OF ADVANCED ZOOLOGY AND BIOTECHNOLOGY

Event Title	NATIONAL WORKSHOP ON "AQUACULTURE AND FISHERIES: DEVELOPMENT AND SUSTAINABILITY	
Category	All Students, Research Scholar, Faculty member, Farmers and industry person	
Date	From: 13.8.2020	To: 19.8.2020
No. of Resource Person	07	
No. of Participants	1052	

Report Description

The head of P.G and Research Department of advanced Zoology and Biotechnology **Dr.J.Jayanthi** organized a National Workshop on "**AQUACULTURE AND FISHERIES: DEVELOPMENT AND SUSTAINABILITY " through** live streamed in the You Tube channel – Zoology Department GNC from 13.8.2020 to 19.8.2020 at 2pm**.**

Report

Day 1- 13.08.2020

TOPIC - "Viral Disease Management in Shrimp Culture with Reference to WSSV"

Dr. A. SAIT SAHUL HAMEED OIE Expert & FNAAS, Tata Innovation Fellow (DBT – Govt. of India) Associate Professor of Zoology (Rtd.) Coordinator, Aquatic Animal Health Laboratory (NABL Accredited), OIE Reference Laboratory, C.Abdul Hakeem College, Vellore was the resource person. 1340 people were participated through live streaming from all over world.

White spot disease (WSD) is a serious panzootic affecting prawn aquaculture. The disease is caused by white spot syndrome virus (WSSV), a large double-stranded circular DNA virus and currently the only member of the genus *Whispovirus* and family *Nimaviridae*]. In intensive aquaculture systems, mortality can be rapid and occurs at a rate of up to 100% The economic cost of the disease on the prawn aquaculture industry worldwide has been estimated at up to US$15 billion since the emergence and initial spread of the disease, increasing at a rate of US$1 billion annually, equating to approximately 10% of global prawn production.

Day 2 14.08.2020

TOPIC - "Live Feed for Sustainable Aquaculture culture

Dr. K. ALTAFF Professor, Department of Marine Biotechnology AMET Deemed University Kanathur, Chennai – 60 was the resource person. 1740 people were participated through live streaming from all over world.

The Speaker explained about Seed Production and Farming, Quality seed production, Live feed, Microbes, micro algae, protozoans, rotifers, cladocerans, copepods, Artemia, worms**.** The technology for phytoplankton and zooplankton mass production has become very reliable and the production of live feeds is part of the standard working procedures in Mediterranean hatcheries. The efficiency of this part of the hatchery mainly depends on the implementation of standard procedures by well trained staff.

Day 3 15.08.2020

TOPIC - Fishery Based Livelihood Support Activity in Open Brackish Water Bodies

Dr. DEBORAL VIMALA Principal Scientist, Social Science Division (SSD), ICAR- CIBA, Chennai, Tamil Nadu was the resource person. 1440 people were participated through live streaming from all over world.

The Speaker explained about brackish waters unfit for any other productive purpose like irrigation, drinking and construction. It can be used only for shrimp/fish/crab production. If the water sources were well utilized – alternate livelihood income Open brackish water sources could be a shared resource for a group based aquaculture activity. The Asian seabass (*Lates calcarifer*) – Koduva It is an advantageous culture species in India, seabass has been cultured in brackish water and freshwater West Bengal, Tamil Nadu and Kerala - wild seed is stocked **.**

Day 4 16.08.2020

TOPIC - "Mangrove Crab (Scylla serrata) Aquaculture for Entrepreneurs"

Dr. V. SHANMUGA ARASU Asst. Project Manager, Seabass & Mangrove Crab Hatchery Project, Rajiv Gandhi Centre for Aquaculture, Research & Development Centre of MPEDA, Ministry of Commerce & Industry, Govt. of India was the resource person. 1540 people were participated through live streaming from all over world.

The Speaker explained about capture fishes and culture fishes, status of artemia and mud crab brood stock. Mud crab/green crab/mangrove crab' (*Scylla serrata*) commands sustainable domestic and international market. Owing to this fact, this species is widely exploited from all along the coastal belt of India and also in many parts of the tropical/subtropical regions of the world where its natural distribution is ascertained. As such, geographically, this species is widely distributed in Indo-Asian region and also certain tropical parts of Australian continent.

Day 5 17.08.2020

TOPIC Latest Emerging Technologies in Seaweed Farming Around the World and with Special Emphasis to Indian Seaweed Farming"

Dr. M. JAI KUMAR Field Scientist Sea6 Energy Pvt, Ltd Tuticorin was the resource person. 1540 people were participated through live streaming from all over world.

The seaweed industry in India is mainly a cottage industry and is based only on the natural stock of agar-yielding red seaweeds, such as *Gelidiella acerosa* and *Gracilaria edulis*, and algae yielding brown seaweeds species such as Sargassum and Tubineria.

Macroalgae are classified into three major groups: brown algae (Phaeophyceae), green algae (Chlorophyta), and red algae (Rhodophyta). As all of the groups contain chlorophyll granules, their characteristic colors are derived from other pigments. Many of the brown algae are referred to simply as kelp.

Day 6 18.08.2020

TOPIC - "Brackish Water Finfish Aquaculture - Livelihood Opportunities

Dr. M. KAILASAM Principal Scientist & SIC, Fish Culture Division (FCD), ICAR- CIBA, Chennai, Tamil Nadu was the resource person. 1340 people were participated through live streaming from all over world.

Farming of brackish water fishes in locally crafted cages suitable for estuaries, creeks, backwaters and lagoons is an emerging innovative and viable technology for the production of valuable finfish such as seabass. The technology is efficient in utilizing the vast stretches of brackish water resources along the costal India for increased fish production, employment creation and income generation, falls under the vision of Indian Govt. under the blue revolution. In this direction, the ICAR-Central Institute of Brackish water Aquaculture (ICAR-CIBA), Chennai which is the nodal research institution for the development of brackish water aquaculture in collaboration with the National Institute of Ocean Technology (NIOT), Chennai has successfully demonstrated cage farming of Asian seabass fish (*Lates calcarifer*) in the Buckingham canal waters at Vennangupattu coastal village in Kancheepuram District of Tamil Nadu. CIBA mobilized the fisher youths from the villages. Skill development training has been provided as part of Attracting and Retaining Youth in Agriculture (ARYA) initiative of ICAR-CIBA partnering with NIOT on cage designing, fabrication, installation, nursery rearing and farming of fishes in cages

Day 7 19.08.2020

TOPIC - "High Density Production and Utilization of Marine Copepods in Sustainable Aquaculture"

Dr. P. SANTHANAM Associate Professor Marine Planktonology & Aquaculture Lab Department of Marine Science, School of Marine Sciences Bharathidasan University Tiruchirappalli was the resource person. 1240 people were participated through live streaming from all over world.

The industrial development of shrimp culture in recent times has been greatly hampered by vulnerable diseases and lack of suitable feed. Hence the export of shrimps has attained decreasing phase. Shrimps appearing bright are generally considered to be of good quality. So developing a feed that has high pigmentation value is equally essential as a nutritionally good feed. In fact carotenoid pigments (Astaxanthin) are essential substances in the dietary requirement of shrimps. Besides its role in body pigmentation, astaxanthin is a potent antioxidant and has also been suggested to function as a vitamin-A precursor. Copepods are important crustaceans studied because of their key role in ecology, trophic biology, fisheries management, in modeling the flow of energy and matter, ecotoxicology and aquaculture. This paper discusses various aspects of the state of knowledge of copepod culture at large scales and provides the scientific community with ideas and concepts that could improve and quicken the development of copepod mass cultures. The aim of the present study was to gain knowledge on survival and pigmentation effect of copepods on black tiger prawn (Penaeus monodon). The results of the present study inferred that the shrimp larvae fed with copepod showed rapid increase in growth, weight and pigments.

Welcome Address by Mr. M.G Ragunathan Principal, Guru Nanak College

Speaker Details

Dr. A. SAIT SAHUL HAMEED

OIE Expert & FNAAS, Tata Innovation Fellow (DBT), OIE Reference Laboratory for WTD, Aquatic Animal Health Laboratory (AAHL), PG and Research Department of Zoology, C. Abdul Hakeem College, Melvisharam, Tamil Nadu – 632 509. India.

Dr. K. ALTAFF
Professor
Department of Marine Biotechnology
AMET Deemed to be University
Kanathur, Chennai – 605112, India.
Member in:

- World Association of Copepodalogist
- Indian Society of Invertebrate Reproduction
- Indian Association of Aquatic Biologists
- Ethological Society of India

Dr. DEBORAL VIMALA

Principal Scientist

After completing Master's degree in Agricultural Extension in 1989, from Tamil Nadu Agricultural University, joined in Agricultural Research Service as scientist at ICAR in 1991 and joined ICAR-CIBA, Chennai in April 1992. She completed her Ph.D from Anna University, Chennai in 2003. She has handled nine externally funded projects of which two as Principal Investigator and seven as CO-Principal Investigator. Authored 83 research papers in reputed peer reviewed journals, conference proceedings, magazines, book chapters and CIBA special publications. On invitation presented 21 lead papers in international and national forums focusing on the broad themes such as ICT for fisheries development, e-Extension strategies and sustainable livelihood development models in brackishwater aquaculture.

Dr. V. SHANMUGA ARASU

Asst. Project Manager, Seabass & Mangrove Crab

A Civil engineer with 11 years of experience in civil construction field as a project engineer have experience in commercial buildings, apartments, WTP, Wss Work and factory buildings work, construction work, quantity surveying, Billing work, submitting relevant documents and drawings for consultants approval, knowledge of construction methods and construction sequences in civil construction field.

Dr. M. JAI KUMAR Field Scientist

At present working as a Field Scientist in Sea 6 Energy, Pvt Ltd Banglore Located in GKVK Campus, DBT - CCAMP lncubator, NCBS –TIFR, Bengaluru. from (August 2015 to till date) Main responsibilities: Field observation on marine studies and developing technologies that allow us to grow seaweed in rougher ocean waters and fisheries.

Dr. M. KAILASAM
Principal Scientist & SIC,
Fish Culture Division (FCD),

Dr. M. Kailasam is a Principal Scientist and Head-in-Charge, Fish Culture Division at ICAR-Central Institute of Brackishwater Aquaculture Chennai. He earned M. Sc. and M.Phil. degrees in Zoology during 1988 and 1990, respectively from Bharathidasan University Tiruchirappalli and Ph.D. degree in Marine Sciences from CMFRI, Cochin University of Science & Technology during 1997 by obtaining ICAR-SRF fellowship from 1989-1993. After joining ICAR-CIBA Chennai in 1994, he has taken up research programmes to develop comprehensive technology packages for seed production and farming of candidate brackishwater finfish species.

Dr. P. SANTHANAM
Associate Professor Marine Planktonology & Aquaculture Lab
Department of Marine Science, School of Marine Sciences
Bharathidasan University Tiruchirappalli.

Specialization:

Taxonomy, Biodiversity, Biology & Biochemistry of Marine Plankton

Ecology, Eco-toxicology & Bioremediation Potential of Marine Plankton

Mass Production & Application of Marine Plankton as Live Feed in Aquaculture

Biodiesel, Pigments & Antimicrobials Production from Marine Plankton

Climate change, Ocean Acidification & Microplastics Research in Marine Plankton

Feedback Analysis

1. Overall how satisfied were you with program?

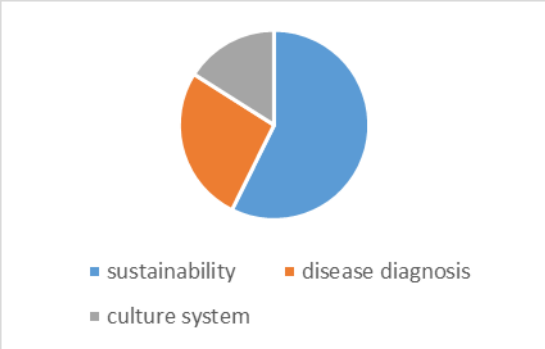

2. How informative did you find in this session?

3. How clear were the ideas and concepts delivered by the resource person?

4. Mention about the highlights of the program.

GURU NANAK CENTRE FOR RESEARCH

Event Title	NATIONAL WEBINAR ON "MOLECULAR MECHANISMS AND METHODS AVAILABLE IN nCOVID 19 DETECTION - AN UPDATE"	
Category	UG/PG Students, School Students, Faculty (Teaching and Non-Teaching), Researchers, Industry Persons.	
Date	From : 12.08.2020	To : 12.08.2020
No. of Resource Person	1	
No. of Participants	204	

Report Description:

The objective of this webinar is:

As the epidemic of COVID-19 is spreading all over the globe rapidly, a timely initiative to conduct a one day National Webinar on 'MOLECULAR MECHANISMS AND METHODS AVAILABLE IN nCOVID 19 DETECTION - AN UPDATE' by Guru Nanak Centre for Research (GNCR) was proposed and executed by Dr. J.Jayanthi, Dean Research.

Dean Mam gave holistic bird's eye view of the COVID pandemic situation and also highlighted that this topic is a need of an hour.

The objective was to provide a comprehensive and up-to-date assessment of the COVID-19 epidemic molecular analysis

Report:

Guru Nanak Centre for Research (GNCR) of Guru Nanak College, (Autonomous), Velachery, Chennai organized National Webinar on "Molecular mechanisms and methods available in nCOVID 19 detection - an update "on 12/08/2020 between 12.00 pm. to 01.20 pm, through Google Meet Platform, where around 204 participants from various Colleges, Universities, Research Institutes and Industries actively participated in the National Webinar.

The webinar theme was designed to stimulate Life science professionals to enhance their research and their carrier in understanding the molecular diagnosis of COVID-19 .This will make the researcher for their better preparedness in further research on any viral infectious diseases.

The Dr.Kumaraguru , Dean IT, welcomed the Speaker, dignitaries of the College Management, Faculty members and the participants from all over the States. Dr. Satheesh Kumar Sabapathy, Research Scientist, Multi- Disciplinary Centre for Biomedical Research, Aarupadi Veedu Medical College and Hospital Vinayaka Mission's Research Foundation (Deemed to be University) Puducherry, was the resource person who delivered the presentation about Virology of SARS-CoV-2 and the molecular analysis of nCOVID-19. He gave a brief note on coronaviruses types

and briefed the difference between less pathogenic variety include HCov-229E and HCoV-HKU1 and the highly pathogenic group consists of SARS-CoV, SARS-CoV- 2 and MERS-CoV. He explained the viral stability in aerosols (for 3 hrs, 4hrs, 24 hrs, 48hrs), Copper, cardboard, steel and plastic respectively.

According to his opinion PCR tests are used to directly detect the presence of an antigen, rather than the presence of the body's immune response, or antibodies. He explained through video that how COVID-19 RT-PCR test is a qualitative detecting nucleic acid from SARS-CoV-2 in upper and lower respiratory specimens (such as nasopharyngeal or oropharyngeal swabs, sputum, lower respiratory tract aspirates, bronchoalveolar lavage, and nasopharyngeal wash/aspirate) collected from individuals suspected of COVID 19 patients. This video further explained how samples are collected from any individual, including from individuals without symptoms or other reasons to suspect COVID-19 infection, the amplification process, the probe anneals to a specific target sequence located between the forward and reverse primers, the extension phase of the PCR cycle and the confirmation analysis.

Finally he concluded that, there is a need of scaling up PCR testing to screen vast swathes of nasopharyngeal swab samples from within a population, public health officials that can get a clearer picture of the spread of a disease like Covid-19 within a population. He also answered to all the queries of the participants.

Research Dean Dr. J. Jayanthi gave the concluding remarks and proposedthe vote of grateful thanks to all those who had helped to make the webinar a success.

Finally he concluded with very simple message –

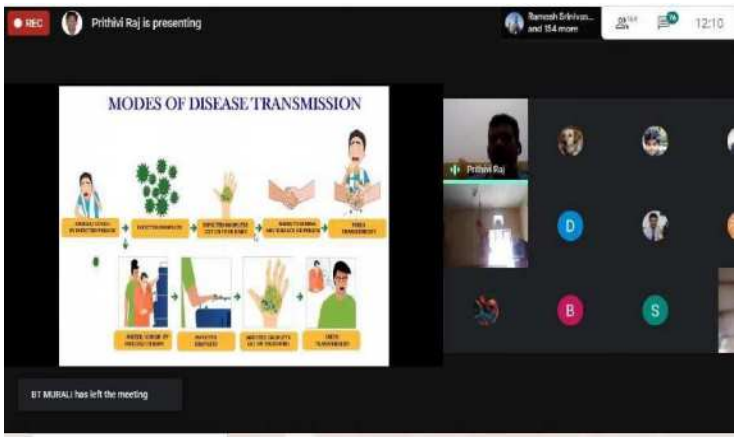

Prevention is better than cure. Practice hand washing, cough etiquette. Social distancing, avoid travel and report if any symptoms arise. Follow Government advice only. Together we fight and we win.

GURU NANAK CENTRE FOR RESEARCH

Event Title	NATIONAL WEBINAR ON "BIOMATERIALS FROM NATURAL RESOURCES FOR REGENERATIVEMEDICINE"	
Category	UG/PG Students, School Students, Faculty (Teaching AndNon-Teaching), Researchers, Industry Persons.	
Date	From : 11.08.2020	To : 11.08.2020
No. of Resource Person	**1**	
No. of Participants	250	

Report Description:

The objective of this webinar is:

Biomaterials as a field have seen rapid growth over its approximately half- century of existence and use ideas from Medicine, Biology, Chemistry, Materials- Science and Bio Engineering (Biotechnology). The National webinar was organizedaround the theme to 'Gain critical insights in the research of Advanced Biomaterials'and to create awareness on the Properties of Biomaterials.

Report:

Guru Nanak Centre for Research (GNCR) of Guru Nanak College, (Autonomous), Velachery, Chennai organized National Webinar on "Biomaterials from Natural Resources for Regenerative Medicine "on 11/08/2020 between 12.00 pm. to 01.20 pm, through Google Meet Platform, where around 250 participants from various Colleges, Universities, Research Institutes and Industries actively participated in the Webinar.

The webinar theme was designed to stimulate Life science professionals to enhance their research and their carrier in Novel Approaches and Applications about Biomaterials like the gene/Drug Delivery Systems Development and Industrializing insights & gain Knowledge of latest technologies about novelBiomaterials and Bio-Nanomaterials.

The Principal Dr.M.G. Ragunathan, welcomed the Speaker, dignitaries of theCollege Management, Faculty members and the participants from all over the Country and across the globe.

Dr. Prithiviraj Nagarajan Research Scientist from Multi- Disciplinary Centrefor Biomedical Research, Aarupadi Veedu Medical College and Hospital VinayakaMission's Research Foundation, was the resource person who delivered the presentation about Recent advances in the area of biomaterials that have revolutionized the field of life science student.

According to his opinion the industry needs Regenerative medicine (RM) widely and it is seen as the next major innovation in the field of healthcare He alsodiscussed his research topic on starfish and zebra fish, he also insisted that the marketshift to commercial products based on stem cells is likely to mature in the next 510 years, with a series of therapies for cardiovascular conditions cancer, arthritis, and trauma in the pipeline. Finally he concluded that, there

is a need for improved stakeholder involvement in product characterisation, to allow the manufacture of thebest possible regenerative therapies within the shortest timeframe. He also answeredto all the queries of the participants.

Research Dean Dr. J. Jayanthi gave the concluding remarks and proposed thevote of grateful thanks to all those who had helped to make the webinar a success.

Event Title	RESEARCH DEVELOPMENT PROGRAMME ON ONLINE PLATFORMS FOR PEER INTERACTION IN RESEARCH	
Category	Faculty and Researchers	
Date	From : 10.08.2020	To : 10.08.2020
No. of Resource Person	1	
No. of Participants	232	

Report Description

Guru Nanak College (Autonomous) affiliated to the University of Madras aims atpaving the way in the pursuit of basic and applied research as well as fostering extension activities in various fields. The Guru Nanak Centre for research deems it as its duty to disseminate the up to-date scientific knowledge among the academicians involved in research. In order to promote research, GNCR provides support and guidance to enable faculty and students to take up research and innovative development relevant to industry as well as society. The objective of this RDP was to create awareness about Online Platformsfor Peer Interaction in Research.

The RDP was inaugurated by Dr. M. G. Ragunathan, Principal with this vibrant Welcome Address. He welcomed the Speaker, dignitaries of the College Management, Faculty and the participants.

Dr. J. Jayanthi, Dean Research of Guru Nanak Centre for Research and the Convener of this Webinar greeted the participants who have gathered to show their support for the RDP.

Dr. J.Vanathi, HOD, B.Sc (IT) introduced the Speaker of the RDP , Mrs . R.Aparna who is working as Assistant Professor at the Department of Computer Science , Ramaiah Institute of Technology , Bangalore. Mrs.R .Aparna has experience in both teaching and Software Industry. She has worked in Yahoo Software in a lead role before taking upteaching.

Around 232 participants comprising of faculty members and research scholars actively participated in the RDP. All the Participants were given a certificate of participation. The participants were appreciative about getting an opportunity to know about the three importanttools for researcher to interact with their peer online.

The Resource person started her Session by explaining how researchers can now use many online tools to promote and share their work. She also highlighted, how researchers can communicate with others, measure the impact of their publications, or access relevant information in their field. She specified that in this age of the internet, mobile devices, and social media, networking is becoming an essential way to stay in touch with colleagues, start new collaborations, and let the world know what you are doing.

Ms.R.Aparna focused her topic on Research Gate, its history, features , and how to create account on Research Gate . She also demonstrated through online about the various features on research gate. She also elaborated on Research gate and Academia.edu.

She gave an insight into the Handy E-Tools for researchers like Mendely free E-software that helps you to manage references automatically. She also demonstrated thesoftware. She also elaborated on Google Scholar which is a one stop for links to scholarly articles. She demonstrated all the features in Google Scholar.

There was a very interactive and lengthy discussion where the Speaker was happy to address all the questions raised by the Participants. The Participants told that they were fortunate to have attended this RDP as programs like this will address their queries related to E-Tools for research.

The Webinar concluded with the Vote of Thanks delivered by the Convener of the National Webinar Dr. J. Jayanthi, Dean Research, Guru Nanak Centre for Research, Guru Nanak College (Autonomous), Velachery, Chennai.

Event Title	**INTERNATIONAL WORKSHOP ON "DIGITAL PORTFOLIO THROUGH CLASS DOJO"**	
Category	UG/PG Students, School Students, ResearchScholars and Faculty	
Date	From : 09.08.2020	To : 09.08.2020
No. of Resource Person	**1**	
No. of Participants	250	

Report Description:

The International Workshop on "Digital Portfolio through Classdojo" was organisedby the Guru Nanak Centre for Research of the Guru Nanak College (Autonomous), Velachery, Chennai on 09.08.2020 (Sunday) at 4.00 p.m. through Google Meet.

Report:

The Workshop commenced exactly at 4.00 p.m. with the Welcome Address byDr. L.R.S. Kalanithi, Vice Principal (Students' Affairs). She welcomed the Speaker, Deans, Heads and faculty of Guru Nanak College and all the participants from all over the Globe who joined virtually.

Dr. J. Jayanthi, Dean Research of Guru Nanak Centre for Research and the Convener of this Webinar highlighted the various initiatives and activities being organized by the Guru Nanak Centre for Research of Guru Nanak College, which wasinitiated in the year 2019 to commemorate the 550th birth anniversary celebration of Shri Guru Nanak Dev Ji, with a view to bring together academicians and researchers ofvarious fields by providing a platform for ground breaking research. Dr. L.R.S. Kalanithi, introduced the Resource Person of the Workshop, Ms. BANANI who is working as TESOL EDUCATOR at the Institute of Applied Technology, Abu Dhabi Vocational and Educational Training Institute (ADVETI), UAE, who provides trainings with reference to Online Teaching Tools to Schools, Colleges all over the World.

Around 250 participants from various Colleges, Universities actively participated in the Workshop and learnt the latest technologies developed to handle theOnline Digital Tools for better and effective teaching especially during this Pandemic. All the Participants were given a certificate of participation. The participants appreciated the way the Resource Person conducted the Workshop with Live examples and Real time demonstration of the ClassDojo Tool. There was a veryinteractive question and answer session where the Resource Person very clearly and aptly addressed all the questions raised by the Participants.

The Webinar concluded with the Concluding remarks by the Convener of the National Webinar Dr. J. Jayanthi, Dean Research, and formal Vote of Thanks Dr. L.R.S. Kalanithi, Vice Principal (Students' Affairs), Guru Nanak College (Autonomous), Velachery, Chennai.

Event Title	FACULTY DEVELOPMENT PROGRAMME ON "INNOVATIVE PEDAGOGY AND PRACTICES FOR ONLINE TEACHING AND LEARNING"	
Category	FACULTY	
Date	From : 08.08.2020	To : 08.08.2020
No. of Resource Person	1	
No. of Participants	180	

Report Description:

Guru Nanak College (Autonomous) affiliated to the University of Madras robustly encourages our faculty to update themselves regularly on the latest technological advancements. The major objective of Guru Nanak College (Autonomous), is to cater to the educational needs of the target groups and to create skilled and knowledge based human resource for speedy upliftment and development of the Students. The College aims to impart quality education by maintaining high academic standards.

The Guru Nanak Centre for Research (GNCR) of the Guru Nanak College(Autonomous), Velachery, Chennai organised the **FACULTY DEVELOPMENT PROGRAMME ON "INNOVATIVE PEDAGOGY AND PRACTICES FOR ONLINE**

TEACHING AND LEARNING" on the 8th of August, 2020 (Saturday) from 10.00 a.m. to 12 Noon for the Faculty of our college to be aware of the relevant research on instructional design and delivery in online and technology-based teaching. The FDP programme received an overwhelming response with 180 participants from Guru Nanak College (Autonomous), Velachery, Chennai.

The FDP was inaugurated by Dr. M. G. Ragunathan, Principal, Guru Nanak College with this energetic Welcome Address. He welcomed the Speaker, dignitaries of the College Management, Deans, Heads and Faculty from all the departments of Guru Nanak College those who joined virtually. Dr. J. Jayanthi, Dean Research of Guru Nanak Centre for Research and the Convener of this FDP greeted the Faculty and highlighted the various academic initiatives and activities organized by the Guru Nanak Centre for Research (GNCR) especially during the Pandemic Lockdown. She had also mentioned the various outreach programmes with social relevance conducted by GNCR.

Dr. S. Savithri, Dean Academics introduced the Speaker of the FDP Dr. RAMESH CHANDER SHARMA who is working as Associate Professor at the School of Global Affairs, Dr. B.R. Ambedkar University Delhi, New Delhi - 110006. Dr. Sharma who is having long years of teaching experience and international exposure and is serving as OER Ambassador at the OER Foundation.

The participants were appreciative about getting an opportunity to know and learn the various new tools and technologies those are available to cater to the e- learning triangle of content, technology, and services. The Speaker highlighted that these developments (in technology, needs of students, emergence of new modes of education like MOOCs or flipped classrooms, etc.) have resulted in a change in the approach to teaching. Dr. Sharma also stressed that innovative applications of online pedagogy and course design is the need of the hour topic for instructional delivery across various kinds of educational institutions and at all levels.

Dr. R.C. Sharma demonstrated various educational OER Tools those can be very well used by the Faculty to deliver the content more effectively and some of them are listed below:

GURU NANAK CENTRE FOR RESEARCH

Event Title	National Webinar on "Career opportunities in clinical research and pharmacovigilance"	
Category	All Students, Research Scholar and faculty members	
Date	From : 07.08.2020	To : 07.08.2020
No. of Resource Person	1	
No. of Participants	191	

Report Description

The objective of this webinar is:

- To create awareness about Clinical Research/Data Management and the latesttechniques and trends in the industry
- To create awareness about the potential of the Clinical Research industryMarket
- To create awareness about the different Career Paths in the Clinical ResearchIndustry

Report

Guru Nanak Centre for Research (GNCR) of Guru Nanak College, (Autonomous), Velachery, Chennai organized National Webinar on "Career opportunities in clinical research and pharmacovigilance " on 07/08/2020 between 12.00 p.m. and 01.00 p.m, through Google Meet Platform, where around 191 participants from various Colleges, Universities, Research Institutesand Industries actively participated in the Webinar

The webinar theme was designed to stimulate Life science professionals to enhance their research and their carrier in clinical research. The Dean Science Dr.J.Jayanthi highlighted the importance of Pharmacovigilance in the current scenario, she also declared that there will more such events with the aim to help the young health care professionals attain unique skills , gain further insight into the ways of clinical research Ms. Alamelu Murali, CEO Atria Biosciences was the resource person who delivered the presentation about potential avenues for all the life science student. According to her opinion the industry needs to take aggressive steps to demonstrate a safety focus– self-regulation in clinical research. She also discussed about epidemiology and classification of ADRs with reference to indigenous drugs and described about basic methods to detect, evaluate and document ADRS. Finally she highlighted the needs ofPharmacovigilance and challenges in monitoring the safety in all volunteers. She also stressed the importance of clinical research ethics as an important principle in conducting any research.

Research Dean Dr. J. Jayanthi proposed the vote of grateful thanks to all those who had helpedto make the webinar a success.

Date	From:1.8.2020	To:1.8.2020
No. of Resource Person	1	
No. of Participants	363	

Report Description

The head of P.G and Research Department of advanced Zoology and Biotechnology Dr J.Jayanthi organized a National Webinar on 1.8.2020 at 11 am in the title "In-vitro animal cell line culture and its tangible benefits". Dr.Bharathi Ravikrishnan. Assistant Professor and Head of the Department of Biotechnology, Guru Nanak College, Velachery, (Autonomous) was the resource person. Dr .J.Jayanthi, Head, P.G and Research Department of advanced Zoology and Biotechnology delivered the welcome address followed by the introduction of chief guest by Dr.Sharmila. More than 363 participants across the country participated.

Report

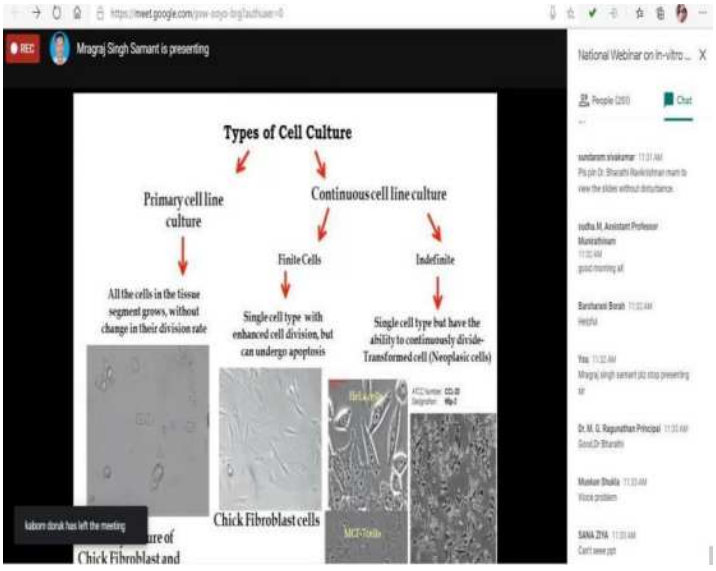

Scope of Animal Cell Culture, History of Animal cell Line culture and Terminologies were explained. Instruments, Equipments and media used in Animal cell culture Lab was briefed. Physical Parameters to support animal cell growth, Cell line cultures, Culture influence was also explained. She also spoke about the overview of Tissue engineering in Organ Synthesis, Bioengineered Trachea Bioengineered Liver, Bio-engineered eye lens, Biopolymer for Jaw construction and about the involvement Scaffolds in Biomimetic. Speaker explained about a team of over 50 researchers at Harvard University and Tel Aviv University (TAU) have successfully built human "organs-on-chips" that they say will allow scientists to better predict human responses to drugs during trials as a way to speed up drug development, and may offer alternatives to some animal testing.

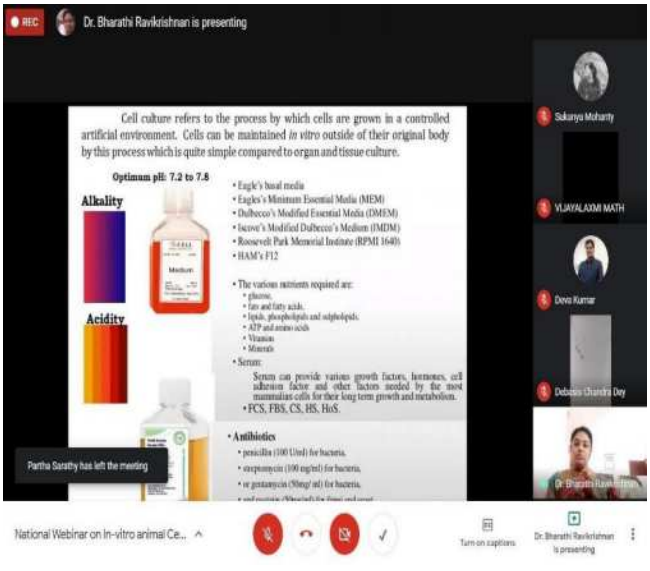

A total of eight microchips were created to recapitulate the build and functions of living human organs – including the lungs, liver, intestines, kidneys, skin, bone marrow, brain, and the blood brain barrier. The scientists also built an automated instrument to fluidically link up to 10 "organ chips" to create what they called "a functional human Body on-Chips platform.

GURU NANAK CENTRE FOR RESEARCH

Event Title	INDUSTRY – ACADEMIA CONCLAVE 2020 ON "AQUACULTURE: AVENUES, OPPORTUNITIES AND CHALLENGES"	
Category	Under Graduate Students and Post Graduate Students, ResearchScholars, Faculty, Professionals, Aquaculture Farmers, Industry Persons.	
Date	From: 27.07.2020	To: 31.07.2020
No. of Resource Person	5	
No. of Participants	750	

Report Description:

The Guru Nanak Centre for Research (GNCR) of the Guru Nanak College(Autonomous), Velachery, Chennai organised the INDUSTRY – ACADEMIA CONCLAVE 2020 ON "AQUACULTURE: AVENUES, OPPORTUNITIES AND CHALLENGES" from 27th July 2020 to 31st July 2020 from 2.00 p.m. to 3.00 p.m. with the aim to create awareness about the various scopes, opportunities available in the broad field of Aquaculture. The Programme was conceptualised and given shape by the Convener Dean Research Dr. J. Jayanthi who is a strong believer of Industry and Academia Tie Ups and Collaborations for the overall development of the institutions and the Society at large. We received more than 1000 Registrations and due to the limit in Google Meet, only 250 Participants were able to attend the programme each amounting to 750 Participants in total for all five days of the Conclave.

The Conclave was inaugurated on 27.07.2020 by Dr. M. G. Ragunathan, Principal, Guru Nanak College with this enthusiastic Welcome Address. He welcomed the Resource Person, Dignitaries of the College Management, Faculty from Guru Nanak College and the participants from across the Globe who joined virtually. The Theme of the conclave was introduced by the Convener of the Conclave, Dr. J. Jayanthi, Dean Research of Guru Nanak Centre for Research. Dr. J. Jayanthi introduced the Resource Person of the First Day of the Conclave, Dr. A.R.T. Arasu, Former Head of the Department, Fish Culture Division, ICAR- CIBA, Chennai, Tamil Nadu.

DAY 1 - TOPIC: "COASTAL AQUACULTURE PERSPECTIVE"

Dr. A.R.T. ARASU very explained the various opportunities prevailing in the Aquaculture especially with the culture of Sea Bass Fish. Dr. Arasu clearly explained the various processes required

in setting up an Aquaculture Farm and the nuances involved in proper maintenance of the Aquaculture Farm.

DAY 2 - TOPIC: “INNOVATIVE AQUACULTURE TECHNOLOGIES TO ENHANCE PRODUCTION”

Dr. JITENDRA KUMAR SUNDARAY, Principal Scientist and Head, Division of Fish Genetics and Biotechnology, ICAR-CIFA, Kausalyaganga, Bhubaneswar, Odisha was the resource person of the second day. Dr. Sundaray Covered (i) The need for innovation and proper implementation of the same, (ii) The role and use of genetic engineering in breeding and improving the harvest in Aquaculture, (iii) The various subsidies and scheme of the Government of India for Aquaculture, (iv) The Consultancy services available for farmers and people involved in Aquaculture.

DAY 3 - TOPIC: “EMPLOYMENT AND STARTUP OPPORTUNITIES IN FISHERIES”

On the Third Day on 29th July, the resource person was Shri. R. VIJAYAN, Incubation Manager (Fisheries) Centre for Innovation and Agripreneurship -CIA), National Institute of Agricultural Extension, Management (MANAGE) spoke about the various Government Funding schemes and wide opportunities available for graduates and people who want to pursue Aquaculture as a Career. He shared the contact details of many successful aquapreneurs to whom we ask help for establishing our own farm.

DAY 4 - TOPIC: "SPF ASSURANCE OF THE EXOTIC SHRIMP, P. VANNAMEI

Dr. M. C. REMANY, Project manager, Scientific Research Planning and Management, Aquaculture Quarantine Facility, Rajiv Gandhi Centre for Aquaculture - MPEDA, Chennai was the Resource Person for the fourth day of the conclave on 30.07.2020. Dr. Remany gave a clear and vivid picture about the quarantine process being followed to ensure the quality of the stock. She explained each and every step being adopted in the Aquaculture Facility whenever any imported stock comes and its importance. The participants were very happy to learn the different rules and regulations to be implemented whenever a new variant of Shrimp is used.

DAY 5 - TOPIC: "COASTAL AQUACULTURE IN INDIA – CHANGING PRIORITIES WITH . CHANGING TIMES"

Mr. JAIDEEP KUMAR, Editor and Publisher, Aquaculture Outlook, Chennai, Tamil Nadu was the resource person of the final day of the conclave. Mr. Jaideep kumar emphasized the importance of Aquaculture for the economic growth of our country and also suggested that Aquaculture to be a sustainable option of food production than other systems. He compared the amount of greenhouse gases

among the various forms of food production and concluded fish farming emits only very less gases. He gave lucid picture about the global scenario of fisheries and aquaculture production and more specifically Indian scenario. He stresses the need of more attention towards Shrimp farming and the recent developments of Shrimp Farming in the country and the best possible ways for disease control in shrimp farming.

The INDUSTRY – ACADEMIA CONCLAVE 2020 ON "AQUACULTURE: AVENUES, OPPORTUNITIES AND CHALLENGES" was concluded with the Vote of Thanks delivered by Dr. L.R.S. Kalanithi, Vice Principal (Students' Affairs) of Guru Nanak College (Autonomous), Velachery, Chennai.

The overall Conclave and the various sessions were very helpful to those doing research in the aquaculture and involved in aquapreneurship. This was possible only with the Able Guidance of Our Most Revered General Secretary, Sardar Manjit Singh Nayar, Constant Support by our Most Respected Principal Dr. M.G. Ragunathan and with the extreme meticulous planning and execution by the Convener of this INDUSTRY – ACADEMIA CONCLAVE 2020 ON"AQUACULTURE: AVENUES, OPPORTUNITIES AND CHALLENGES", Dr. J. Jayanthi, Dean Research of GNCR. All the Participants were given a certificate of participation.

SCHOOL OF INFORMATION TECHNOLOGY

DEPARTMENT OF COMPUTER SCIENCE

Event Title	WEBINAR ON "OPPORTUNITIES IN THE MOBILE-FIRST WORLD"	
Category	Students	
Date	From: 18.07.2020	To: 18.07.2020
No. of Resource Person	1	
No. of Participants	234	

Report Description

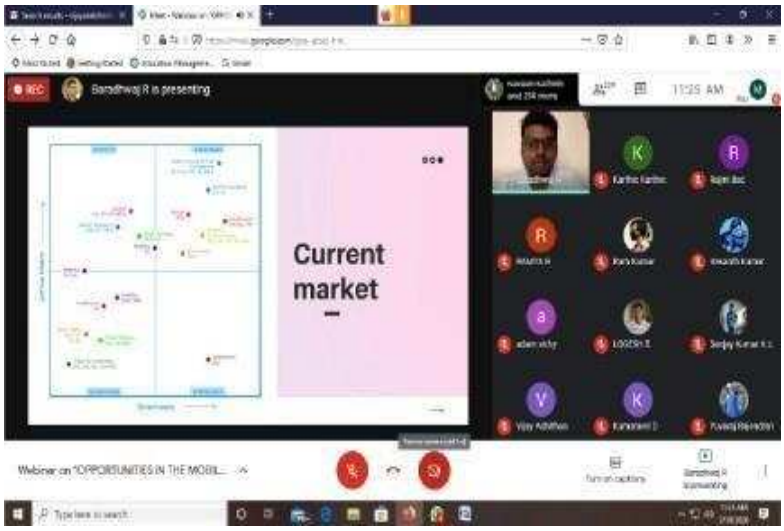

The webinar on Opportunities in the Mobile-First World was delivered by the resource person Mr.R. Baradhwaj (Prominent Alumni), Head of Growth & Marketing Operations, Moengage Inc., Bangalore. From Computer Science department 2nd and 3rd year around 234 students are participated with zeal. Resource person delivered the content in the areas of recent IT opportunities and current market trends in the mobile world. He elaborately and patiently cleared the doubts raised by our students. The event went on successfully.

Report

Like a train pulling out of a station, Google's long-awaited mobile-first initiative represents a journey to new places. After the confirmation of the rollout on March 26 2018, it took a while for things to really get moving, but in September 2018, mobile-first started to pick up the pace, as Google sent out a wave of emails confirming the enablement of mobile-first indexing for huge numbers of domains. People knew mobile-first was coming, and it was even theoretically here, sort of, but the piecemeal rollout made it hard to make any sensible assessment of changes to the search landscape. Gradually, mobile-first drifted off (some) people's radars. The Resource Person elaborately explained these facts to the students.

Invitation

Resource Person Mr.Prabhu **and staff members joined for webinar through Online.**

Speaker Profile

Mr. Prabhu, Assistant Professor,
Department of Commerce (Accounting & Finance),
Shift II, Guru Nanak College, Chennai

Mr. Prabhu has over 10 years of experience in the field of Stock Market Trading. After completing MBA, Prabhu joined India's most reputed stock broking company India Infoline as Assistant Relationship Manager, where he was handling various high profile net worth individuals and supporting in their investment area. Then he was promoted as a Relationship Manager after a year of hard work in that concern. In 2012 he resigned his job and started promoting financial planning and financial literacy awareness programme which is his passion. Then he turned as an independent trader…but he was very much particular about learning technical analysis tools. In connection with that he pursued technical analysis and got certified by NSE as a Technical Analyst. Prabhu successfully set up a stock market research firm GENIUS ACADEMY for young traders and students in the area of stock trading. Now it is one of the leading stock training Institutes in Chennai. Now he is providing training and advisory services to various investors in stock market and financial planning. In a year's time Prabhu has trained more than 200 Traders and Associates working for various Financial Services Institution in Chennai. He is much interested in making the young India financially literate. To satisfy his own burning desire he was approached by various colleges to conduct Financial Awareness Programme to make the young

India financially literate. Prabhu is a visiting Faculty and Subject Matter expert in finance, stock market trading, Investment, Risk Management and conducts workshop in MBA institutions and Financial Services Companies. Prabhu is a guest faculty in Vel Tech and regular faculty at Gurunanak College Chennai.

SCHOOL OF SCIENCES

DEPARTMENT OF BIOTECHNOLOGY

Event Title	WEBINAR ON FERMENTATION TECHNOLOGY	
Category	Webinar	
Date	From : 13.07.2020	To : 16.07.2020
No. of Resource Person	6	
No. of Participants	300	

Report Description:

The chemical based products are substituted with biobased products. For the bio-based product production Fermentation technology needs to be understood. This webinar is intended tothrow light over the various basics concepts which leads to the successful fermentation technologyprocess. This is a Academic-Industrial interface webinar series.

Report:

The Department of Biotechnology organized a webinar series titled "Fermentation Technology", started from July 13, 2020 to July 16, 2020. 730 participants from various parts of India and also including five countries name China, Melbourne, UAE, Hong Kong and Macedonia registered and about 300 participants regularly attended all the session. The event was structured with seven technical sessions; each one was engaged by an eminent researcher cum experienced academician from the specific area of interest.

Session-I- Timing:11.00 a.m. to 12.00 p.m**. :**

Dr. Gunita Arun Chandok, Vice Principal of Guru Nanak College, inaugurated the webinar series on July 13, 2020. Prof. Doble Mukesk , Eminence professor, Department of Biotechnology, IIT Madras and the topic he spoke was "Need for fermentation technology". Theobjective of his talk was upon the history, importance of fermentation for the production of pharmaceutical product, probiobiotics. nd their technical concerns.

Session-II- Timing: 3.00 to 4.00 p.m.:

Dr. L.R.S. Kalanithi, Vice Principal Shift I, delivered the felicitation address. The session technical resource person was Dr. B. Samuel Jacob, Assistant Professor of Biotechnology, SRM Institute of Science & Technology and shared his expertise on, "Up-stream process in a fermentation industry and its innovation". The session was enriched with very elaborate details onessentials of upstream processing and their importance in different regards. He also spoke about theinnovation in the field of fermentation with *in-silico* aids.

Session-III:14th , July 2020, Timing: 11.30 a.m. to 1.00 p.m.:

The resource person was Dr. Veenagayathri, Assistant Professor of Biotechnology, Stella Maris College. She highlighted upon the composition of media, the need for media formulation from a small lab scale to a scale up to industrial scale.

Session-IV: Timing: 3.00 p.m. to 4.00 p.m.:

The felicitation address was delivered by Dr. J. Jayanthi, Dean Research and the resource person for the session was Dr. Bharathi Ravikrishnan,Assistant Professor and Head, Department of Biotechnology, Guru Nanak College and delivered talk on "Types of fermenter and their parts". She highlighted upon the design of everyparts of the fermenter and their applications. She also spoke about the specific fermenter usedfor plant cell and *in-vitro* animal cell cultures and also about fermenter models used in tissue engineering.

Session-V: Date: 15th, July 2020 Timing: 11.30 a.m. to 1.00 p.m.:

Dr.S.E. Noorjahan, Dean -School of Sciences, felicitated the session with her warm words.and Dr. Veenagayathri, Assistant Professor of Biotechnology, Stella Maris College was theresource person and enlightened the participants with processes of metabolite production and concepts of mass transfer.

Session-VI: Timing: 3.00 p.m. to 4.00 p.m.:

Dr. RM Ezhilarasi, Associate Professor and Head- Department of Chemistry & Chair person-Life Science, Guru Nanak College felicitated the session and Prof. S. Ramalingam, from Centre for Biotechnology, Anna University, shared his expertise on, "Different modes of cultivation of microbes". The conventional and advanced approaches were well discussed.

Session-VII: Date: 16.7.2020, Timing: 11.00 a.m. to 12.30 p.m.:

The session was felicitated by Dr. V. Srimathi, Dean Academics and an interesting talk was delivered by Dr. P. Ganesan, Senior Scientist, Department of Biochemistry and Biotechnology,CSIR - CLRI, Chennai. In hispresentation, the principle and applications of various biophysical techniques involved in the isolation, purification and characterization of intracellular, cellular and extracellular products of downstream processing were well explained. Researchers, Faculty members and students from all over India were actively participated in this well organized webinarseries.

At the end of every session the multiple choice test and feedback were conducted through Google forms. All the sessions were live streamed in YouTube through our Channel, "Biospectra Department of Biotechnology. Dr. Bharathi Ravikrishnan, Assistant Professor and Head, Department of Biotechnology, served as the convener and Dr. M. Mahendrakumar, Assistant Professor of Biotechnology, served as the Organizing Secretary & co-hosted the sessions without any technical glitch. The questions were posted by the participants in the chat which was clarified by the respective resource person. The valediction of the webinar series wasended with the warm

words and wishes of Dr. Gunita Arun Chandok, Vice Principal, Shift II. On behalf the Department of Biotechnology, Guru Nanak College, I thank the management for granting permission to host the webinar successfully.

CHIEF GUEST ADDRESSING TOWARDS WEBINAR PARTICIPANTS

WEBINAR SERIES ON FERMENTATION TECHNOLOGY

Speaker Profile

Prof. Doble Mukesk ,
Eminence professor,
Department of Biotechnology, IIT Madras.

He is an Experienced Biotechnology Professor with a demonstrated history of working in the higher education industry. Skilled in HAZOP Study, Process Modeling, Six Sigma, Drug Design, Biomaterials and Bioremediation. Strong education professional with a Doctor of Philosophy (Ph.D.) focused in Chemical Engineering- Process control from University of Aston, UK.

Dr. B. Samuel Jacob,
Assistant Professor of Biotechnology,
SRM Institute of Science & Technology,
Chennai.

He is an Experienced Assistant Professor with a demonstrated history of working in the education management industry. Skilled in Reactor Configurations, Bioprocess Engg, Molecular Biology, Biotechnology, Cell Culture, and microbiology. Strong education professional with a PhD from IIT Kharagpur, Master of Technology - MTech focused in Industrial Biotechnology from Shanmugha Arts, Science, Technology & Research Academy (SASTRA), Thanjavur and B.Tech in Agricultural Biotechnology, TNAU, Coimbatore.

Dr. K. Veena Gayathri,
Assistant Professor,
Stella Maris College (Autonomous)
Chennai.

Area of Interest:
Environmental Biotechnology, Wastewater treatment, Integrated method for recalcitrant removal.

Patent Granted
Vasudevan N. and Veena Gayathri K. ‘A method for the biodegradation of chlorophenols by a

halotolerant bacterial consortium', Patent Application No. 1164/CHE/2010 A, Date of Filing. 28.04.2010 granted on 20 th April 2017. Tamilnadu State Council for Science and Technology- Students scheme 2019-2020 Biodegradation of organophosphorus pesticide chloropyrifos using bacterial consortium and its metabolites by vermiremediation in contaminated soil- 2020.

• Tamilnadu State Council for Science and Technology- Students Scheme 2018-2019 A comparative study on degradation of PAH by earthworm and its associated microbes- Students project scheme- 2019.

• DBT Sponsored- Foldscope No.BT/IN/Indo-US/Foldscope/39/2015 Maximal usage of Foldscope to appraise south and North – East Indian farmers on the relative abundance of earthworm species, associated microflora and resistance to pesticides to preserve Biodiversity.

• UGC- Minor Research Project Awarded in Nov 2016 Reactive Dyes of Textile Industry Effluent Degradation by an Alkaliphilic Bacterial Consortium" awarded Financial assistance for a tenure of II years.

SCHOOL OF HUMANITIES

DEPARTMENT OF ECONOMICS

Event Title	IMPACT OF COVID-19 ON WOMEN LABOUR IN INDIA	
Category	Student	
Date	From : 11.07.2020	To : 11.07.2020
No. of Resource Person	1	
No. of Participants	153	

Report Description

The Department of Economics has proudly conducted National Webinar on the title "Impact of Covid-19 on Women Labour in India" during the lockdown period. The webinar was welcomed all the students, research scholars and faculties across the nation. Our respected Principal sir has welcome addressed and our Head of the Department has introduced Chief Guest. Mr. S.Subburaj, IES of Assistant Director, Labour Bureau (RS), Ministry of Labour and Employment, Government of India has invited as a Resource Person in this webinar. He excellently delivered his speech with interacted participants by clarifying their doubts regarding the current economic situation particularly women labour in India. There were 153 participants eagerly participated in this webinar. Duration of webinar is from 11 am to 12.45 pm. The feedbacks were received from the participants. The certificates are automatically generated for every participant in this webinar. This webinar is conducted during the lock down period and it is also a great success and achievement by the Department of Economics.

Report

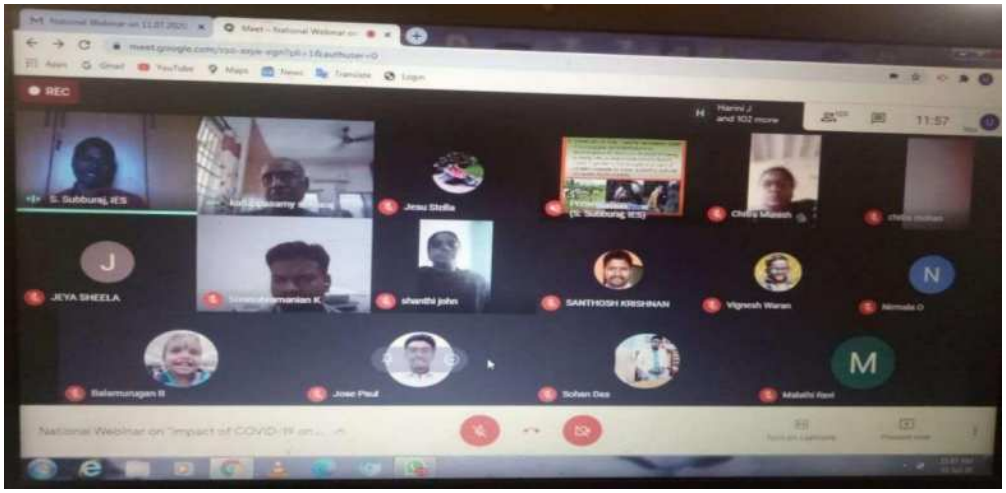

Impact of Covid-19 on Women labour in India: The present webinar topic reveals that the impact of women labour during the covid-19 period. The women labours are poor bargaining power with entrepreneur. During the pandemic period regarding household workers are adversely affected by way of stopped their work without pay and no security for job. Both Central and State governments are out of sight of the women labours. The women labours wage is the main source of income of day to day life expenditure. The women labours are looking after the family conditions in terms of children education, food, cloth and rent expenditure. Due to sudden measures of health department and police department pressure, they are not able to come out for their basic needs to purchase the essential commodities such as milk, vegetables and so on. This webinar is accepted by UGC and

useful webinar the society and policy makers. The resource person is from Ministry of Labour Department and his explanation and demonstration are important to the students and academician, etc. The Department of Economics has appreciated by college Principal for the successful webinar.

No. of Participants	307	

Report Description

The PG and Research Department of Advanced Zoology and Biotechnology of Guru Nanak College (Autonomous), Guru Nanak Salai, Velachery, Chennai – 42 organized a one-day National Webinar on "Science Makes You Curious" on 11.07.2020.

Report

The Head of P.G and Research Department of Advanced Zoology and Biotechnology Dr J .Jayanthi organized a National Webinar on "Science Makes you Curious" on 11.7.2020 at 11.00 am through Google meet . Dr. Veena Gayathri, Assistant Professor, Department of Biotechnology, Stella Maris College (Autonomous) Chennai, was the Resource Person. Dr L.R.S Kalanathi , Vice Principal delivered the welcome address followed by the introduction of Chief Guest by Mr .Senthil Vairavan . Around 307 participants across the country participated in the webinar.

Science makes you Curious - Science is simply the word we use to describe a method of organizing our curiosity, the perceptual curiosity and the degree of curiosity. In today's world Science is the incorporation of physical, chemical, biological sciences which is linked with technology. Science and technology together provides the solution to difficult problems, which have the potential to become major bottlenecks to the overall growth of the country.

Frugal Innovation:

Process of reducing the complexity and cost of a good and its production was explained. Under Frugal Innovation, Dry Bath, Foldscope and Spectacles were explained. Foldscope microscope: This field microscope is affordable, durable and easily carried. Further the demonstration was explained in various steps. This informative session was ended by vote of thanks by Dr. J. Sivakumar, Assistant Professor, Department of advanced Zoology and Biotechnology.

No. of Resource Person	1	
No. of Participants	212	

Report Description

The PG Department of Social Work conducted the Webinar as the initiative on behalf of the School of Humanities.

Report

The Department of social work conducted the webinar as the initiative on behalf of the school of humanity there were 212 participants registered for the webinar from all over India **Mr. E. Horst Kharis, Asst. Prof of the Department of Social Work** inaugurated the webinar. **Dr. M. G. Ragunathan, Principal, Guru Nanak College** addressed the participants with the welcome address. Followed by the welcome address, **Dr. K. Shanthi, Head, Department of Social Work** introduced the resources person to the participants **Mr.Joshua Gerard, B.E, PGDBA, PGDHRM** gave a warm welcome to all the participants.

Narrative report

Session 1 :

The webinar started at 10.38am due to some technical issue. A brief explanation about what is leadership and team work was described. Difference between team work and leadership was well explained as team work is something that integrating, motivating, planing and leadership as something that focus, trust, thinking for the future. He also gave an example story for leadership. He gave the best example of **Mr.Steve Jaul Jobs**, who of was the founder of apple, struggles and difficulties faced by him to become a leader. What is leadership' A leader is one who inspires and motivates the actions. He also explained the six styles of leadership.

Commanding

- Democratic
- pace-setting
- Visionary
- Couching
- Affiliate

The leader should have the quality of **communication creativity motivation feedback positive.**

LEADERSHIP TRAITS

- **L**oyalty

- **E**mpathy
- **A**ccountability
- **D**uty and determination
- **E**nergy and encouragement
- **R**espect
- **S**elflessness
- **H**onorable
- **I**ntegrity
- **P**ride in work

A LEADER IS ONE WHO KNOWS THE WAY, GOES THE WAY, AND SHOWS THE WAY

He also explained team work and team building. Team work is 'the process of working collaboratively with the group of person to achieve a goal"., team building is 'ability to identify and motivate individual employees to form a team".

Session 2 :

1. How to find the balance between the command and compassion in leadership?

Answer : A compassion is something is deep awareness of the suffering of others.

2. There are different types of leadership and which style is more effective

Answer : couching is the more effective style leadership.

3. If a leader is talented that does not have proper communication skill but people want the person to be a leader?

Answer : without communication skill they won't be a leader. Communication is one of the important skill in leadership

Many of the participants commented it was a use full part.

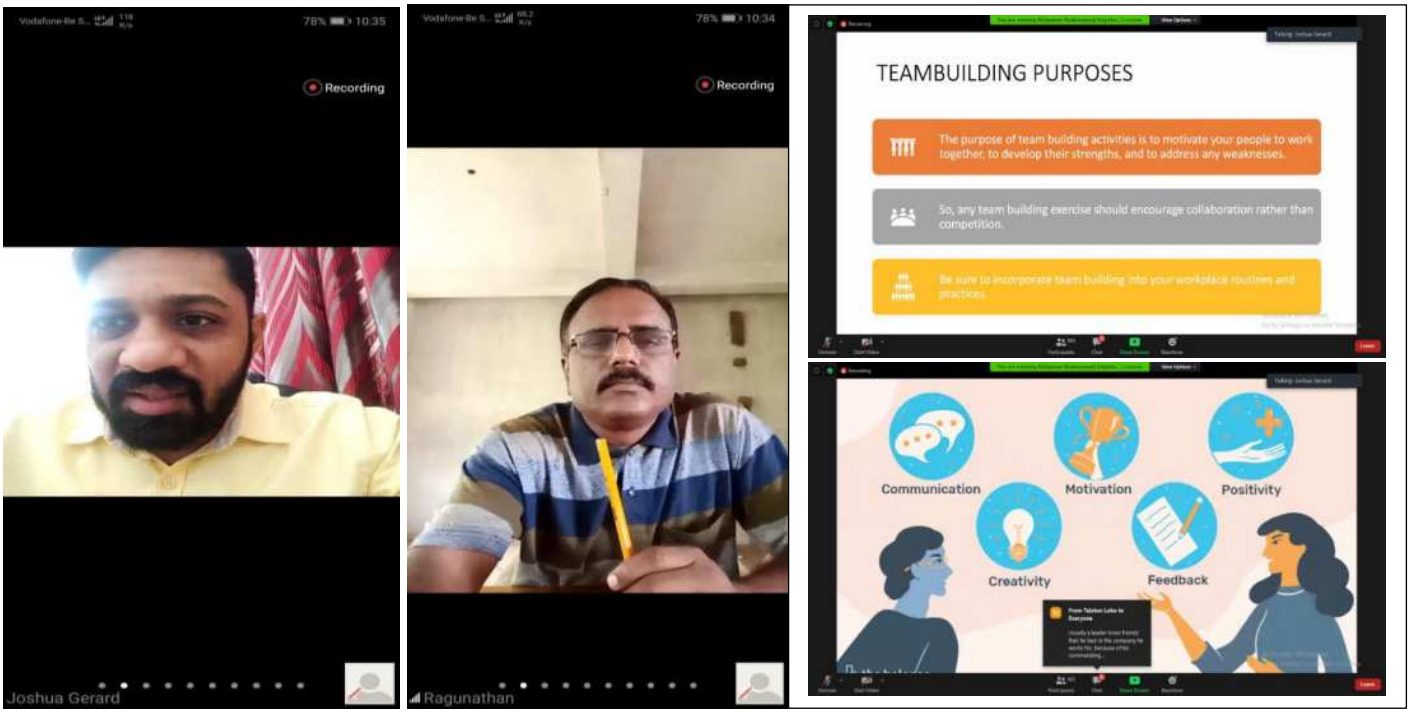

Conclusion :

The webinar came to an end at 11.31am with the conclusion of without leadership quality and teamwork their won't be a success. The webinar concluded with vote of thanks delivered by **Asst. Prof. E. Horst Kharis**
