Report Description

Hindi day is celebrated every year on 14 September. On September 14, 1949, the Constituent Assembly decided with one vote that Hindi will be the official language of India.

To propose the importance of this important decision and to propagate Hindi in every field, on the request of Rashtrabhasha Prachar Samiti, Wardha, on September 14, India is celebrated as Hindi Day every year since 1953.

There is also a fact that 14 September 1949 was the 50th birthday of Rajendra Sinha, a pioneer of Hindi, who struggled for a long time to make Hindi the national language.

Hindi Department, Guru Nanak College (Autonomous), celebrated this day with Fun and Creative games for the College Faculties and Students. 'Maatra Mahabharat', 'Chitra Kosh', 'Ratta Maar' were the games enthusiastically played by teachers and students.

The higher authorities of the college also participated and enjoyed the session. The fun competition had teachers competing for prizes. The activity was appreciated as a step to promote and celebrate the national language.

Mr. Sathish Subramani addressed about the knowledge representation, and the second is knowledge manipulation. Within the intersection of these two issues lies mechanized intelligence. This knowledge combines precision and computational power with pure logic, to solve problems and reduce error in operation. Then he highlighted that the potential applications of computer games.

The feedback of the participants confirmed that the seminar was very much appreciated. The students got benefited and understood the various app development processes and also the notion of refinement of career opportunity.
