Report

The Department of BCA has organized the TALENT HUNT EVENTS for the students of Ist year in the academic year 2021-2022 on 28-10-2021. The program started with Prayer followed by Welcome speech and Introduction about the events by Mrs.K. Raviya (HOD In-Charge, BCA Department). During this event, various technical and non-technical events were conducted. Students can choose their competition based on their interests, abilities, and capacities.

The main objective of conducting "TALENT HUNT" always strives to nurture the inherent potential that each and every student has. This event is a platform to students to represent their talents in any field. It not only helps the participating students to show their abilities but also motivates other students, to come up front and show their hidden potential. Students' cultural and intellectual qualities are identified here by enhancing their abilities. Students enhance their ability to function as a team, increasing their self-confidence when dealing with their peers. This level of performance will establish their abilities, which will then be transformed into academic brilliance.

Technical programmes such as Quiz, Paper-Presentation, Debugging, Blind Typing assist students in better time management, confidence building, and career preparation. Students benefit from non-technical classes such as JAM (Just a Minute), Theatre Event, photography, Debate. It aids in energy channeling, improves social growth, promotes emotional well-being, makes people more responsible, and soothes the mind.

At the end of the event, Mrs.K. Raviya (HOD In-Charge, BCA Department) welcomes the gathering with a speech and winners were announced. The event ended smoothly with vote of thanks by Mrs.I. Preethi. Overall the function was held in a great success.
