PREAMBLE

E-Governance in the field of the educational sector helps to enhance good governance. It helps to transform the manual process into fully automate, more accessible, user – friendly and easily retrievable format. Guru Nanak College (Autonomous), with its motto “Pro Bono Publico” which means “For the Benefit of All”, always aims at providing a quality education to all sections of student community. To provide a quality education in a competitive academic and administrative environment, an effective governance should be achieved. Keeping in view of this, the management has established a full-fledged in-house Integrated Management System (GNC IMS), to integrate all frameworks into a single system and to make documentation and processing of information automated. The modules are designed by an in-house team in an intricate, dynamic and customizable format and ensures security features. The establishment of e-governance in the institution helps in effective planning and development at all levels of organization and also helps the management in decision-making and helps the institute to adopt to the changing trends in technology. The central repository center helps in strengthening Internal Quality Assurance Cell (IQAC) and support the institute in Accreditation and Ranking Process.

VISION

To facilitate the system of governance towards the holistic development of the institute through adoption of technologies

MISSION

- To develop new modules and ideas for efficient e-governance in the areas of Academic, Administrative, Research and Extension arenas
- To ensure transparency, accuracy, validation and end to end automation process in different areas for effective decision-making

OBJECTIVES

An Integrated Management System (IMS) integrates our systems and processes into one complete framework, enabling GNC to work as a single unit with unified objectives.

- To make GNC Campus into GNC E-Campus
- To establish a “Paperless Campus (Green Campus)”
- To build “One Campus - One Database” using Cloud Backup
- To provide accurate data to all stakeholders
- To help the management in decision-making towards quality enhancement of the institute
- To implement the project in higher education systems for effective governance (as per the policies)
- To ensure transparency in the system and reduce manpower
- To make the institution reach globally
- To develop comprehensive e-governance framework and models in the challenging areas of the higher education system
